Queens University of Charlotte

Queens University of Charlotte is a diversified, co-educational, private, student-centered liberal arts university affiliated with the Presbyterian Church. There are three units of the University which serve the diverse needs of a variety of students. The College of Arts and Sciences offers traditional liberal arts majors, a unique interdisciplinary core program, an international experience, and career preparation through a required internship for a residential student body which is largely drawn from the eastern seaboard. The Hayworth College offers undergraduate and graduate courses of study to a primarily adult student body drawn from the Charlotte area. The McColl Graduate School of Business offers business programs in both undergraduate colleges as well as graduate business programs (MBA and EMBA). In all of its educational programs, Queens emphasizes active learning, close student-teacher relationships, and connection between the work of the classroom and the world of work, using the greater Charlotte area for experiential learning.

The College of Arts and Sciences operates under the semester system; Hayworth College and the McColl Graduate School of Business operate on a trimester system. This Catalog describes the programs of the College of Arts and Sciences. Separate Catalogs describe the Hayworth College and the McColl Graduate School of Business programs.

Accreditation

Queens University of Charlotte is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097; phone number 404-679-4501) to award the following degrees:

- Associate in Science
- Bachelor of Arts
- Bachelor of Music
- Bachelor of Science
- Bachelor of Science in Nursing
- Master of Arts
- Master of Arts in Teaching
- Master of Business Administration
- Master of Education
- Master of Fine Arts
- Master of Science in Nursing

The National Association of Schools of Music and the National Association of Music Therapy have accredited the college's programs in music. The National Council for Accreditation of Teacher Education (NCATE) and the North Carolina Department of Public Instruction have fully accredited the education program. The nursing program is ap-proved by the North Carolina State Board of Nursing and accredited by the Commission on Collegiate Nursing Education (CCNE). The business programs in the McColl School of Business are nationally accredited by the Association of Collegiate Business Schools and Programs (ACBSP). Queens is also approved for veteran education.

Mission Statement

Queens University of Charlotte, private and Presbyterian, educates students for noble lives, productive careers, and responsible citizenship, all within a changing global community.

Queens seeks national preeminence as a student-centered university that enhances the traditional liberal arts with career preparation to provide an education that is both intellectually challenging and practical.

To fulfill its mission, Queens provides its students with opportunities to develop:

- a personal philosophy of life reflecting high ethical standards and spiritual values, commitment to service, and a recognition of the intrinsic worth of all individuals.
- an ability to think clearly and independently, to make critical judgements in a variety of changing contexts, and to communicate effectively in writing and speaking.
- a basic knowledge of the academic disciplines and their interrelationships, and a special competence in one or more areas of study in preparation for professional activity or graduate study.
- appropriate knowledge and abilities to work creatively with others, to adapt to change, and to be responsible citizens and leaders in their communities.
- an understanding and appreciation of culture, including an informed respect for the differences among cultures, and an understanding of the global nature of our society.

History of Queens

Queens University of Charlotte was founded in 1857 as the Charlotte Female Institute, located at College and 9th Streets near the center of the city. From 1891-1896, it was called the Seminary for Girls. In 1896, the Concord and Mecklenburg Presbyteries chartered the Presbyterian Female College. The Seminary for Girls merged with this new college. In 1912, anticipating the move to the present campus in the Myers Park residential area, it became Queens College.

In 1930, Queens became related to the Presbyterian Synod of South Carolina through a merger with Chicora College in Columbia, S.C. The motto from Chicora College, Non ministrari sed ministrare - "Not to be served but to serve" - became the new Queens College motto.

In the aftermath of World War II, Queens admitted its first male students in a non-residential status. In addition, a co-educational Evening College was established in 1948 that provided instruction for adults. It was the forerunner of the New College, which was inaugurated in 1979 as an undergraduate evening program designed for working adults. In 1995, New College was renamed the Pauline Lewis Hayworth College.

In 1979, the traditional undergraduate liberal arts college at Queens was

renamed the College of Arts and Sciences (CAS). It began admitting resident males in 1987 when Queens went co-ed. In 1989, CAS adopted the innovative Foundations of Liberal Learning program, which is now known as the Core Program in Liberal Arts.

The International Experience Program, now known as the John Belk International Program, was established in 1989. The Hugh L. McColl Jr. School of Business was established in 1993, now known as the McColl Graduate School of Business, to unify and strengthen the college's programs in accounting and business administration. In 1996, Queens nationally recognized Internship and Career Development Program began requiring a minimum of six credit hours for all students enrolled in the College of Arts & Sciences.

In the summer of 2001, Queens leased space on the upper level of Morrison Hall to provide Charlotte with an extension campus for Union Theological Seminary and Presbyterian School of Christian Education. Based in Richmond, Va., Union-PSCE is a theological institution of the Presbyterian Church (U.S.A.). It prepares men and women for ministry as pastors, Christian educators, chaplains, missionaries and in many other roles. The first class, named the 'Genesis Class,' began in February 2002. Queens' first master's degree program, the Master of Business Administration, began in 1980. Since then, Queens has added the Master of Education (1983); the Master of Arts in Teaching (1992); the Master of Science in Nursing (1998); the Master of Arts in Organizational Communication (1999); and the Low-Residency Master of Fine Arts in Creative Writing (2001). The M.Ed. received a new focus in Literacy in 2003. With the additional master's degree programs, Queens realized a university level rank in the Carnegie Foundation for the Advancement of Teaching and the U.S. News & World Report.

Because of these rankings, and after intensive study, discussion and market research, the Board of Trustees voted in the Spring of 2002 to recognize Queens' university status and, consequently, to change the institutional name from "Queens College of Charlotte" to "Queens University of Charlotte." This act officially changed the status of Queens on June 1, 2002, to reflect the true nature of the institution as a university. At the same time, we maintain the rich history of the institution by retaining the name Queens.

Continuing to grow as a leading university in the Southeast and committed to being a community asset, Queens joined with Presbyterian Hospital to successfully address a regional and national nursing shortage trend. In the Summer of 2004, Presbyterian Hospital announced that it would transfer its school of nursing to Queens thus creating the Presbyterian School of Nursing at Queens University of Charlotte. The school offers associate's, bachelor's and master's degrees in nursing and is now the largest of five nursing schools in Mecklenburg County.

College of Arts & Sciences

Of all the elements that combine to make the College of Arts and Sciences distinctive, three in particular deserve special mention:

- Queens' nationally recognized **Core Program in the Liberal Arts** introduces students to the important questions in life. It is specifically designed to help students develop the skills of analytical thinking and reasoning. To emphasize the interconnectedness of all knowledge, the Core Program takes an interdisciplinary approach and utilizes team-teaching techniques.
- Through the generosity of the Belk Foundation, **The John Belk International Program** provides all students in the College of Arts & Sciences the opportunity to have an international experience as a part of their comprehensive academic program. The goal of this nationally unique program is to encourage students to broaden their perspective through the international experience. Normally, students participate in this program in the summer following their junior year. Through three and four-week study tours, four and five-week language programs, a special month-long environmental studies program in Yap in Micronesia, summer-long foreign internships, and semester-long study abroad exchanges in Hong Kong and Ireland, the Belk Program offers students valuable exposure to the expanding global community and unique educational experiences. The study tours, planned and arranged by the Belk Program Office and led by Queens faculty, include orientation classes to prepare students for experiencing another culture. For most of its international experiences, the Belk Program covers most of the basic costs so that students may participate at relatively slight additional cost to themselves.
- **The Internship Program** significantly benefits students as they prepare to be productive citizens. Queens is a leader of liberal arts universities offering practical experience through internships. College of Arts and Sciences students earn six hours of internship credit as a degree requirement for the bachelor's degree. The College emphasizes internships in its curriculum because of their unique ability to provide students an opportunity to realistically explore the world of work, integrate classroom knowledge, gain marketable skills, and develop professional networks for entry into graduate school or employment. Internships are coordinated by the director of internships and supervised by a faculty internship instructor and an employer supervisor. Student interns are required to complete specific learning tasks on the job as well as career development assignments such as a performance review, informational interview and professional development seminar attendance, plus résumé, cover letter and memo writing. Internships enhance a student's qualifications for graduate school and the work place.

Many other special opportunities exist for College of Arts & Sciences students:

Charlotte Area Educational Consortium Queens is one of 26 member institutions of the Charlotte Area Educational Consortium. Other members include Belmont Abbey College, Central Piedmont Community College, Davidson College, Gaston College, Johnson C. Smith University, Pfeiffer University-Charlotte, Stanly Community College, the University of North Carolina at Charlotte, Wingate University, Winthrop University and York Technical College. Full-time, degree-seeking students at consortium institutions may register for any course at another institution in the group on a space-available basis without additional charge.

Consortium-sponsored conferences and programs are offered periodically for faculty and students at all member institutions.

Government Internship Program College of Arts and Sciences students may choose to participate in a government internship program that provides an understanding of practical politics as well as an introduction to government employment. The Queens program is based upon cooperation with existing programs with local, state or federal government institutions. Some of the internship opportunities involve stipends that may be used to defray the costs of the internship to the students.

The Washington Center College of Arts and Sciences students may apply for Washington internships through the Washington Center. These internships give students opportunities to explore a variety of public oriented careers and professions. Within the framework of liberal arts studies, they enable students to combine a work and learning experience for academic credit.

Washington Semester at American University Through a cooperative arrangement with American University, two College of Arts and Sciences students annually may spend one term in Washington, D.C., studying American government. The study is carried out through a seminar of the student's own choosing, an individual research project and regular courses at American University. Applicants must have completed Political Science 201 and have a gradepoint average of 2.60 or higher. An additional tuition supplement may be required. Application should be made through the Department of Political Science. For further information, contact the Office of the Registrar.

Records of Progress The college maintains records of progress on both veteran and non-veteran students. Progress records are furnished to all students at the end of each scheduled academic term.

The Campus

Queens University of Charlotte is located on a wooded campus in the Myers Park area of Charlotte. Its Georgian buildings, many of them constructed in 1914 when the University was moved to this site, have been extensively remodeled. The architectural motif of red brick with white trim has been incorporated in the more modern buildings. Principal buildings include the following:

Burwell Hall (1914), the focal point of the campus, faces Selwyn Avenue. In addition to the admissions and administrative offices, the building houses the McInnes Parlors which provide a spacious reception area for guests and social events. Robert Burwell served as president of the Charlotte Female Institute from 1857 to 1872, and his wife, Margaret Anna Burwell, was a teacher and principal.

Belk Chapel (1950) was a gift to Queens by the families and associates of William Henry Belk and Dr. John M. Belk, in their honor. Greek revival in architecture, it is equipped with a 39-rank organ and seats 750. It is used for chapel and for other religious services and meetings. The Belk families have been loyal and generous supporters of the University.

Trexler Student Center (1993) honors long-time Queens trustee Charles B. Trexler and his children. Designed to be the "living room" of the university, the Trexler Center is located at the geographic center of the campus. It offers a living room, the Queens bookstore, the Jazzman's Café and a private dining facility – The Claudia Belk Dining Room. A stairway connects the Trexler Center with student activities offices and the Service Center on the lower level of Morrison Hall.

Morrison Hall (1927) has three levels. The lower level includes the copy/mail center, student activities offices and a ceramics studio. The Frances Thompson Young Dining Hall, which was completely renovated in 1999, is located on the second level. The Charlotte extension of Union Theological Seminary and Presbyterian School of Christian Education is located on the upper level of Morrison Hall.

E.H. Little Fine Arts Center (1966) contains the Charles A. Dana Auditorium, which seats 1,000 for concerts, recitals, plays and lectures. The center also contains the Suzanne Trezevant Little Recital Hall, an exhibition gallery, studios, practice rooms, classrooms for music and drama, and music offices that include a library of music, miniature scores and recordings. Major donors of this facility were prominent philanthropists E.H. Little and Charles A. Dana.

Jernigan Building (1914) houses classrooms, the Business Office, the Registrar's Office, Student Financial Services Office, the student bank and the Office of Student Life. Dr. Charlton Coney Jernigan was president of Queens from1951-53.

John H. Sykes Learning Center (2000) is named in honor of Mr. John H. Sykes, a member of the Board of Trustees and a generous benefactor of the University. The building is home to the McColl School of Business and is used by the entire campus for classroom, meeting and event space. The building contains the 214-seat Accenture Auditorium, 8 classrooms, 8 meeting rooms, 8 faculty offices and a student lounge.

Dana Building (1961) honors Charles A. Dana, a generous benefactor of Queens University of Charlotte. The Dana Building contains classrooms, the DeWitt Computer Classroom and faculty offices.

McEwen Hall (1914) was renovated in 1989. The building, named for the late Dr. Mildred Morse McEwen, alumna and professor emeritus of chemistry, includes classrooms, faculty offices, and the John Belk International Program Office.

Residence Halls

Ovens Athletic Center (1954) includes a large gymnasium, classrooms, a dance studio, a weight room and a swimming pool. Extensive renovation and remodeling took place in 1989 with the expansion of Queens' athletic programs. David Ovens, business executive and merchant, was a Queens trustee and benefactor.

Walker Science Building (1966) contains laboratories, classrooms, faculty offices and research facilities for biology, chemistry, physics and mathematics. It also houses Queens' Computing Services Center. The building was named for Dr. Edwin R. Walker, a former president of the University.

Watkins Hall (1914) houses the art department and exhibition galleries. It is named for Miss Mildred C. Watkins, member of the faculty from 1895-1909.

The Student Health & Wellness Center (1958) provides seven hospital beds and rooms for consultations and treatment. It was a gift of Thomas M. Belk and his wife, Katherine McKay Belk, honoring Dr. John R. Irwin, Dr. Henderson Irwin and Dr. Hamilton W. McKay.

Residence Halls

Albright Residence Hall (1964) is named in honor of Miss Thelma Albright, former dean of students and a long-time faculty member at Queens.

The William H. Barnhardt Center (1965) a residence hall facility, honors Mr. and Mrs. William H. Barnhardt. Mr. Barnhardt, a prominent and devoted supporter of the University, was a member of the Board of Trustees.

Belk Residence Hall (1954) honors the late Mrs. William Henry Belk, alumna, trustee and benefactor. The hall was a gift to Queens from Mrs. Belk's sons and daughter.

Hayes Residence Hall (1914) is named for Queens alumna and Board Trustee Mariam Cannon Hayes '37. The Lily Long Lobby in Hayes Hall is named for Miss Lily W. Long, who served the University for half a century and was president from 1891 to 1899.

South Residence Hall (2001) is Queens' newest and largest residence hall. The Queens Fitness Center is located on the lower level of South and includes 8,000 square feet of state-of-the-art cardiovascular and strength training equipment and a 2,500 square foot aerobics/dance studio.

Wallace Residence Hall (1962) honors Mr. and Mrs. J.M. Wallace and family. Mrs. Wallace was an alumna, and J. Mason Wallace Jr. was a trustee. The Common Grounds Coffeehouse is located on the first floor of Wallace and is a student-run coffeehouse that serves up a variety of specialty drinks for budget prices.

Other buildings immediately adjacent to the campus include Harris House, the home of Continuing Education, and Withers House.

Other buildings on the campus are named for Dr. Elizabeth H. Blair, former dean of instruction; Mr. and Mrs. W. Z. Stultz, donors; and Miss Laura A. Tillett, professor emeritus of English. These buildings are used for administrative and instructional purposes.

Everett Library

Everett Library

Everett Library (1960), located at the center of the campus, was built through the generosity of Herschel Hill Everett, chairman of the Board of Trustees from 1952 to 1967, and his wife, Cornelia Nisbett Everett. A new Georgian-style façade was constructed in 2000, thanks to a gift from Mr. John H. Sykes, a member of the Board of Trustees, and named for his wife, Susan W. Sykes.

The library collection - the core of the academic community - is designed to support all programs of the university. More than 164,000 books and bound periodicals are available in open stacks for student use.

In addition, the library currently subscribes to over 450 periodicals in print and several thousand full-text periodicals available electronically through the library's participation in NC-Live database program. Everett Library also subscribes to individual electronic databases increasingly every year. The library maintains an active periodical microfiche collection.

The book collection, which grows at a rate of 2,000 volumes a year, receives additional support from endowments, such as the one established by the Friends of the Library. The library's online SIRSI catalog and NC-Live databases are available through the campus network. The library offers additional services such as bibliographic instruction, academic reserves, interlibrary loan, reference assistance, Internet access, wordprocessing equipment and free internet printing for Queens students, faculty and staff. Alumni, Friends of the Library, Union-PSCE students and ministers of the supporting presbyteries have access to selected library services.

Everett Library offers an information commons for student and faculty research. A complete language lab is available to students for research and preparing classroom assignments. Three group study rooms offer students opportunities for collaborative learning through group study. Everett Library also offers 24 hour access through its website, www.queens.edu/library.

A satellite campus of the **Union Theological Seminary and Presbyterian School of Christian Education** was established at Queens University of Charlotte in 2001. Everett Library supports these students with over 10,000 books, periodicals and electronic databases. This collection is located on the second floor of the library. The second floor **Special Collections Room**, named for Queens' first librarian, Rena Harrell, houses Charlotte imprints, books on the history of Mecklenburg County and North Carolina author titles.

On the lower level is the **Curriculum Resource Center**, which houses the Education Division's collection of state-adopted textbooks and other materials for classroom use. Also located on the lower level is the **Archives Center** established to preserve materials relating to the history of Queens University of Charlotte. A reading room for patrons to do historical research is available by appointment.

Everett Library has been enriched by its Friends of the Library organization. Founded in 1971, this 700+ members community group hosts an annual "book-and-author" event; contributes significantly to the interior decor of the building; funds the popular Browsing Collection; raises funds for the library with an annual book sale; and several members volunteer their time for a variety of special library projects.

Information Technology Services

Information Technology Services for both academic and administrative users is coordinated by the staff of the Queens IT Services Department, which is located in the lower level of Walker Science Building. IT Services houses and maintains file & print servers, application servers and other network hardware and software to support the academic and administrative mission of the University. Services such as e-mail, internet access and computer hardware and software components are among the many supported by this department. The campus network environment is comprised of a switched fiber-optic backbone which feeds LAN switches in each building. Multiple T-1 lines provide connectivity to the global Internet. Networked computing capabilities are provided to classrooms, dorms and administrative offices including the University's library and Telecounseling Center.

Faculty members, administrators and staff are supplied with computers running software appropriate to their needs. Some applications are run locally while others are accessed through the campus network. Students may receive free Queens email accounts through the IT Services Department. Open use student access to computing resources is provided through the facilities below:

Student Records

Public Records (Directory Information) The following information on individual students is considered Directory Information and is public: full name, local address, home address, telephone number, email address, date of birth, major field of study, dates of attendance at Queens University of Charlotte, class year, degrees, honors and awards received, participation in officially recognized University activities and student organizations, parents' names, class schedules, and religious affiliation. This public information may be released or published without the student's consent. However, it is the policy of Queens University of Charlotte to refuse to release information to private firms or mailing lists.

Directory Hold Students who do not wish this information made public may inform the Registrar's Office, requesting a "Directory Hold" in writing, within 10 days after registration each term. The Registrar will notify other University offices of such requests. Students should understand that if they withhold directory information, it will not be released to anyone unless the health or safety of an individual is involved. Requests for student data from agencies such as HEW, OEO, and research agencies may be honored without prior approval of the student, ordinarily in anonymous form.

Confidential Records All personally identifiable material on particular students used to make decisions about students or used for transmittal to others outside the University and which is other than public material, as defined above, is considered confidential. Confidential information includes, but is not limited to, the following items: academic evaluations, advising records, disciplinary records, financial aid records, letters of recommendation, medical or health records, clinical counseling records, transcripts, test scores, and other academic work.

Official Records Official records are released only with the written permission of the student. Official records include material on students relating to their status as students held by any office of the University and intended for the use of the University or available to parties outside the University.

Official records do not include the following: letters of recommendation for which the student has waived the right of access, public safety records, medical and clinical counseling records, financial records of parents, private records kept by individual faculty or administrators as aids to memory but not intended for transmittal to others.

Access to Official Records Queens University of Charlotte, in accordance with the Family Educational Rights and Privacy Act of 1974, also known as the Buckley Amendment, permits students to inspect their records whenever appropriate and to challenge specific parts of them as necessary. Each enrolled or former student of Queens University of Charlotte has the right to inspect and review official educational records or files of the college directly relating to that student. (Note: Files on individual students are retained for five years after the student leaves the University. Only the Queens transcript is kept indefinitely.)

Student access to official educational records or files directly relating to the student is provided in the presence of a staff member. The right to access does not extend to applicants, those denied admission, or those admitted who do not enroll. Offices may require that requests for access be

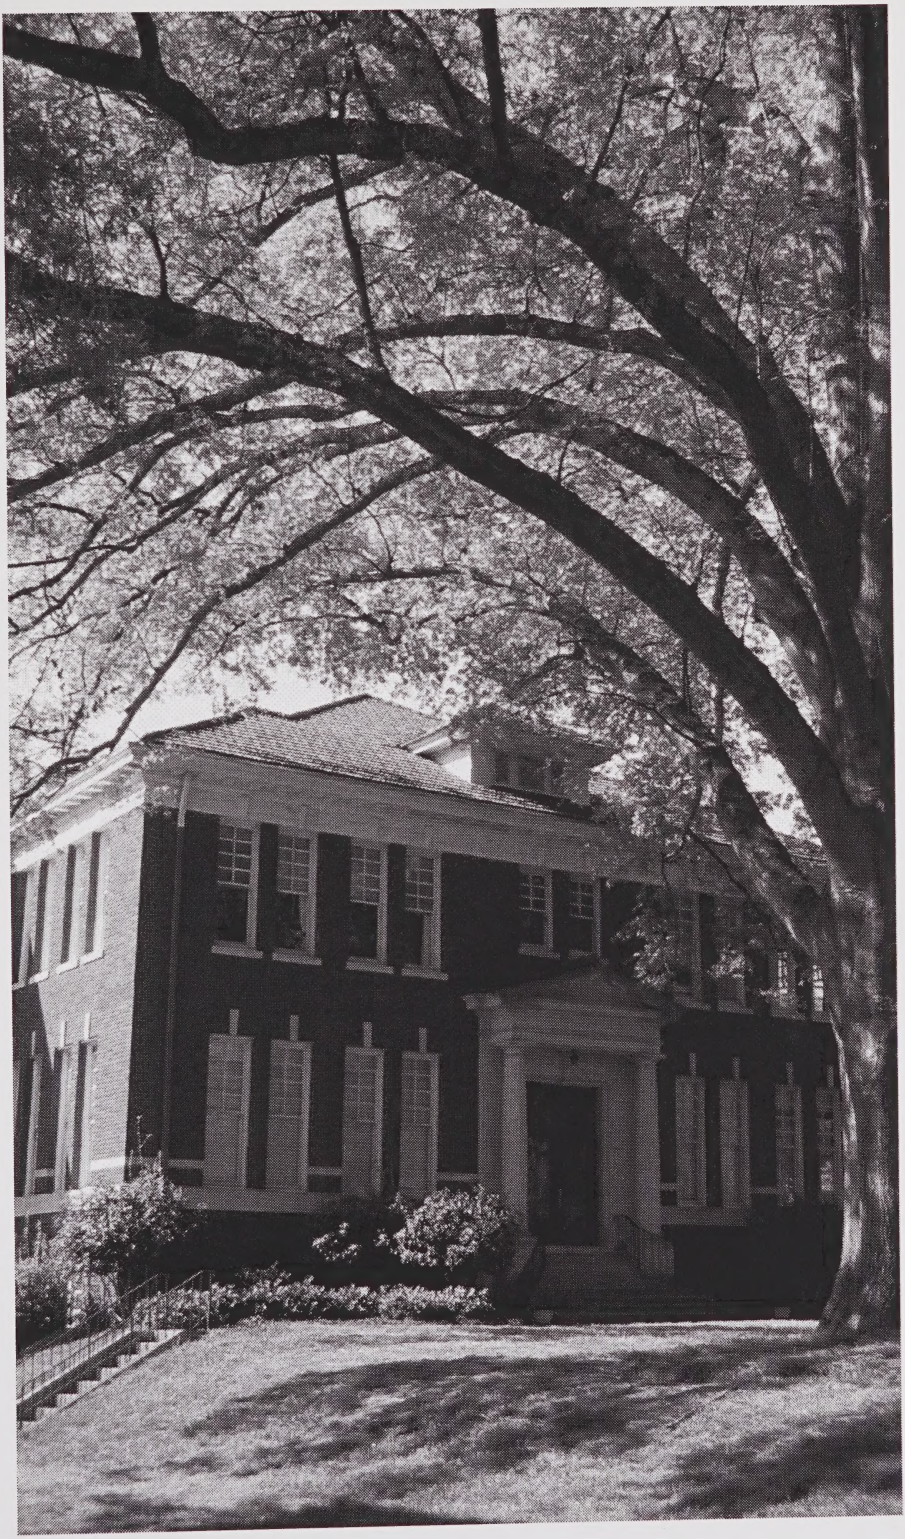
submitted in writing and may ask for, but not require, the reason for the request. A copy of a student's transcript and/or other recorded data will be made available to University officials who show legitimate educational needs without written permission of the student. Records will be kept in offices whose functions require such information.

A student is entitled to an explanation of relevant information contained in official records. The student has the right to a hearing to challenge the content of an official record to ensure that it does not contain information which is inaccurate, misleading, or in violation of privacy or other rights, and to correct or delete inaccurate, misleading, or inappropriate material.

Queens University of Charlotte recognizes that the Family Educational Rights and Privacy Act of 1974, as amended, does not intend to exclude release of information regarding dependent students' academic progress/grades to their parent or guardian if such information is requested. Queens also recognizes the student's right to specify that information regarding academic progress/grades not be released to parent/guardian. Written notification must be made to the Registrar.

Records of Progress The University maintains records of progress on both veteran and non-veteran students. Progress records are furnished to all students at the end of each scheduled academic term.

Record of Immunization Students enrolled in more than four credit hours and who are taking any classes which begin before 4 p.m. Monday through Friday, are required to provide valid documentation of immunizations to be compliant with North Carolina state law. Forms for this purpose are available from and are kept on file in the Student Health & Wellness Center.



Student Life

Queens University of Charlotte realizes that, as important as academic activities are, much of a student's education occurs outside the classroom. Day-to-day living experiences and campus activities are valuable components of a well-rounded education. Through group participation and interaction, students come to know themselves as individuals, to realize their opportunities and to be creative members of the University community. To stimulate this process, the University encourages student initiative and responsibility through student government, the honor system and a variety of student organizations and activities.

Honor Code

Queens University of Charlotte is firmly committed to principles of honor and prides itself on the spirit of trust that exists among all of its members. At the very heart of Queens University of Charlotte is the Honor Code. The Honor Code is based on the principle that a spirit of trust should pervade all aspects of student life. Its essence is that any violation of the Honor Code is an offense against the community.

The Honor Code at Queens University of Charlotte is the keystone of the University's belief that its students should act honorably and responsibly in all aspects of life, both on- and off-campus. The Honor Code incorporates the high principles of honor and integrity in both personal conduct and academic work. The purpose of the Honor Code is to assist in the development of mature women and men who act responsibly at all times and to promote a community based on the principles of responsible citizenship, mutual trust and respect. The Honor Code is binding on all members of the University community and applies to all phases of life at the University.

An effective Honor Code depends upon each student adhering to the spirit and letter of its principles. It demands accountability on the part of each student for his or her actions. Queens students are responsible for their personal conduct at all times and shall be subject to review, including possible suspension, for behavior that discredits themselves or the University.

As a commitment to this system of honor, students are asked to sign the Honor Code as part of their application for admission. The Honor Code incorporates two different pledges of student conduct: the academic pledge and the community pledge. In addition, it embodies the individual's commitment to developing a community of honor, including taking action against those who violate the Code:

As a member of the Queens community, I will endeavor to create a spirit of integrity and honor for its own sake at Queens University of Charlotte.

Academic Pledge: I pledge truthfulness and absolute honesty in the performance of all academic work.

Community Pledge: I pledge to be truthful at all times, to treat others with respect, to respect the property of others and to adhere to University policies.

Accepting both the privileges and responsibilities of living by this code of honor, I resolve to uphold this code and not to tolerate any violations of its spirit or principles.

Student Government Association: Queens students govern themselves through the Student Government Association (SGA), which is divided into three branches: the Senate, the Campus Union Board and the Judicial Branch.

1. The **Senate** consists of student representatives from each class. It oversees the operation of all student organizations on campus, supervises the disbursement of funds to each student organization and handles student concerns regarding campus matters and policies.
2. The **Campus Union Board (CUB)** is composed of committees which collectively plan programs to enhance the social, recreational, cultural, religious and educational experience at Queens. Several committees carry out the work of the CUB including the following:
   - The **Coffee House Committee** plans programs and events with Common Grounds coffeehouse.
   - The **Cultural Events Committee** organizes diverse and innovative programs for the campus and strives to improve cultural awareness on campus.
   - The **Recreation Committee** plans recreational activities including intramural games, trips to local museums and zoos, and Midnight on Ice.
   - The **Religious Life Committee** promotes activities to help increase religious activity and awareness on campus. Events include retreats, Oxfam and Moravian Love Feast.
   - The **Social Committee** sponsors concerts, comedians, movies and dance parties for the campus.
   - The **Special Events Committee** plans two end-of-the-semester events each year: Casino Night in December and Spring Carnival in April.
3. The **Judicial Branch** is charged with adjudicating violations of the Queens University of Charlotte Honor Code. Alleged violations of the Academic Policies of the Honor Code are addressed by the **Honor Council** and the Dean of the College of Arts and Sciences (or his/her designee). Alleged violations of the Community Policies of the Honor Code are addressed by the **Campus Judicial Board** and the Dean of Students Office (or his/her designee). In certain cases, alleged violations of the Academic and/or Community Policies are addressed by an Administrative Hearing Panel. In addition, an Appeals Board automatically reviews all cases involving suspension, expulsion or dimissal. Other requests for appeals can be made if the student believes:

   a) There was an error in procedural due process by the body of original jurisdiction that prejudiced the disciplined student to the extent that the student was denied a fundamentally fair hearing as a result of that error.

   b) There is an emergence of new evidence that could not have been previously discovered by the exercise of due diligence and that, had it been presented at the initial hearing, would have substantially affected the original decision of the adjudicating body.

Student Life

Student Organizations Student organizations provide Queens students with many opportunities to develop self-confidence, leadership skills and a sense of social responsibility. At the beginning of each semester, organizations have an opportunity to recruit members of the student body. Students are able to meet members of the group and find out more information. There are more than 30 active student groups, representing community service, political, social, scholarly and religious interests.

Greek Organizations Queens has a vibrant Greek community with four national sororities and one national and one local fraternity.

- Alpha Delta Pi
- Chi Omega
- Kappa Alpha Order
- Kappa Delta
- Phi Mu
- Pi Kappa Phi

Greek organizations offer an opportunity to enhance the college experience in a unique environment. Fraternities and sororities promote scholarship, provide leadership opportunities, build lasting friendships, encourage community service and philanthropy work, and allow for athletic and social opportunities. Commitment to personal and organizational excellence is the cornerstone of the Queens Greek experience. Greek membership provides a valuable opportunity for personal, intellectual and social development.

Publications The *Chronicle*, the student newspaper, is published regularly to keep the University informed of campus events and news, and to serve as a forum for an exchange of ideas among students, faculty and administrators. *Signet*, the University literary magazine, is published once a year, showcasing the creative writing and artistic talents of the Queens community.

Campus Religious Life Queens University of Charlotte provides a climate conducive to the growth and nourishment of lasting religious values. Students are given opportunities to develop their own religious beliefs by voluntarily taking part in regular campus chapel services, fellowship groups and retreats.The University chaplain is available to all members of the Queens community as they seek spiritual understanding and growth.

Athletics As an NCAA Division II affiliate, Queens seeks highly skilled and competitive student-athletes and offers athletic scholarship packages in 14 sports. Women's teams compete in basketball, cross-country, golf, softball, soccer, lacrosse, tennis and volleyball events, while the men field teams in basketball, cross-country, golf, soccer, lacrosse, and tennis. Queens athletes compete in the Carolinas-Virginia Athletic Conference (CVAC), a 12-member NCAA Division II league which combines institutions from North Carolina, South Carolina and Virginia.

Recreation and Intramurals Queens offers a varied recreation program that permits students to take part in a wide range of sports and activities. The Queens Outdoor Education program offers great opportunities for students to challenge themselves on adventurous trips and day programs. The Intramural programs offer a wide range of sports and activities for the entire student body.

Ovens Gymnasium houses a large gym, a dance studio and a swimming pool. In addition, there are six tennis courts, three of which are lighted. The physical education department makes these facilities available to students on a regular basis through recreation nights and free-swim periods. South Residence Hall houses an 8000-square-foot fitness center that is open to the Queens community. Full-time students are granted free membership during the academic year.

Student Services

Housing and Residence Life Queens views on-campus living as an integral part of the educational experience. There are six residence halls on campus, each with its own distinctive style. They range in size from 70 to 227 students and in type of accommodations from traditional double rooms to suites. There are a limited number of single rooms available to upperclass students.

All first-year students are required to live on campus, unless they are living at home and commuting to campus. All first-year students are asked to complete roommate matching surveys and are assigned to rooms and roommates by the Office of Residence Life based on those surveys. Returning students choose their rooms in an order determined by lottery. In order to be eligible for returning student room selection, students must have a room damage deposit on file with the Office of Student Financial Services, and have a housing contract on file with the Office of Residence Life. The deposit deadline is announced each year prior to the room selection process. The residence halls are staffed with full-time professional staff members who live in the halls. In addition, there are para-professional student staff members (RAs) assigned to each floor in each residence hall.

The Academic Resource Center (ARC), offers a variety of tools to assist students in improving their academic skills and in helping them achieve their academic goals. Located in McEwen 113, ARC provides services like individual peer centered tutoring, academic advising and coordination, CORE group reviews, workshops and the Writing Center. ARC is staffed with student tutors and faculty members and is free for all Queens students. For additional information please contact the Coordinator of Academic Resources at 704-337-2544.

International students Queens University of Charlotte welcomes students from a variety of foreign countries and works to make their stay rewarding and productive. The Admissions Office can provide special information about language proficiency requirements, financial aid and housing. The College of Arts & Sciences Dean's Office assists international students with immigration forms.

Counseling services Queens has professional counseling services available to students for personal counseling, ongoing growth or community referrals. The Counseling Center is located in the Health & Wellness Center and appointments may be made by calling 704 337-2556. Counseling is confidential and there is no fee for short term therapy (approximately 10 sessions).

Many other trained professionals are available on the Queens staff. Student Life staff members, including the Resident Coordinators and Resident Assistants, are given training in the rudiments of peer counseling and helping with referrals.

Referrals to off-campus psychologists and psychiatrists may be made by the counseling center staff when necessary. The cost of all off-campus therapy is the responsibility of the individual student.

If a student demonstrates that he or she is potentially harmful to himself or herself or to others, appropriate action will be taken. The student will be required to undergo a psychiatric evaluation and the appropriateness of continued residence on campus will be assessed. Personnel in the University counseling center will help the student and the student's family work out a suitable plan for assessment and treatment. The student may not return to the University until an acceptable treatment plan is in place. The student may be withdrawn from the institution, dependent upon the outcome of the psychiatric evaluation and the recommendations of the counseling center and Student Life. Counseling center and Student Life personnel are responsible for assessing the student's readiness to return to campus after reviewing the treatment summary and follow-up recommendations. Queens is dedicated to providing students positive learning experiences, without any jeopardy to their ongoing mental well-being.

Health services All full-time degree candidates enrolled in the University are entitled to the services of the student Health and Wellness Center during the terms in which they are enrolled.

There is a specific procedure for medical coverage when the Health & Wellness Center is closed. Following these guidelines helps maintain continuity of care and increases cost effectiveness of medical care for students.

In case of an emergency during normal hours of operation, students should contact the Health & Wellness Center. If an emergency occurs outside of these hours, students who live on campus should contact a member of the Queens Residence Life staff or campus police to facilitate appropriate assistance.

Medical care obtained off campus, including emergency room visits, lab charges and prescription medication, is the responsibility of the individual student. A health insurance plan is available through the University. Information regarding this plan is sent to each student.

Students must submit a completed medical history and physical examination form to the Health & Wellness Center before enrolling at Queens. This form initiates the student's medical file and facilitates preventive medicine.

North Carolina law mandates that all students present valid documentation of having received required immunizations. Students who have not received the specified immunizations will not be permitted to attend classes, nor will they be permitted to remain on campus. Immunizations are available at the Health & Wellness Center, which retains immunization records for 10 years.

Disability services Queens University of Charlotte provides assistance for qualifed students with disabilities based on documentation of the disability and determination of reasonable accommodations.

Queens is committed to providing reasonable accommodations in a timely and appropriate manner for all students with disabilities in accordance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act (ADA) of 1990.

Students requesting modifications in university courses, programs, services, housing, or activities are responsible for providing appropriate documentation of their disability to the Coordinator of Student Disability Services. All documentation provided is kept confidential. For additional information, please contact the Coordinator for Student Disability Services in McEwen 111 at 704 337-2508.

Honor Associations/Awards

Several organizations have been established at Queens to recognize high achievement, both in scholarship and in campus leadership.

Alpha Psi Omega The largest dramatic honor society in the country, Alpha Psi Omega began a chapter at Queens in spring 1994. Membership is based on points accrued by working in either the performing or technical aspects of theater. Work may be done at Queens or in professional community theaters.

Beta Beta Beta The Tau Tau Chapter of the Beta Beta Beta National Honorary Biological Society promotes interest in the biological sciences and keeps students aware of new developments in the field. The chapter is affiliated with the N.C. Academy of Sciences. Membership eligibility is based on academic achievement.

Janusian Order is an honorary organization that was established at Queens in 1937, includes students selected from the sophomore class on the basis of outstanding leadership, citizenship and scholarship exhibited during their freshman year at Queens.

Mortar Board is a national senior honor society. Queens', the 200th chapter, recognizes those students who have demonstrated not only outstanding scholarship but who have made significant contributions as leaders.

Pi Sigma Alpha The goal of this Political Science Honor Society is to stimulate scholarship and interest in the subject of government by providing tangiable recognition to students who have excelled in the field.

Psi Chi is a national honor society whose purpose is to encourage, stimulate and maintain excellence in scholarship of the individual members in all fields, particularly in psychology, and to advance the science of psychology.

Sigma Theta Tau Mu Psi is a chapter of Sigma Theta Tau International, the honor society of nursing founded in 1922. Students who have completed at least half the nursing major and demonstrate superior academic achievement and leadership potential are invited to join.

Student Marshals Students who have achieved academic excellence are selected as Student Marshals each year following fall term on the basis of class rank from a list of eligible degree candidates who are taking a full-time course load. They serve as ushers in academic processions at official University events.

Who's Who Among Students in American Universities and Colleges recognizes noteworthy student leaders on campuses throughout the country and registers them in a national collegiate publication. The students are selected on the basis of scholarship, leadership, citizenship, participation in co-curricular activities and the promise of future contributions to those areas.

In addition to membership in campus honor associations, Queens University of Charlotte recognizes a number of other honors and awards, including the Dean's List, graduation with honors, creative writing awards, various other academic awards, several athletic citations and the Diana Award.

Algernon Sydney Sulivan Award Since 1948, the New York Southern Society has granted to Queens University of Charlotte the privilege of bestowing two Algernon Sydney Sullivan awards each year, one to an outstanding graduate and a second to a member of the community who exemplifies high standards of service.

Mr. Sullivan, a distinguished lawyer and the first president of the Society, had such outstanding qualities of moral courage and personal inspiration that the Society created these awards to honor him and to commend others who might exemplify similar qualities.

Admissions

Queens University of Charlotte admits students regardless of race, creed, age, sex, national and ethnic origin, or handicap to all rights, privileges, programs and activities generally accorded or made available to students at the University. It does not discriminate on the basis of race, creed, age, sex, national or ethnic origin, or handicap in administration of its educational policies, admissions policies, scholarship and loan programs, and athletic and other university-administered programs.

Freshmen Students considering application to Queens should follow a college-preparatory program in an accredited or approved high school. Four units of English, three units of mathematics, two units of history/social studies, two units of science, which must include one laboratory science, and two units of a foreign language are recommended basic preparation.

To be considered for admission, candidates mus provide the Office of Admissions with a completed university application for admission accompanied by a $40 application fee.

The University operates on a rolling admissions basis. Beginning in October of each academic year and bi-weekly thereafter, completed applications are presented to the Admissions Committee for action. Generally, applicants are notified of the University's decision within 30 days of receipt of a completed application.

Accepted applicants are requested to notify the University of their decision to attend as soon as their university plans are firm or by May 1. Students should reserve their place in the incoming class by sending a tuition deposit of $250. This deposit is applied toward tuition for the applicable term and is refundable until May 1.

In evaluating an application, the Admissions Committee considers the applicant's high school record, especially the quality and amount of college-preparatory work; recommendations from the secondary school; scores from the Scholastic Assessment Test (SAT) or The American College Testing Program (ACT); the student's own stated objectives; and community service or co-curricular activities.

SAT and advanced placement test applications and information about testing dates may be obtained from secondary school counselors or from The College Board, Suite 250, 2970 Clairmont Road, Atlanta, GA 30329-1639. The College Board's website is www.collegeboard.com. The College Entrance Examination Board (CEEB) code number for Queens University of Charlotte is 5560.

ACT applications and information about testing dates may also be obtained from secondary school counselors or from ACT Records, P.O. Box 451, Iowa City, Iowa 52240. The ACT code number for Queens University of Charlotte is 3148. The ACT website is www.act.org.

Transfers Queens welcomes transfer students from other accredited colleges and universities. They may apply for admission for fall, spring or summer term. Applicants must ask each institution they have attended to forward two original transcripts to the Queens University of Charlotte Office of Admissions.

Transfer students are expected to have followed the recommended high-school curriculum and to have maintained a minimum 2.000 average on a 4.000 scale in previous college work. For liberal arts and sciences courses completed at other accredited institutions, credit usually will be transferred if the grade earned is C or better. Courses transferred from two-year institutions are classified as either 100- or 200-level courses. Queens University of Charlotte does participate in the comprehensive articulation agreement between the University of North Carolina and the North Carolina Community College System.

International students Queens University of Charlotte welcomes international students. Candidates must provide the Office of Admissions with a completed university application for admission accompanied by the payment of a $40 application fee. Application deadlines for international students are July 1 for fall enrollment and November 1 for spring enrollment. Applicants must ask each institution that they attended to forward their transcripts to the Office of Admissions. Transcripts must be translated into English by an official at the high school or college issuing the transcript. Students transferring from a foreign university must have their transcripts evaluated independetly by a certified transcript evaluation service like World Education Services (www.wes.org). To indicate their intent to enroll, international students who have been accepted to the university are asked to send a non-refundable tuition deposit of $1,000.

It is recommended that international students take the SAT. Any student for whom English is not the first language must satisfactorily complete the Test of English as a Foreign Language (TOEFL) with a minimum score of 550 on the paper version or 213 on the computer version, and have the score sent to the Office of Admissions. Information may be obtained by writing to the TOEFL Program, Educational Testing Service, Box 899, Princeton, N.J. 08541. The TOEFL code number for Queens University of Charlotte is 5560. Registration arrangements should be made at least two months before the testing date. (In lieu of TOEFL scores, Queens University of Charlotte will accept prior to admission successful completion of the ELS Language Centers' English language program.)

International students also are required by the United States Citizenship and Immigration Services to submit a confidential certified financial statement indicating the amount of funds available for their education in the United States.

Adult students Queens welcomes adult students to the College of Arts and Sciences. Adult students are those who are 25 years of age or older at the time of their first entrance to the University. The adult program follows the same requirements as the traditional age student, except SAT or ACT test scores are not required, but recommended.

The Office of Admissions and the Office of Student Development can provide additional information concerning the resources available to the adult student.

Readmission A degree candidate who has withdrawn in good academic standing and who wishes to return to Queens may apply for readmission by submitting an application to the Office of Admissions. Any student who has taken classes at another institution should provide a statement of good

standing from the Dean of Students office. In addition, two original transcripts of any work attempted at other institutions must be sent to the Office of Admissions.

Readmission for students who have been dismissed from the University must apply through the Student Qualification Committee (see page 59).

Special students Students who are not candidates for a degree but wish to enroll for credit may apply for admission as special students.

Special students who do not hold a bachelor's degree are limited to a cumulative total of 15 credit hours. A student holding a bachelor's degree is allowed the privilege of unlimited credit hours. The availability of space may limit enrollment in some courses. Special students must maintain at least a 2.000 average to continue their enrollment.

A special student who wishes to become a degree candidate must apply through the admissions office.

Visiting students Regularly enrolled students in good standing at other colleges may apply as visiting (transient) students at Queens. Generally, a visiting student is admitted for only one term; however, visiting students may re-apply for additional terms. Application materials may be obtained from the Office of Admissions. Students must have the appropriate official from the parent college submit a letter stating that the student is enrolled in the college, is in good standing and has permission to enroll in courses at Queens to be transferred back to the parent institution.

Advanced placement Students who have completed college-level work in their secondary schools should take the appropriate Advanced Placement (AP) test administered by the CEEB. In most subjects, Queens grants advanced placement and course credit automatically if the student scores either 4 or 5 on such tests.

International Baccalaureate (IB) Queens University of Charlotte will grant six semester hours of elective credit in each area in which a student has achieved a score of 5, 6, or 7 in a Higher level examination. Assignment of specific course credit will be determined at the student's request and the discretion of the individual department. Duplicate credit will not be awarded in the event both AP and IB examinations are completed with acceptable scores. Total credit awarded will not exceed 30 semester hours.

*AP/IB credit policy: Students who earn a 4 or 5 on the AP examination or a 5, 6, or 7 on the IB examination will receive 3 elective credits for English 110 and will be required to take English 120 in the spring semester of the freshman year.

College Level Examination Program (CLEP) Queens also awards credit and advanced placement to students who score satisfactorily on approved subject level tests of the CLEP. Credit will not be granted if it duplicates credit already earned. Neither grades nor quality points will be awarded, nor may CLEP credits satisfy the final 30 hours required for graduation from Queens.

Language placement All entering freshmen take a foreign language placement test during new student orientation. The score earned may allow students to place out of one or both years of the foreign language requirement. Tests are given in Spanish, French, Latin, and German.

Accelerated admissions Students with superior academic records may apply for admission during their junior year in high school. They must submit transcripts, recommendations and SAT scores or ACT scores and schedule a conference with an admissions counselor. In some states, local school authorities will grant a high school diploma after a year of college work; any such agreement is the responsibility of the student and the local authorities. A student also may obtain a high school equivalency certificate by examination.

For students who have made plans for graduate school or professional study, accelerated admissions is one way of shortening the time before they can begin their careers.

High school dual enrollment Any student who is a junior or a senior in a Charlotte-Mecklenburg area secondary school may enroll for courses at Queens during any term when recommended by the secondary school. Credit earned under the dual-enrollment program may be used at Queens or another institution as college credit when the student enrolls as a degree candidate. A high school student who wishes to dual enroll must apply through the Office of Admissions.

Medical history All applicants who accept the University's offer of admission must submit a complete medical history, including a physician's certified record of immunizations prior to the start of classes. Medical forms can be obtained from our website at:
www.queens.edu/queens/campus/resources_health_medical_form.asp

Alumni admissions representatives Local alumni representatives are available to talk with prospective students in a number of cities throughout the country. Their names and addresses may be obtained from the Office of Admissions.

Campus visits Prospective students and their families are encouraged to visit Queens. They are welcome at any time, but will find visits more beneficial if they are scheduled when the University is in session. The Office of Admissions is open from 8:30 a.m. to 5 p.m. on weekdays throughout the year and on selected Saturdays each month.

Each year a series of visitation days is scheduled for prospective students and parents. Interested students should write, visit our website (www.queens.edu), or call the Office of Admissions (800 849-0202) for further details.

In summary Because the number of places in the Queens student body is limited, prospective freshmen should apply for admission early in their senior year of high school. Application forms may be obtained from the Office of Admissions at 800 849-0202 or at www.queens.edu and should be returned with a non-refundable $40 application fee. Students should request that their transcripts, SAT or ACT scores and recommendations from the secondary school be sent to the Office of Admissions. Transfer students must request transcripts from high school and each university attended. The Office of Admissions will act on an application as soon as all information has been received. Accepted students are requested to mail a tuition deposit of $250 (or $1,000 for international students) to accept the Queens offer of admission.

Costs

Costs

While the Board of Trustees reserves the right to adjust the fee schedules at Queens at any time, the following basic fees have been established for 2005-2006.

Full-time students Full-time students pay the College of Arts and Sciences full-time tuition rate, which also includes the student activity fee, student accident insurance policy and other services for regular full-time students registered for 12 or more credit hours in each of the fall and spring terms. Full time students also can receive some basic Health & Wellness Center services at no additional cost.

	Fall	Spring	Annual
Tuition*	$9,014	$9,014	$18,028
Room and Board	$3,250	$3,250	$ 6,500

* Students enrolled prior to August 2002 will pay $15,658 annually for tuition.

In addition to tuition, full-time students pay any course and lab fees applicable (i.e. music fees, science lab fees, etc.), as specified in the course descriptions in this Catalog. All resident students are required to participate in one of the meal plans (described below).

Part-time students Part-time students (11 or fewer credit hours per term) not residing in the residence halls pay tuition of $290 per credit hour during fall and spring terms. In addition to this tuition, part-time students pay any course and lab fees applicable, as specified in the course descriptions in this Catalog. Part-time students wishing to live in the residence halls must obtain permission from the Director of Residence Life. All resident students will be charged the College of Arts and Sciences full-time tuition rate and will be required to participate in one of the meal plans (described below). Part-time students not paying the full-time tuition rate pay for Health & Wellness Center services as received.

Residence halls Double-room residence hall accommodations are included in the room and board rate of $3,250 per term. If space is available, a student may choose to have a private room for an additional $850 per term. Details of the private room policy are included in the housing contract which is available in the Office of Residence Life. Damages to residence halls are billed after the end of each term and are due upon reciept.

Telephone/cable/internet access Each residence hall room is equipped with a telephone line, cable television service and internet access. Students need to provide their own personal telephone, television and computer to use these services. The cost of these services is included in the basic room charge.

Laundry Machines/Microfridges Each residence hall room is equipped with a microfridge combination microwave-refrigerator-freezer appliance. In addition, each residence hall has state-of-the-art laundry facilities. All resident students have unlimited access to clothes washers and dryers.

Meal plans All resident students are required to participate in one of the meal plans provided by the University. Students with special dietary needs should have a physician outline these needs in a letter to Rick Yokeley, general manager for Sodexho Food Services, so that the meals can be prepared accordingly.

Other Academic Fees / Deposits

Tuition deposit A $250 tuition deposit is required for new students upon acceptance of admission to the University. This fee is applied toward costs for the first term enrolled.

Room damage deposit A $150 room damage deposit is required for all resident students. This deposit will be held until the student graduates and/or separates from University housing. For room damage charges incurred prior to graduation/separation, payment is required and will be billed to the student's account. The room damage deposit will be refunded within six weeks after graduation/separation less any room damage costs that have not been paid in the student's last term. This deposit does not eliminate the student's right to appeal any and all room damage charges.

Course fees A student's class enrollment will dictate the course fees that are charged to a student's account. Below is a brief overview of the possible *non-refundable* course fees that could be charged:

CORE Program fee *(range)*		$10-55
Music fee: Accompanying *(range)*		$25-75
Music fee: Applied *(range)*		$100-250
Nursing liability fee		$10
Photography		$25
Physical education course fees:		
Horseback riding	Approx.	$320
Other courses	Approx.	$25-175
Professional Golf Management*	(per term)	$750
Science Lab fee		$50

*$375 of this fee is non-refundable

Audited courses: Tuition charges are determined by the total number of courses taken and/or audited.

Dual enrollment (College of Arts and Sciences and Hayworth College or Graduate Programs) Degree candidates in the College of Arts and Sciences taking a total of 12 or more credit hours pay the full-time tuition rate regardless of the division of their credit hours between the College of Arts and Sciences, Hayworth College or Graduate Programs. Degree candidates in the College of Arts and Sciences not paying the full-time tuition rate pay tuition per credit hour based upon the origin of the class for each course.

Teacher certification students Persons interested in teacher certification who have already earned a bachelor's degree will not be required to pay the College of Arts and Sciences full-time tuition rate. Instead, these students pay tuition of $290 per credit hour, plus appropriate course and lab fees.

Center for Career Development fees Center for Career Development services are available at no additional charge for enrolled College of Arts and Sciences students. Referrals will be made to use various free Center for Career Development services or to contact professional fee-based career counseling services in the community.

Costs

SPECIAL FEES

Application fee *(non-refundable)*	$40
Late payment fee	$30
Private room fee per term	$850
Transcript fee *(expedited service only)*	$15
Parking fee per year *(resident students)*	$125
Parking fee per year *(full-time commuter students)*	$75

OTHER EXPENSES

Insurance: All full-time students are automatically billed for a Health and Illness insurance plan through the University. To decline participation in and remove charges from an account for this insurance, the Health & Wellness Center must receive a legible copy of the health insurance card under which a student is covered. *This documentation must be received by the Health & Wellness Center by October 1 for Fall term and January 15 for Spring/Summer term.* Brochures outlining coverage, costs and limitations are sent to all full-time registered students' permanent home addresses in the summer. Claim forms and filing assistance for this policy are available in the Health & Wellness Center.

Miscellaneous expenses: The cost of books and supplies varies with courses taken, but the average expense is $800 per year. Non-University expenses such as travel, clothing, entertainment and incidentals vary according to individual student needs. Students joining university organizations may have additional costs. While the full-time tuition rate provides for basic Health & Wellness Center services for students, all students are responsible for paying any charges for special visits, consultations, medicines, laboratory work, and hospitalization.

PAYMENT INFORMATION

1. Fall term tuition, room and board fees, less tuition deposit paid and any financial assistance, are payable by August 1st, and the spring term tuition, room and board fees are payable by December 15th.
2. Payments are accepted via checks, cash, MasterCard or VISA.
3. Credits for scholarships and financial assistance are divided equally between the fall and spring terms.
4. Overpayments created by financial assistance will only be refunded to the student and/or parent after charges have been paid in full.
5. Students who do not wish to pay in full at the beginning of each term may be interested in the following programs offered by Queens University of Charlotte.
    a. **Installment plan** The annual tuition, room and board fees may be paid in 8 monthly installments. Payments are made on a monthly basis from August through April (no payment is due in December). The annual enrollment fee for the payment plan is $75. Information on this program is available in the Office of Student Financial Services. A late payment penalty is incurred if installment is not paid by the due date. The University reserves the right to deny participation in this plan to students on the basis of their payment history with the University. The University can automatically draft your checking or savings account each month. Credit card payments may be made by either calling the University Cashier each month or submitting a credit card

authorization form monthly. Credit cards will not be automatically processed monthly.

b. **Unsecured educational loans** There are a variety of student and parent loans available. For information, please visit www.queens.edu/preferredlenders. Credit balances created by loan funds being posted to the student's account will be issued (via check) to the student no later than 14 days after the University receives the money from the lender.

6. Students that submit payment to Queens, for tuition and related expenses, that are returned by the bank for insufficient funds, stop-payment or closed account, will be assessed a $30 returned check fee.
7. Students are not permitted to attend class until satisfactory arrangements have been made to meet all financial obligations. Continued class attendance is contingent upon maintaining good financial standing throughout the term.
8. Participation in graduation activities and receipt of diplomas, certificates and transcripts are permitted only when a student's account has been paid in full.
9. Failure to pay by the due date and/or failure to adhere to the terms of the University's payment plans will result in the monthly late fee of $30.00 per month until the balance has been paid in full. If a deliquent account is referred to a collection agency or attorney, the student agrees that the student will be liable for all attorney fees, court costs and collection fees as allowed by law. The student is responsible for all charges assessed against the student regardless of any arrangements or agreements made with other parties.

Withdrawal & Financial Obligations

The policies and procedures below apply to the College of Arts and Sciences courses. Students who dual enroll in Hayworth College must follow that college's schedule, calendar and financial policies and procedures. Additional information is available in the Office of Student Financial Services.

WITHDRAWAL FROM A COURSE

Students who drop a course during the Drop/Add period will have their tuition adjusted if they fall below 12 credit hours and are not living on campus. Students living on campus that drop to fewer than 12 credit hours will need to receive permission from the Director of Residence Life to remain in the residence halls. If permission is granted to remain in the residence halls, tuition will not be adjusted for these students. There will be no tuition refunds for course withdrawals after the Drop/Add period.

WITHDRAWAL FROM ALL CLASSES/ FROM THE UNIVERSITY

Withdrawal-Academic Ineligibility A student determined by the Student Qualifications Committee to be academically ineligible to return will receive a refund if the student has made payments or has a credit balance toward the next term's tuition and fees. Such decisions are made at the end of each term.

Withdrawal-Illness Students who withdraw from all classes during the term as a result of illness will have tuition prorated as of the date of withdrawal, provided the physician recommends withdrawal in a letter to the Registrar's Office.

Withdrawal-Other Reasons Students who withdraw from the University or drop all courses within the first 60% of the term, effectively leaving the University, will have tuition, room and board prorated. Withdrawals after this period will not have tuition adjusted.

Exceptions Students who feel that individual circumstances warrant exceptions to this policy may appeal to the Financial Policies Committee, provided such appeal is made in writing to the Director of Accounting before the end of the term for which the proration is requested.

Withdrawal Involving Financial Assistance If the University determines that a student who is a recipient of financial assistance is due a refund of tuition, all or a portion of a student's assistance will be reversed or returned to the originating source (i.e. a Federal program or loan provider, the state of North Carolina, or an outside scholarship from a school or organization).

The amount to be returned will be determined according to the formula established by federal law. In accordance with federal regulations, Queens will reverse financial assistance on a student's account in the following order:

1) Federal Education Loan Programs (including Stafford, Plus and Perkins loans)
2) Federal Pell Grants
3) Federal SEOG Awards
4) Other Title IV Programs
5) North Carolina Programs
   Note: In order for a student to keep any portion of the North Carolina Legislative Tuition Grant, the student must have been enrolled full-time as of October 1 or the tenth class day of the spring term.
6) Queens University of Charlotte Programs
7) Outside Scholarships

A detailed worksheet of the refund, available in the Office of Student Financial Services, is provided to students upon request.

Financial Aid

As a private institution that places the quality of the educational experience above other considerations, Queens realizes that the cost of attending the University is a matter of overriding importance for many families. Applicants should not hesitate to apply for financial assistance. Queens will attempt to meet the financial need of applicants and welcomes the opportunity to work with students. Although most awards are based on financial need, some aid is based on merit and leadership abilities of applicants, whether or not they have demonstrated need.

FEDERAL PROGRAMS

Federal Pell Grants are available to eligible undergraduate students on the basis of financial need. The grants range from $400 to $4,050 per academic year. A student must complete the Free Application for Federal Student Aid (FAFSA) to determine the amount for which the student is eligible.

Federal Supplemental Educational Opportunity Grants (FSEOG) are available on an annual basis to full-time undergraduate students with exceptional financial need. These grants range in value and priority is given to Federal Pell Grant recipients.

Federal Work Study (FWS) Awards are made at the discretion of the Office of Student Financial Services to students who demonstrate financial need. These awards are based on available funding. Each student awarded work-study will be placed in a campus or community service job and paid monthly for hours worked.

Federal Stafford Loan eligibility is determined by the Office of Student Financial Services. Loans are made by banks, credit unions, savings & loan associations and other agencies. Annual loan limits are $2,625 for freshmen, $3,500 for sophomores, and $5,500 for juniors and seniors. Two types of Stafford Loans are available: subsidized Stafford Loans (need-based loans on which the federal government pays interest during enrollment) and unsubsidized Stafford Loans (non-need-based loans on which the borrower pays interest during enrollment). Terms of the loans and applications may be obtained by visiting www.queens.edu/preferredlenders. Students must complete a FAFSA and be enrolled in at least 6 credit hours to be eligible for Stafford Loans.

PLUS (Parent Loans for Undergraduate Students) Program allows parents to borrow up to the cost of attendance minus any financial aid the student receives. Interest is variable and repayment may begin within 60 days after the final disbursement of the loan. Terms for the loan and applications may be obtained by visiting www.queens.edu/preferredlenders.

The amount of funds available to Queens students under the FSEOG and FWS Programs is determined by allocations made to the University each year by the US Department of Education. All federal programs are subject to revision of funding or regulation by congressional action. Students are encouraged to contact the Office of Student Financial Services for the most up-to-date information on these programs.

Financial Assistance

NORTH CAROLINA PROGRAMS (UNDERGRADUATES ONLY)

North Carolina Legislative Tuition Grants (NCLTG) are available to North Carolina residents pursuing their first bachelor's degree who are enrolled for at least 12 credit hours per term.

In 2004-2005 the NCLTG was funded at $1,800. Students who have completed 140 or more credit hours towards their first undergraduate degree are subject to a 25% reduction in NCLTG funds.

The State Contractual Scholarship Fund is provided to Queens University of Charlotte by an act of the North Carolina General Assembly. Scholarships are available to at least half-time undergraduate students who are legal residents of North Carolina. This fund assists qualified students who demonstrate need. Priority is given to full-time students.

The North Carolina LEAP Program (formerly the State Student Incentive Grant) provides grants up to $1,500 per academic year for eligible students who are North Carolina residents. Recipients must demonstrate substantial financial need and apply by completing the FAFSA and mailing it before March 15th. Awards are determined by The College Foundation of North Carolina.

The North Carolina Prospective Teachers Scholarship Loan Fund awards scholarships in the amount of $2,500 for each academic year. The criteria for awarding scholarships are measures of academic performance, including grade point average, scores on standardized tests, class rank and recommendations of guidance counselors. Teaching in North Carolina public schools upon graduation allows cancellation of the loan at a prescribed amount per year of service. Application should be made to the State Department of Public Instruction in Raleigh, North Carolina. Further information is available in the Office of Student Financial Services.

The North Carolina Nurse Scholars Program The State of North Carolina awards annual scholarships in the amount of up to $5,000 to North Carolina residents enrolled in a nursing program in preparation for licensure as a registered nurse. Service as a full-time registered nurse in North Carolina upon graduation allows cancellation of the loan.

All state programs are subject to revision of funding or regulation by the North Carolina General Assembly.

QUEENS UNIVERSITY OF CHARLOTTE PROGRAMS

Mecklenburg Scholars are selected from among the graduating seniors residing in Mecklenburg County. Candidates must possess superior academic record, leadership achievement and a demonstrated commitment to school, church or community. This full tuition scholarship is awarded annually to two students and is available for four years of study. A separate scholarship application (available from the Office of Admissions) is required in addition to the admission application. For consideration, both applications must be postmarked by December 15th. Scholarship finalists are interviewed during Scholars Weekend in February. Mecklenburg scholarships at Queens have been named for or established by: Evelyn T. and Wilmer B. Young Memorial Fund.

Trustee Scholarships are awarded to graduating high school seniors who have exhibited outstanding records in scholarship, leadership, and have demonstrated a high level of service to school, church or community. Twenty-five half-tuition awards are available for four years of study. Scholarship candidates must submit a scholarship application (available from the Office of Admissions) no later than December 15th. Scholarship finalists are interviewed during Scholars Weekend in February.

Reece A. Overcash Scholarships are awarded to graduating high school seniors. Up to two students annually are awarded an Overcash Scholarship in the amount of $5,000. The tuition scholarships are offered on a competitive basis to students who exhibit an interest in and capacity to find creative relationships between the humanities and math, science and technology and are available for four years of study. Candidates must submit a scholarship application (available from the office of admissions) no later than December 15th. Scholarship finalists are interviewed during Scholars Weekend in February.

Community Service Grants provide an opportunity for students to volunteer in one of Charlotte's many human service agencies (100 hours per semester). Awards are made to graduating high school seniors with a proven commitment to community service. Annual awards of $2,200 are awarded to students as a grant towards their tuition costs. Awards are renewable. A separate application (available from the Office of Admissions) is required. Deadline for consideration is January 15th.

University Scholars are named from graduating high school seniors. Scholarships are based on weighted GPA and SAT or ACT test scores at the time of admission. For more information, contact the College of Arts & Sciences Admission Office at 704 337-2212.

Charles A. Dana Scholarships are awarded annually to students in each of the rising sophomore, junior and senior classes, who maintain outstanding records for scholarship and leadership. Recipients are selected at the recommendation of the Faculty Honors Committee.

Music/Drama/Art Scholarships Fine Arts Scholarships are awarded to graduating high school seniors who plan a major or concentration in music, drama or art; or major in music therapy. Tuition awards, ranging up to $5,000 annually for music and $1,000 annually for drama and art, are based on academic background, talent and degree of advancement. An audition or portfolio review is required. Awards are based on faculty recommendations and are available for four years of study. Students must schedule an audition or submit portfolio by January 15th to receive scholarship consideration.

Scholarships

National Presbyterian College Scholarship Program (NPCSP) Queens University of Charlotte is one of 65 Presbyterian-related colleges and universities which participate in the NPCSP. The NPCSP affirms excellence in scholastic ability and leadership and encourages superior students to attend Presbyterian-related colleges and universities. Funds for awards are provided by the University and the Presbyterian Church (USA) Vocation Agency. Applications are available to confirmed members of the Presbyterian Church (USA) through high school guidance offices and churches. All forms must be completed and received by December 1st. Finalists are selected by a National Committee in mid-March. Scholarship amounts are determined on the basis of financial need.

Ministerial tuition remission is available to any full-time student who is the dependent or spouse of an active Presbyterian minister. Dependents of active ministers of the Presbyterian Church (USA) Mid-Atlantic Synod receive a 20% tuition remission. Dependents of active ministers in all other synods of the Presbyterian Church (USA) receive a 15% tuition remission.

FINANCIAL AID APPLICATION

To be considered for need-based financial assistance, students must have been admitted to Queens as degree or certificate candidates and must complete and submit the Free Application for Federal Student Aid (FAFSA). The form is available online at www.fafsa.ed.gov.

A copy of the student's and family's federal income tax return, as well as other documentation, may be required for verification purposes. Applications for financial aid should be submitted by entering students as early as possible after January 1st of their senior year. Students filing before March 1st will receive priority in funding. Continuing students are encouraged to submit a renewal FAFSA no later than April 1st.

FINANCIAL AID POLICIES

The Student Qualifications Committee evaluates students' progress and determines eligibility for continuing enrollment, according to the standards outlined in the "Student Qualifications" section of this Catalog. Students receiving financial aid funds must meet these minimum standards. Standards for satisfactory academic progress are listed below.

Since renewal of need-based financial aid is not automatic, rising sophomores, juniors and seniors must reapply for assistance each year by completing the Renewal FAFSA provided to them by the US Department of Education. The amount offered in grants, loans, and work-study funds also may vary from year to year.

Financial Aid recipients who withdraw during the school year and are due a refund under the established Queens refund policy must return an appropriate portion of the refund according to the policy entitled "Withdrawal Involving Financial Assistance" located elsewhere in this Catalog.

Queens University of Charlotte reserves the right to review and modify an offer of financial aid should the recipient receive aid from other sources.

Satisfactory academic progress policy This policy is applicable to all students receiving financial aid from the federal or state government or from Queens University of Charlotte.

Evaluation of academic progress will be made at the end of the spring semester by the Office of Student Financial Services. The academic year evaluated may include any combination of the prior summer, fall, and spring terms.

Students must show progress toward completion of their degree requirements to continue financial aid eligibility. The financial aid eligibility timeframe for completion of a degree program cannot exceed 150 percent of the published length of the degree. For example, if your degree requires 120 credit hours to graduate, you are eligible to receive financial aid until you have attempted 180 credit hours. Repeated courses, course withdrawals, incomplete courses and course failures count as hours attempted but not completed. Additional time needed to complete the undergraduate or graduate degree beyond the maximums stipulated must be entirely at the student's expense.

Transfer students are treated as first year students for measuring the financial aid eligibility time frame for completion of a degree program. Repeated courses, course withdrawals, incompletes and course failures count as hours attempted but not completed.

Students who fail to meet these minimum standards of academic progress will be placed on financial aid probation for a period of one academic term. During the probationary period students may continue to receive financial aid provided they are otherwise eligible. Students have this

period to re-establish satisfactory academic progress. If, at the end of the financial aid probation period, the students are able to re-establish satisfactory academic progress, the probation period is lifted. If, at the end of the probation period, the students fail to re-establish satisfactory academic progress, they will no longer be eligible to receive financial aid until such time that the minimum standards are met.

Students placed on probationary or ineligible status may appeal such action to the Financial Aid Committee if they believe that extenuating circumstances prevented them from maintaining satisfactory academic progress. Such appeals should be a letter submitted to the Student Financial Services Office within two weeks of the end of the probationary period (end of exams) or notification of placement of probationary status. The letter should include an explanation of any unusual circumstances and supporting documentation. The Financial Aid Appeals Committee must respond to the appeal within two weeks from date of receipt. If the appeal is granted, the students' progress is assumed to be satisfactory and progress is then measured from the time of the granted appeal. If the appeal is denied, the required minimum grade point average must be achieved at the student's own expense. Once the minimum standards have been achieved, students are again eligible for financial aid. The decision of the Financial Aid Appeals Committee is final.

The Undergraduate Program

Queens University of Charlotte offers programs in the College of Arts and Sciences leading to the Bachelor of Arts, Bachelor of Music, Bachelor of Science and Bachelor of Science in Nursing degrees. While these programs differ from each other in significant ways, each is rooted in the tradition of liberal education, and each provides students with an integrated and coherent program of study including the skills, competencies and knowledge necessary for a meaningful and successful life. Accordingly, all students earning the bachelor's degree in the College of Arts and Sciences must complete the Core Program in the Liberal Arts and certain other specific degree requirements described below:

CORE PROGRAM IN THE LIBERAL ARTS

All full-time candidates for all degrees in the College of Arts and Sciences must successfully complete the five courses in the Core Program in the Liberal Arts. The Core Program is a required, three year, interdisciplinary and interactive common experience organized developmentally and devoted to helping students examine the nature and direction of their lives. Program goals and content may be found in the "Courses of Instruction" section of the Catalog.

Students who enter Queens as freshmen take CORE 110, Ancients, in the fall semester, and CORE 120, Moderns, in the spring semester. Sophomores take CORE 210, American Issues, in the fall semester and CORE 220, Global Issues, in the spring semester. There are no Core Program courses in the third, or junior year. Seniors take CORE 410, Ethics, in either the fall or spring semester. The CORE courses should be taken in sequence and must always be taken for a letter grade. Complete course descriptions of the Core Program courses may be found in the "Courses of Instruction" section of the Catalog.

Information about Core Program requirements for students who transfer to Queens and for part-time, degree-seeking students is found in the "Academic Regulations" section of the Catalog.

OTHER DEGREE REQUIREMENTS

To earn a baccalaureate degree in the College of Arts and Sciences, a student must complete a minimum of 122 semester hours, at least the minimum stipulated number of semester hours in the student's major and concentration, and at least 36 semester hours at the 300 level or above. The student must earn a minimum cumulative grade point average of 2.000 in all work at Queens and in all work in the major and concentration and must be in good standing with the Honor Code at the time the degree is awarded. In addition, each student must fulfill the following requirements:

Writing proficiency requirement A student must enroll in and successfully complete English 110 and English 120 in order to graduate. Students who earn a 4 or 5 on the AP examination or a 5,6 or 7 on the IB examination will be exempt from taking English 110 and will recieve 3 elective credits. They will be required to ttake English 120 in the spring term on their first year.

Writing-intensive course requirement All students must successfully complete one writing-intensive course in their major. One or more writing-intensive courses have been identified for each major; where several courses have been identified, students must take one, but may take others if they desire.

Mathematics proficiency requirement In order to demonstrate mathematics proficiency, a student must successfully complete one 3 credit hour course at or above the Math 104 level OR achieve a passing score on the Calculus Proficiency Test.

Upon entry into the College of Arts and Sciences, all students will be required to take a mathematics placement test. On the basis of this test, and previous academic record, students will be placed into one of three categories. Those who place into category one are not required to take a mathematics course as a general university requirement. These students are encouraged to continue to study mathematics by enrolling into MATH 121 or above. Those who place into category two are required to complete one 3 credit hour course at or above the level of MATH 104. Those who place into category three will be advised to enroll in MATH 099 to sharpen their mathematics skills before enrolling in MATH 104 or above.

Foreign language proficiency requirement All students whose native language is English must demonstrate competency in a foreign language through the 102 level in order to earn the bachelor's degree. Competency may be demonstrated through a placement examination administered by the foreign language department or by successfully completing a three-hour course in that language at the 102 level or above.

Natural science requirement All students must successfully complete at Queens University of Charlotte at least one laboratory-science course carrying a minimum of four semester hours of credit. Course work completed at another accredited institution prior to admission into Queens may be accepted to meet this requirement. Courses that satisfy this requirement are BIOL 103, ENVR 101, CHEM 101, CHEM 111 and PHYS 101. BIOL 112 fulfills the natural science requirement for music therapy and nursing majors only.

Internship requirement All students must enroll in and successfully complete INTE 297, INTE 498 and INTE 499. INTE 297, The World of Work, must be completed in the sophomore year. INTE 498 and 499, a two-semester internship at one site, must be completed in the junior year. INTE 498 and 499 may be repeated in the senior year if a student desires. Students majoring in education, music therapy and nursing will fulfill this requirement through practicum experiences in their major. Adult students and students with 36 hours or more of transfer credit are exempt from this requirement.

Physical education requirement A student must complete two physical education courses, each carrying one semester hour, preferably by the end of the sophomore year. No specific courses are required, but non-swimmers are urged to take PHED 151, Beginning Swimming, in the fall term of their freshman year.

The Dean of the College of Arts and Sciences may exempt students from the physical education requirement for medical or other appropriate reasons. Such requests should be submitted in writing, normally with a supporting recommendation from a physician or the chair of the physical edu-

cation department. Any student exempted from the physical education requirement must still earn 122 semester hours in order to graduate.

Residency requirement Every candidate for a baccalaureate degree in the College of Arts and Sciences must complete at least 45 of the minimum 122 semester hours required for graduation at Queens University of Charlotte. At least 30 of the 45 hours must be completed in the College of Arts and Sciences. The last 30 hours must be completed at Queens or in a Queens-approved program. No more than 60 academic credit hours and no more than four credit hours in physical education transferred from two-year institutions may be applied to the minimum 122 hours required for graduation. Students must complete at least 60 hours at Queens to be eligible for graduation with honors.

However, students who hold an undergraduate baccalaureate degree from another accredited institution or from Queens and are seeking a second degree must complete at least 30 hours at Queens over and above the hours earned for the first degree.

Convocation requirement A student must attend the Fall, Spring and Awards Convocations held annually.

Assessment requirement Students are required to participate in a program of evaluation and assessment administered by the University to measure the effectiveness of a Queens education. This program will include both objective and reflective measurements offered from time to time during the student's years at the University.

The Academic Program

DEGREE PROGRAMS

Bachelor of Arts A major for the Bachelor of Arts degree shall consist of no fewer than 30 credit hours. No more than 40 credit hours in the major department shall be required; students may, however, take more than 40 hours in a major department at their own initiative.

Bachelor of Science A major for the Bachelor of Science shall consist of no fewer than 32 credit hours.

Bachelor of Music Queens University of Charlotte offers both the Bachelor of Arts in Music and the Bachelor of Music degree. The Bachelor of Music program includes majors in applied music and music therapy. Students must have permission of the Department of Music to enter any of the Bachelor of Music programs. The music therapy major is a 41/2-year program accredited by the National Association of Music Therapy and the National Association of Schools of Music. The program prepares students for work with children and adults who require special therapy because of behavioral, learning or physical disorders.

Bachelor of Science in Nursing Candidates for the Bachelor of Science in Nursing degree are required to meet all general degree requirements as well as the requirements for the nursing major. Applicants who have been accepted to the University must also apply to the Vail Program of Nursing for acceptance into the nursing major after meeting specified prerequisites. Students are encouraged to declare their interest in nursing by the end of the freshman year. Provision is made for those persons, such as registered nurses, who may wish to transfer into this program or apply for advanced standing. Information concerning the nursing program is available from the Vail Program of Nursing.

THE MAJOR PROGRAM

In addition to completing the Core Program in the Liberal Arts and other degree requirements listed above, each student must complete a major and a concentration. At least 50 percent of the credit hours required for the major must be earned at Queens.

The purpose of a major is twofold: to give the student an opportunity to achieve an appropriate level of mastery in a field of study and to enable the student to acquire knowledge, skills and perspectives which may help to make him or her effective in a career. A student will work with his or her faculty advisor to make a wise choice of a major. The student is required to declare the major no later than the preregistration period of the second term of the sophomore year. At that time, the student should also change faculty advisors to one in the major field if necessary.

The requirements of each major are described under the discipline in the section of this Catalog called "Courses of Instruction." The majors are listed in the Table of Contents.

Concentrations An undergraduate program of study will include a concentration. A concentration consists of a minimum number of hours and a prescribed program of courses. Requirements for concentrations are described on page 170. Some majors specify which concentrations the students in that major must complete. Other majors permit the students to

select any approved concentration. If a major does not specify a particular concentration, a concentration from a different area than the major must be selected. Only one course may be used to complete both a concentration requirement and another graduation requirement. Concentrations must be approved by the faculty advisor for the student's major. Students who complete a second major will not be required to complete a concentration.

Elective courses In consultation with the faculty advisor, a student chooses elective courses to complete the number of hours required for graduation. Electives offer the student the opportunity to augment the major field of study with collateral areas of knowledge or to explore areas or skills quite distinct from the major.

Teacher education Students may secure a teaching license at the elementary or secondary level within the Bachelor of Arts program. Students must apply to the Division of Education for admission to the Teacher Education program by the end of the sophomore year. At that time, they are required to take the Pre-professional skills test. Application for student teaching must be made in the fall of the senior year.

Prior to completion of the program, students must take the Praxis II Specialty tests.

Persons who already hold a bachelor's degree and are interested in teacher licensure for the elementary grades should inquire about the Master of Arts in Teaching program or the post-baccalaureate program. Those interested in secondary licensure may be admitted to the College of Arts & Sciences as post-baccalaureate students. They are expected to complete successfully at Queens a minimum of 12 credit hours before undertaking student teaching. In either case, those interested should consult the Office of Hayworth College Admissions, as should certified teachers seeking teacher renewal credit.

Queens-Presbyterian School of Christian Education dual degree program Queens University of Charlotte maintains an agreement with the Presbyterian School of Christian Education (PSCE) in Richmond, Virginia, through which a student can earn both the Bachelor of Arts and Master of Arts degrees by studying for three years at Queens and for two years at the PSCE. The student is required to complete 92 credit hours at Queens and will receive the B.A. degree from Queens upon completion of the necessary 30 additional hours in appropriate courses at the PSCE. The student must, of course, satisfy all other degree requirements at Queens as well, including the Core Program in the Liberal Arts. Students interested in this program should contact the Office of Admissions.

Pre-professional advising programs Students who wish to prepare for post-baccalaureate professional education in a number of fields are served at Queens by a special faculty advisor and by the faculty in the Blair House. Students are encouraged to consult the appropriate advisor in planning their course work. Such students may, in combination with an individual major, elect to structure a program of study which is recommended as suitable preparation by the faculties and admissions committees of graduate programs.

Recommendations for appropriate courses for students in any major who wish to pursue professional studies after graduation in dentistry, law, medicine, occupational therapy, physical therapy or veterinary medicine are listed on page 186. Students who plan to apply to professional programs should check the admissions requirements for each school to which they might apply.

Students interested in medicine, dentistry and physical therapy are encouraged to consult the pre-med advisor. Students are advised to complete a sound liberal arts program in any major, provided that sufficient and appropriate courses in the natural sciences and mathematics are included. Information concerning the Medical College Admission Test (MCAT) is available from the Center for Career Development.

Law schools do not require or recommend specific majors. They do advise, however, that students examine a wide variety of subjects and ideas which lead to a broad understanding of the political, economic, social and cultural forces affecting our body of law and the society it orders. They also recommend that students develop the skills of logical reasoning, problem solving and effective written and oral communication. Such areas of knowledge are comprehensively addressed in the Core Program in the Liberal Arts at Queens as well as in individual majors.

Students interested in preparation for legal studies are encouraged to consult the pre-law advisor and may wish to join the Justinian Society to broaden their knowledge of the law and current legal issues. Information concerning the Law School Admissions Test (LSAT) is available at the Center for Career Development.

Internships Queens University of Charlotte places special emphasis on internships. An internship is a planned and supervised out-of-class work experience where a student uses the skills, knowledge and theories developed in the classroom setting in a real-world professional work environment. At Queens University of Charlotte, there is special attention paid to the integration of the work experience so that there is a strong connection between theory and practice, study and work, and academics and experience.

All full-time students in the College of Arts and Sciences are required to participate in a six-credit-hour internship experience over three semesters (INTE 297 in the sophomore year and INTE 498 and 499 in the junior year) before graduation. Adult students and students who transfer into Queens with more than 36 hours of transfer credits are exempt from this requirement.

During the sophomore year, prior to the work experience, students complete a preparation course, INTE 297, "The World of Work," which introduces the concept of work in America through directed reading, projects and discussions. To provide a framework for preparation, the course facilitates self-assessment, resume writing, interviewing skills and job searching techniques. INTE 297 is a pre-requisite for INTE 498 and 499, the professional internship courses. During the junior year, students work at a site for 86 hours per semester, participate in on-campus seminars, produce reflective reports, a reflection paper, and give a formal presentation. Students earn 2 credit hours for each successfully completed course. These courses are described in the internship course section of the Catalog.

Students majoring in nursing, education and music therapy will fulfill the internship requirement (INTE 297, INTE 498 and INTE 499) through practicum experiences in their major. Participation in an international internship will also satisfy this requirement.

Faculty are actively involved in the internship experience. They provide support and guidance to students, design and facilitate seminars and award final grades for the internship courses. INTE 297 is a graded course, while INTE 498 and 499 are graded on a Pass-Fail basis. No more than 12 hours of internship credit shall be counted toward the 122 hours required for a bachelor's degree.

Independent studies and directed readings A mature and academically sound student may, under the direction of a member of the faculty and with the approval of the faculty advisor, undertake directed readings or an independent study of a topic of interest to the student and germane to the student's program of study. This study may take one of several forms, including projects, individual research or directed reading.

To register for an Independent Study or Directed Reading course, the student must submit a course proposal form to the Office of the Registrar by the end of the term in which the student registers for the course.

Summer school The Hayworth College coordinates all day and evening undergraduate summer courses offered at the institution.

Study abroad In addition to arranging study tours, international internships and language and culture programs, the John Belk International Program Office aids students who wish to spend a term, academic year or summer studying abroad. Students may take part in approved programs of study for American students, attend a foreign university or participate in a work/service program. Queens is affiliated with NAFSA: Association of International Educators; the Institute for International Education; and the Council for International Educational Exchange, which offers study-abroad and work-abroad programs worldwide.

The University has its own exchange programs in Hong Kong and Ireland. To apply for study abroad, students must have at least a 2.000 average and approval of both the faculty and study-abroad advisors and meet specific requirements of the desired program.

ACADEMIC REGULATIONS

Academic responsibility While Queens University of Charlotte makes every effort to advise and counsel students on their academic programs and academic requirements, it is the student who is ultimately responsible for fulfilling all requirements for a degree. To assist the student with this responsibility, all academic plans and programs should be approved by the student's advisor.

In general, a student must fulfill the degree requirements and major requirements set forth in the Catalog which was current when the student entered Queens. Other academic regulations amended while a student is enrolled at Queens may well be deemed to apply regardless of the policies stated in the Catalog of entry. Further, curricular exigencies or other circumstances may require the University to modify degree or major requirements from those at entry and that right is reserved.

The Honor Code Because the Honor Code of Queens University of Charlotte applies to all phases of life at the University and is binding on all members of the University community, it provides an atmosphere of mutual trust among students, faculty and administration. The Honor Code is fully described in the "Student Life" section of the Catalog.

Academic advising It is the student's responsibility to schedule advising appointments with the designated academic advisor as often as necessary in order to plan course schedules for each term and to discuss current academic questions and problems.

Course load The University considers 15-16 hours as a normal full-time course load during fall or spring semesters, but recognizes that some majors or programs could require up to 18 hours in some semesters. Should a student wish to enroll for more than 18 hours, he or she may do so but must have a 3.000 grade point average and permission of his or her advisor. A student who wishes to enroll for more than 18 hours, but does not have at least a 3.000 grade point average, must have the permission of his or her advisor as well as the chair of the advisor's division. Exceptions for music therapy majors will be made by the director of the music therapy program.

Part-time students Students who are enrolled in fewer than 12 semester hours in fall term or spring term are considered part-time students. Part-time degree-seeking students in The College of Arts and Sciences who have not previously earned a baccalaureate degree must fulfill all degree and major requirements for their selected program of study. Part-time students are encouraged but not required to complete the Core Program in the Liberal Arts. If they do not, they must have credit for the Core Program sequence of courses as described in the Core Program Substitutions section of this Catalog on page 56-58, either through transfer credit or by taking substituted courses at Queens.

Transfer students Transfer students must meet all degree requirements, including the stipulation that at least 45 of the 122 semester hours must be completed at Queens. The Registrar will supply a complete audit of transferred credit and its applicability to Queens graduation requirements. Students with 36 hours or more of transfer credit are exempt from the internship requirement. Students with fewer than 36 hours of transfer credit must complete INTE 297, 498 and 499 prior to graduation.

In general, transfer students enter the Core Program at the appropriate class-level standing for the hours of credit transferred. Courses taken elsewhere may substitute for portions of the CORE Program in the Liberal Arts. See the "Core Program in the Liberal Arts Regulations" section of this Catalog for details concerning use of the Table of Substitutions to evaluate transfer credit toward Core Program courses.

Cross-Unit Majors An undergraduate student may add a second major available only in another unit providing that the student first consults with his or her advisor and then submits a written request for the second major approved by the advisor, the deans of both units, and the department chair of the department responsible for the second major.

Approval to add a second major from another unit does not mean the student has been accepted in transfer to the other unit. All general education and degree requirements in the home unit and a major from the home unit must be completed before the student can graduate.

Transfers between College of Arts & Sciences and Hayworth College Students are admitted either to the College of Arts and Sciences or to the Hayworth College; admission is not transferable. However, a student dismissed from either college is dismissed from all Queens University of Charlotte programs until readmitted.

A student may apply to transfer from the Hayworth College to the College of Arts and Sciences or the reverse after completing at least one

term in the college of entry, provided that the student has earned a minimum cumulative grade point average of 2.000 at Queens University of Charlotte and is not on any type of academic or social probation. A student who wishes to change colleges must apply to the Office of Admissions.

At a minimum, students must complete 30 hours of the residency requirement in the college to which they transfer and complete all of the graduation requirements of that college.

Second-degree students Students who hold an undergraduate degree, either from Queens or from another accredited institution, may seek a second degree provided it is a different baccalaureate degree from the first earned. Such students must meet all degree requirements stipulated for transfer students except that the residency requirement is 30 semester hours rather than 45. Queens University of Charlotte graduates who wish to add a second major within the same baccalaureate degree may do so by fulfilling the requirements for that major as stipulated in the Catalog for the year of re-entry to Queens.

Special students Special students are admitted to the University without the expectation that they will earn a degree. Special students who have never earned a bachelor's degree may enroll for a cumulative total of 15 credit hours; in order to continue at Queens they must apply for regular admission or receive special permission to continue. A special student who has earned a bachelor's degree may take unlimited credits as a special student. All special students must comply with all University regulations.

Transient or contract students These students are degree candidates at another college or university who are taking courses at Queens by special arrangement.

Consortium students Degree-seeking students at the 13 area colleges which make up the Charlotte Area Educational Consortium may enroll in a course in any one of the member institutions during the regular academic year.

Class attendance In general, students are expected to attend all class sessions. Specific policies are set for each course by individual faculty members and should be printed in the syllabus or announced at the beginning of the term. It is the student's responsibility to know the attendance policy in a particular course.

A faculty member will, if possible, allow a student to make up or complete academic assignments when the student misses class because of illness or for other justifiable reasons. A faculty member will, if possible, allow one additional absence beyond the number normally permitted to a student who misses class while representing the University at official University functions and will, if possible, allow a student to make up missed quizzes or make other arrangements for missed quizzes or tests. It is the student's responsibility to notify the professor of such absences in advance and in writing. It is expected that a student will only use other absences for legitimate purposes such as personal or family illness or crises.

It is a violation of the Honor Code for a student to be untruthful about a class absence. Students are also honor-bound to report any such suspected violations of the Honor Code.

The Office of Academic Advising, the Office of Student Life, and the Student Health & Wellness Center may not excuse students for class absence. Those offices will, however, notify faculty members upon request when illness or grave circumstances beyond a student's control will necessitate a class absence.

GRADING

Queens uses the following system of grades and grade point values per credit hour:

Grade	grade point value	Interpretation
A	4.000	Superior
A–	3.700	
B+	3.500	
B	3.000	Good
B–	2.700	
C+	2.500	
C	2.000	Satisfactory
C–	1.700	
D+	1.500	
D	1.000	Poor
F	0.000	Fail
P	(0)	Pass
Z	(0)	No Record (NR)
AU	(0)	Audit
W	no effect on grade points	Withdrew
I	may become another letter grade except W upon completion.	Incomplete
K	Given at end of first term of a two-term course. Indicates satisfactory progress. Replaced by letter grade upon completion of second-term course. No effect on grade points.	

Grade reports are sent to students at the end of each term. Midterm reports are issued in fall term and spring term to indicate special difficulties in course work in progress. Only final course grades are permanently recorded.

Pass/No Record Pass/No Record (P/NR) is a grading system designed to encourage students to explore new areas. Students may elect to take up to two courses per academic year on a "P/NR" basis, but may take no more than one course per term on the "P/NR" basis. Some courses are designated "P/NR" for all students. Other courses may not be taken "P/NR." A student may not take Core Program courses or other courses used to satisfy specific graduation requirements or courses in the major or concentration on a "P/NR" basis without special permission. The grade of "P" is recorded when a student earns a grade of C- or better in the course. If a student earns a D+, D or F, the "NR" designation is used. An "NR" differs from an F because it is not recorded on the student's permanent academic record and is not counted in the calculation of the student's cumulative grade point average.

Students must indicate at registration when a course is to be taken "P/NR." They may change to a regular graded basis in consultation with the Registrar up to one week following midterm.

Pass/Fail Pass/Fail is the grading system used for special course offerings. The grade of "P" is recorded when a student earns a grade of C– or better in the course. An F is recorded when the work is unsatisfactory. "P/F" differs from "P/NR" in that Fs are recorded on the student's permanent academic record, while NRs are not.

Incomplete status The grade of Incomplete (I) is given at the discretion of the instructor and only when unusual circumstances make it impossible for the student to complete the course work by the end of the term. Students are responsible for arranging to complete such work. A grade of "I" received during fall term must be changed to another letter grade by the end of the second full week of regular classes of spring term; an "I" received during spring term or summer term must be changed to another letter grade by the end of the second full week of regular classes of fall term.

However, a student on academic probation who receives an "I" must complete the course work and receive a regular letter grade at least 72 hours prior to the first day of class for the subsequent term.

A grade of "I" automatically becomes an "F" if the student fails to make up incomplete work satisfactorily by the above deadlines.

Repeated courses If students fail a course, they may repeat that course only once, either at Queens or at another accredited institution with prior approval of the appropriate department chair. The F grade will remain on the student's record. If the course is repeated at Queens, both the F and the second grade will be figured into the student's cumulative grade point average. If a course is repeated at another institution, the credit but not the grade will transfer; thus only the original F will be figured into the cumulative average.

A student also may elect to repeat a course at Queens University of Charlotte in order to demonstrate mastery of the material. In this case, both the original grade and the second grade will be figured into the student's grade point average; no additional hours of credit will be awarded.

In either case, a course may be repeated only once, either at Queens or at another accredited institution. No more than two courses in the student's major field may be repeated. Regular tuition is charged for all repeated courses.

A student may also repeat a course for credit if the course is listed as "may be repeated for credit." In that case, all grades and credit hours are included in the student record.

Class status Students are assigned class status according to the number of credit hours earned. A freshman has earned from 0 to 23 credit hours. A sophomore has earned 24 to 51 credit hours. A junior has earned 52 to 89 credit hours. A senior has earned 90 or more credit hours.

Dean's List Degree candidates who achieve a term average of 3.500 in at least 12 hours of graded academic work are named to the Dean's List. Students with an Incomplete grade will not be considered for the Dean's List. Courses in which the grade of "P" is earned or courses numbered 099 may not count towards the 12-hour minimum.

Honors at graduation The distinctions *summa cum laude*, *magna cum laude* and *cum laude* are awarded by the University for academic excellence. *Summa cum laude* is awarded to students who have a grade point average of 3.850 or better, *magna cum laude* to those with a grade point average of 3.650 and *cum laude* to those with a grade point average of

3.500. A student must have completed at least 60 hours at Queens University of Charlotte to be eligible for graduation with honors. The grade point average will be determined by work taken at Queens.

Eligibility to represent the University Students who are on academic probation, on social probation for six weeks or longer or suspended from a class or from the University are not eligible to represent the University in off-campus extracurricular activities, to participate in varsity athletics, to hold campus office or to run for campus office until the probation or sanction is lifted.

Registration Pre-registration advising and advanced registration are held toward the end of each term. During these periods, students consult with their advisors to plan the schedule of courses for the next term and submit a program of study to the Registrar. At the beginning of each term, students confirm their course registrations from advanced registration and conduct other necessary university business, including receiving identification cards and parking permits. Students are not considered registered at Queens University of Charlotte until the registration process, including payment of tuition and fees, has been completed.

Change in registration or drop/add Changes in registration may be made through the first week of classes at the beginning of each term. The advisor's signature is required on the drop/add form.

If the form is returned to the Office of the Registrar by the deadline, courses dropped will not appear on the student's permanent record. For part-time students, tuition charges for courses dropped during the change in registration period will be prorated according to published guidelines.

Withdrawal from a course After the drop/add period, a student may withdraw from a course by completing a withdrawal form which requires the signature of the advisor. The forms are available in the Registrar's Office. The withdrawal period ends at the end of the calendar week following the midterm point in each term. The withdrawal date is published in each term calendar. A status of "W" will be recorded if the student withdraws during the withdrawal period.

After the withdrawal period ends, the student may withdraw from a course only by requesting approval for a late withdrawal from the Student Qualifications Committee. The Student Qualifications Committee may, after consultation with the instructor, deny or approve the request for late withdrawal. If the late withdrawal is approved, a status of W will be recorded.

A student who does not withdraw from a course but simply stops attending will receive an F in that course.

Auditing courses A student enrolled in 12 to 16 credit hours and maintaining a cumulative grade point average of 3.000 or better may, with the consent of the instructor and the Registrar, audit a course. The student receives no credit for an audited course, but the grade "AU" will appear on the student's transcript. Drop/Add and course withdrawal policies apply to audited courses and auditors are expected to attend class regularly. Regular tuition charges apply.

Courses taken at other institutions Normally, Queens students may take courses at another accredited institution for credit at Queens either during the summer or a regular term provided that these courses are equivalent or supplemental to those offered at Queens. To receive credit for such transferred courses, students must have the prior permission of the appro-

priate department and division chairs, must make a grade of C or better in each course and must have the other institution send an official transcript of the work to the Registrar. A student's cumulative GPA is not affected by course credit earned at another institution.

Queens students, if qualified, may enroll at one of the other universitys which make up the Charlotte Area Educational Consortium in any course not offered at Queens and receive full credit towards the Queens degree without the payment of additional fees. Arrangements for consortium cross-registrations are made through the Registrar's Office. See page 12 for a list of consortium institutions.

The natural science graduation requirement may not be satisfied by credit earned at another institution except as transfer credit earned prior to admission to Queens.

CORE PROGRAM IN THE LIBERAL ARTS REGULATIONS

When a student transfers to Queens as a full-time student, the Registrar will determine the student's class status. The student will then begin the Core Program sequence at the point appropriate for that status. In addition, however, the Registrar will determine whether or not the incoming student's transcript includes sufficient courses as measured by the list of substitutes for the Core Program courses not taken previously. Students who lack sufficient substitutes may either take the Core Program courses lacking or make up the past deficiencies with appropriate substitute courses. The listing of Core Program Substitutions follows.

If a student fails a Core Program course or is unable to complete a course for sound reasons beyond the student's control, the student normally has the option of taking the course over or passing appropriate substitutes. Part-time, degree-seeking students who have not previously earned a baccalaureate degree are encouraged but not required to participate in the program. Should part-time students elect not to complete the courses in the Core sequence, they must complete approved Core Program Substitutions in order to receive a bachelor's degree. Students who change from part-time to full-time must begin the Core Program sequence at the point appropriate to class status at that time.

CORE PROGRAM IN THE LIBERAL ARTS SUBSTITUTIONS

Because the Core Program is an integrated experience, there are no courses offered at Queens or elsewhere that are precisely equivalent to the courses in the sequence. However, in cases of necessary exception to policy, students may find it necessary to complete a bachelor's degree program with approved substitution courses. There are no substitutions for CORE 410.

CORE 100 Level

3 Courses (9-10 semester hours), one each from three areas:

Area One: one survey course in Western or World Civilization, Art or Literature; or an introductory religion or philosophy course.

Area Two: one course dealing with critical thinking, e.g., laboratory science, logic.

Area Three: one survey course from the following: an introduction to sociology, anthropology or macroeconomics.

If a student has NO course in any of the areas listed,
the student would complete three courses (one from each area) OR CORE 110 and 120 OR a combination of CORE and one substitute depending on the total number of credit hours transferred.

If a student has completed ONE course from one of the areas,
the student would complete two additional courses (one from each area is needed) OR would complete CORE 120 depending on the total number of credit hours transferred.

If a student has completed TWO courses from two areas,
the student would complete one additional course OR take CORE 120.

Examples of Queens Courses (but not limited to the following):

Area One:	ART 215, ENGL 200, HIST 201, HIST 202, MUSC 100, PHIL 203, RELG 205, RELG 206, RELG 210
Area Two:	BIOL103, CHEM 101 AND 101L, ENVR 101, PHIL 204
Area Three:	SOCI 203, SOCI 308, PSYC 303, ECON 203

CORE 200 LEVEL

3 Courses (9-10 semester hours), at least one from each of two areas:

Area One:	one course which is "American" based, e.g., American Literature, Music, History, Religion, Art or Politics.
Area Two:	one course which is "International" in scope, e.g., World Geography, World Religion, Anthropology, Macroeconomics, or equivalents to Queens' offerings in the International Studies major.

If a student has NO course in any of the areas listed,
the student would complete three courses (one from each area is required) OR would complete CORE 210 and 220 depending on the number of total credit hours transferred.

If a student has completed ONE course from one of the areas,
the student would complete two additional courses, one from each area, OR would complete CORE 210 and 220 depending on the number of total credit hours transferred.

If a student has completed TWO courses from two areas,
the student would complete the additional course OR complete CORE 210 or 220.

Examples of Queens Courses (but not limited to the following):

Area One:	HIST 203, ENGL 328, POLS 201, MUSC 207, ART 307
Area Two:	See International Studies Major

STUDENT QUALIFICATIONS

The faculty has established standards of satisfactory academic progress which are administered by its Student Qualifications Committee. This committee reviews the academic record of each full-time student in academic difficulty at the end of fall term and spring term and at the end of summer term if the student earned nine credit hours at Queens.

Academic probation and dismissal: A student whose cumulative grade point average falls below the following levels for each class standing is placed on academic probation:

MINIMUM CLASS STANDING REQUIRED

Class Standing	Credit Hours Earned	Min. GPA Required
Freshman	0-12	1.500
	13-23	1.800
Sophomore	24-37	1.800
	38-51	1.900
Junior	52-70	1.900
	71-89	2.000
Senior	90 or more	2.000

However, students who have a term grade point average below 1.000 will be subject to dismissal or placed on probation after a review of their records by the Student Qualifications Committee.

Students on academic probation may not enroll in more than 15 credit hours in any one term.

Students on probation will be reviewed at the end of each term, including summer term, in which they have earned nine credit hours.

Students on probation will be declared academically ineligible to return if they do not earn a term grade point average of 2.000 at the time of review. If the cumulative grade point average is not commensurate with class status, students will continue on probation for one more term or will be dismissed.

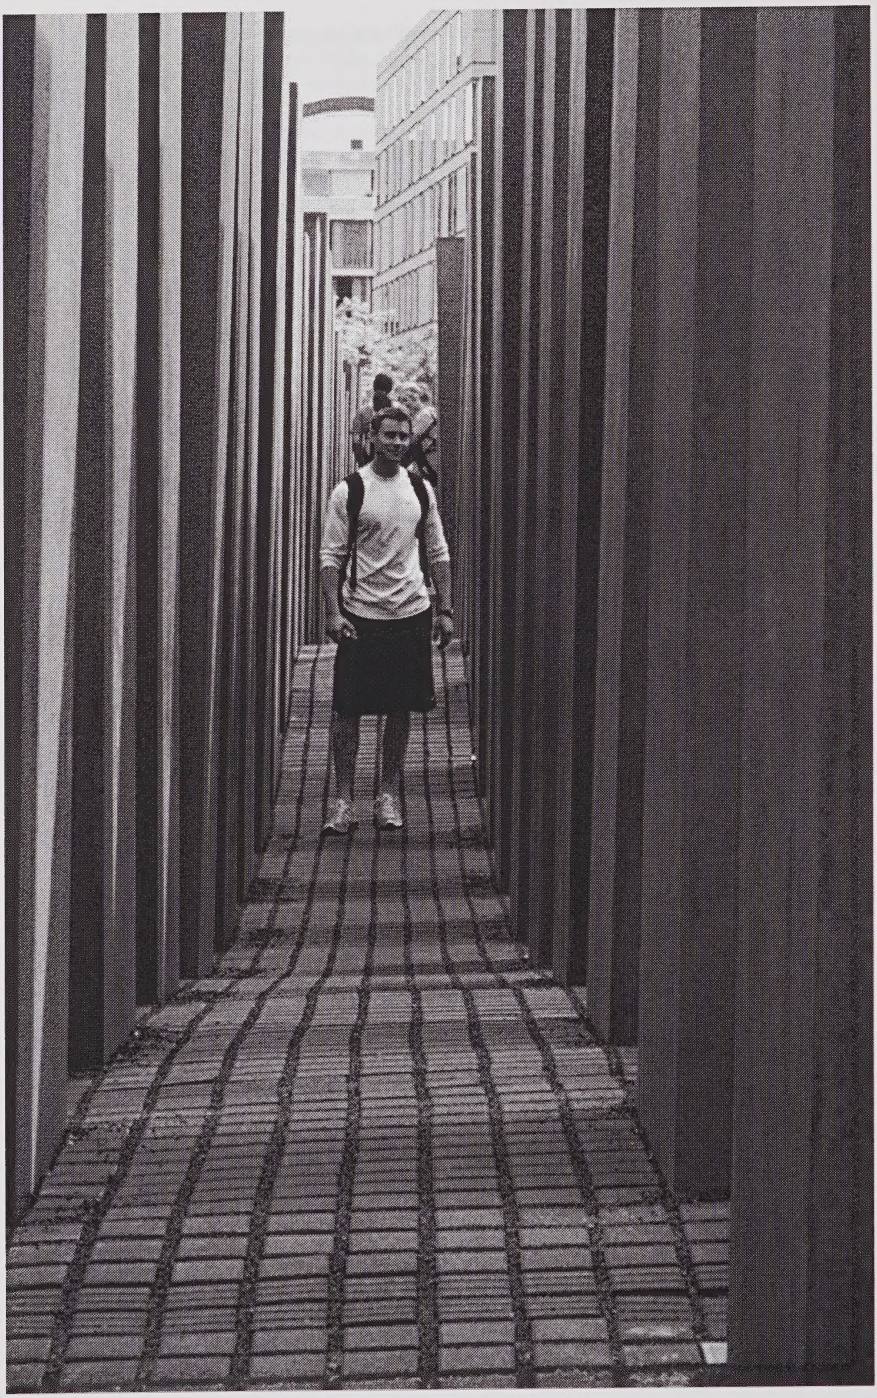
Students have the right to present a written appeal concerning academic dismissal to the Student Qualifications Committee. The decision of the committee in regard to the appeal is final.

The Student Qualifications Committee will review the records of part-time and special students after nine semester hours. Part-time students must maintain cumulative averages commensurate with their class status. Special students must maintain a cumulative average of 2.000.

Readmission Students dismissed from the University for academic reasons may apply for readmission through the Student Qualifications Committee. Students applying for readmission must submit (1) a readmission application (available from the Office of Admissions), (2) two official transcripts for all academic work attempted since leaving Queens and (3) a personal statement concerning the student's goals and accomplishments since leaving Queens. Academic work submitted for readmission must include at least nine graded semester hours (or the equivalent) in one term from an accredited institution. Each grade for the courses taken must be C or better.

A student readmitted to the University is normally placed on academic probation and reviewed after the first term.

Withdrawal from the University Students who wish to withdraw from the University during the term or who do not plan to return for the subsequent term must formally withdraw through the Office of the Registrar. The student is asked to participate in an exit interview with an appropriate member of the staff of the University. Students who withdraw during the term must also take responsibility for receiving clearance from the Business Office, Office of Student Financial Services, and the Student Life Office concerning financial matters. The effective withdrawal date is the day upon which all required clearance signatures are obtained. Should a student be unable for grave reasons beyond his or her control to complete this process, the effective date of withdrawal is determined by the Registrar and a representative of the Business Office. A student who simply stops attending classes without proper notification will be assigned the grade of F in all courses. With the endorsement of the academic advisor, a student in good standing may apply for a leave of absence for one or two academic terms. Approval for a leave of absence may be granted for medical or personal reasons, in order to enroll in an off-campus academic program or for other experiences which support the student's program of study. Students on leave will receive registration and housing materials from Queens prior to the term of return. Students returning from approved leaves may resume degree and major programs in effect at the time the leave is approved. classes without proper notification will be assigned the grade of F in all courses. The University reserves the right to require at any time the withdrawal of any student whose conduct or academic work is not considered satisfactory.



Courses of Instruction

Course Listings Course listings give general information concerning each area of study and the requirements for major programs in each discipline. These requirements should be noted carefully by students when deciding on a major.

Many of the courses in the sections beginning on the next page will be listed in the class schedule that is distributed prior to each term.

Course Numbers In general, courses numbered 100-299 are primarily for freshmen and sophomores; those numbered 300-499 are primarily for juniors and seniors. In specific cases, however, the individual student's ability and background rather than class standing will determine the appropriate level of work.

Double numbers separated by a comma (e.g., 300, 302) indicate that the completion of both courses forms a desirable unit. Occasionally, the first course is a prerequisite to the second.

Course Changes Queens University of Charlotte reserves the right to change the course offerings and instructors indicated in the Catalog without prior notice to persons who may thereby be affected. Every effort is made to help a student affected by a course change by providing the opportunity for an independent study or some other suitable arrangement.

ANTHROPOLOGY

Anthropology is the study of human societies and their cultures. It bridges the gulf between the sciences and humanities because of its subject matter and methodology. Anthropology is holistic and comparative, seeking a comprehensive view of human life by studying both small and large-scale societies in all parts of the world, in the past and present. The four major branches of anthropology are cultural, archaeological, biological and linguistic. Cultural anthropologists study living people in their natural settings through participant observation. They recognize that humans are a product of their biology as well as their culture. They focus on human adaptation to the world as well as how humans use symbols to bring meaning to life experiences.

Course Descriptions

ANTH 201 Cultural Anthropology
Comparative study of culture with emphasis on preliterate societies; past and present variation of man and culture. Factors in stability and change and relation of culture to personality. 3 Hrs.

ANTH 320 Anthropology of Latin America
This course examines Latin American societies and cultures from an anthropological perspective. Latin America includes Mexico, Central America, South America and the Caribbean. Using a comparative approach, students explore cultural diversity within and between Latin American nations. A grassroots perspective focuses on local communities as they adapt to change. Students study the types of problems facing Latin Americans today by examining how the past has influenced the present. Prerequisites: ANTH 201 or SOCI 203. 3 Hrs.

ANTH 330 American Ethnic Communities
Students read and discuss book-length ethnographies set in ethnic communities in the contemporary United States. Ethnographies are in-depth portraits of particular communities based on systematic, long-term participant-observation. They are the building blocks for ethnology, the comparison of communities to interpret and explain American ethnicity. Included are studies of recently arrived, immigrant communities along with well-established American ethnic communities. We examine the history, social organization, cultural values and customs of each community, looking for similarities and differences in the American experience of community life. Prerequisites: ANTH 201 or SOCI 203. 3 Hrs.

ART

The Department of Visual Arts offers varied programs leading to the Bachelor of Arts degree. The curricula are designed to prepare students for graduate study, teaching, museum work and professional careers in art and design areas. Studio experiences are balanced with courses in art history and the liberal arts to strengthen the humanistic base of the programs. The essential aim of the programs is to develop intellectual and performance abilities and assure a sound foundation for further development of the student, or for his or her entry into a professional field.

Major Students may earn a Bachelor of Arts degree in art major studio track or art major art history track.

REQUIREMENTS FOR THE B.A. DEGREE WITH AN ART MAJOR / STUDIO TRACK ARE:
ART 204 Drawing
ART 215 Ancient to Early Renaissance Art
ART 216 High Renaissance Art to the Present Time
ART 235 Two-Dimensional Design Lab
ART 236 Three-Dimensional Design Lab
ART 400 Art Criticism
ART 497 Senior Critique

Choose three of the following studio art courses:
ART 223 Ceramics
ART 302 Painting
ART 303 Sculpture
ART 304 Printmaking

Choose one of the following art history courses:
ART 307 Art in the United States
ART 315 Art of the Modern Era, 1870 to the Present
ART 345 Art and Religion in the West
ART 415 Art Since 1945

Plus:
ART 305 Advanced Studio (to be taken 3 times)

REQUIREMENTS FOR THE B.A. DEGREE WITH AN ART MAJOR / ART HISTORY TRACK ARE:
ART 101 Introduction to Art
ART 215 Ancient to Early Renaissance Art
ART 216 High Renaissance Art to the Present Time
ART 307 Art in the United States
ART 315 Art of the Modern Era, 1870 to Present
ART 345 Art and Religion in the West
ART 400 Art Criticism
ART 415 Art Since 1945
ART 498 Senior Paper
Two studio art courses chosen from:
ART 204 Drawing
ART 223 Ceramics
ART 227 Photography
ART 232 Design
ART 302 Painting
ART 303 Sculpture
ART 304 Printmaking

Writing-intensive course requirement
The writing-intensive course requirement is met with ART 305.

Course Descriptions

ART 101 Introduction to Art
Designed for the student with little or no art experience who wishes to gain understanding of the language of art (composition, line, space, color, etc.) and art's significance in human terms. Involves slide presentations and classroom discussions. 3 Hrs.

ART 204 Drawing

Emphasis on drawing through close observation of nature and as an expressive medium for communicating felt responses to subject matter. Exercises in contour, gesture, modeled form and light, using still life, landscape and the human figure. Media to include pencil, charcoal and ink. Six hours studio a week. 3 Hrs.

ART 215 Ancient to Early Renaissance Art
Survey of stylistic developments in architecture, sculpture, painting and the minor arts of the Mediterranean and European countries from prehistoric times to approximately 1500 A.D. 3 Hrs.

ART 216 High Renaissance Art to the Present Time
Survey of stylistic developments in architecture, sculpture, painting and the minor arts of Europe and America from approximately 1500 A.D. to the present day. Prerequisite: ART 215 or permission of the instructor. 3 Hrs.

ART 223 Ceramics
Fundamentals of both hand building and throwing on the potter's wheel. Hand-building techniques will include pinch, coil and slab construction. Glaze instructions will stress the relationships between form and color. Six hours studio a week. 3 Hrs.

ART 227 Photography
Photography used as an expressive medium and as a tool for exploring visual experience. Emphasis will be on selection and treatment of subject matter. Students will learn necessary skills in photographic technique and be acquainted with the historical development of photography. Six hours studio a week. 3 Hrs.

ART 235 Two-Dimensional Design Lab
This course introduces the elements of art and principles of design as they apply to two-dimensional art. Emphasis is placed on the application of structural elements and the application of the principles of visual organization and the theories of color. Upon completion, students will be able to apply the theoretical and analytical applications of two-dimensional design in their advanced studio art classes. 3 Hrs.

ART 236 Three-Dimensional Design Lab
This course introduces the elements of art and principles of design as they apply to three-dimensional art. Emphasis is placed on the application of principles as they relate to form and space. Upon completion, students will be able to apply the theoretical and analytical applications of three-dimensional design in their advanced studio art classes. 3 Hrs.

ART 302 Painting
Studies in basic structure and color with emphasis on pictorial elements interpreted through painting media. Six hours studio a week. Prerequisites: ART 204, 233. 3 Hrs.

ART 303 Sculpture
Exploration of basic elements of three-dimensional form and space with special emphasis on the exploration of various styles, materials and techniques. Six hours studio a week. Prerequisite: ART 234. 3 Hrs.

ART 304 Printmaking

Exploration of the basic principles of printmaking through such media as wood cuts, linoleum cuts or serigraphy. Pictorial composition, sound procedure and techniques are stressed in the program. Six hours studio a week. 3 Hrs.

ART 305 Advanced Studio
This course permits advanced individual exploration of techniques and principles introduced in the 200-level studio courses. The focus varies from semester to semester between two- and three-dimensional approaches, with occasional thematic topics such as the human figure, still-life, collage/montage/assemblage, etc. Prerequisite: one studio course from ART 223, 302, 303, or 304. May be repeated a total of four times. 3 Hrs.

ART 307 Art in the United States
Study of the architecture, sculpture, painting and minor arts of the Colonial period through the present, supplementing courses in American social and political history. Prerequisites: ART 215, 216 or permission of the instructor. 3 Hrs.

ART 315 Art of the Modern Era, 1870 to the Present
Critical examination of major trends in the visual arts from c. 1870 A.D. to the present, within the context of developments in science, philosophy, religion, politics, etc. Prerequisites: ART 215, 216 or permission of the instructor. 3 Hrs.

ART 329 Photography II
Further investigation of photography as a creative medium and advanced photographic techniques. Six hours studio a week. Prerequisite: ART 227. 3 Hrs.

ART 345 Art and Religion in the West
Critical examination of the visual arts as embodiments of major theological developments from c. 320 A.D. to the present. Prerequisites: ART 215, 216 or permission of the instructor. 3 Hrs.

ART 400 Art Criticism
This course is designed to introduce students to various methods of art criticism and research from historical, iconographic and iconological perspectives. 3 Hrs.

ART 406 Special Topics in Studio Art
An in-depth study of the specialized areas not included in the curriculum. Topics to be announced annually. Prerequisite: To be determined according to the nature of the topic. 1, 2 or 3 Hrs.

ART 407 Topics in Art History
Focus on specific questions of style, traditions and influence as they relate to the emergence and development of art in Europe and America. Topics to be announced annually. Prerequisites: ART 215, 216 or permission of the instructor. 3 Hrs.

ART 415 Art Since 1945
Critical examination of the visual arts since World War II, and of their responses to the radical reformulations of philosophical, religious, economic and social attitudes. Prerequisites: ART 215, 216 or permission of the instructor. 3 Hrs.

ART 451 Independent Studio

Advanced independent work in specialized areas of studio art for the mature, academically advanced student. Open to juniors and seniors with a B average in art and approval of the department. This course may be repeated for of six hours of credit. 1, 2 or 3 Hrs.

ART 452 Independent Study in Art History
Advanced independent work in specialized areas of art history for the mature, academically advanced student. Open to juniors and seniors with a B average in art and approval of the department. The course may be repeated for a total of six hours of credit. 1, 2 or 3 Hrs.

ART 497 Senior Critique
Developing a coherent art-critical position. This requires assembling a portfolio and providing written critical justification of artistic production and aims. To be directed by the student's departmental advisor and evaluated by members of the art faculty. Prerequisite: Senior standing. 1 to 3 Hrs.

ART 498 Senior Paper
This capstone course consists of an independent exploration of interactions between the student's major and the chosen concentration. The specific topic is to be selected by the student in consultation with his/her advisor. Prerequisite: Senior standing. 3 Hrs.

BIOLOGY

To serve the needs of the liberal arts student, the department offers introductory work in biology with a contemporary molecular emphasis relating the field to the physical sciences and other disciplines. A course in marine science is offered in alternate years.

Careers Major study in biology provides basic preparation leading to work in research and medical laboratories, government positions, related businesses, teaching and graduate study in biology, medicine, dentistry, physical therapy or veterinary medicine.

Teacher licensure Students majoring in biology may earn licensure to teach on the secondary level (grades 9-12). Refer to the Education Division section of the Catalog for specific requirements.

Writing-intensive course requirement The writing-intensive course requirement is met with one course chosen from Biology 300, 304, or 403.

Prerequisite
Biology 103 is prerequisite to all courses numbered 200 or above.

REQUIREMENTS FOR THE B.A. DEGREE WITH A MAJOR IN BIOLOGY ARE:

Core:
BIOL 103 Principles of Biology
BIOL 201 Invertebrate Zoology
BIOL 202 Vertebrate Zoology
BIOL 204 Botany
BIOL 300 Cell Biology
BIOL 402 Genetics
BIOL 460 Biology Seminar
BIOL 496 Senior Biology
Choose 12 hours from the following:

BIOL 230 Field Studies in Biology
BIOL 304 Ecology
BIOL 307 Introduction to Microbiology (as approved by advisor)
BIOL 309 Marine Biology
BIOL 315 Histology and Microtechnique
BIOL 380 Research Participation
BIOL 401 Comparative Physiology
BIOL 403 Developmental Biology
BIOL 430 Topics in Biology
BIOL 450 Independent Studies in Biology
Plus Mathematics / Chemistry Concentration:
CHEM 111, 111L Chemistry Principles I & Lab
CHEM 112, 112L Chemistry Principles II & Lab

Choose two of the following:
MATH 105 Finite Mathematics
MATH 111 Precalculus
MATH 121 Calculus I
MATH 122 Calculus II
MATH 206 Statistical Methods

REQUIREMENTS FOR THE B.S. DEGREE WITH A MAJOR IN BIOLOGY ARE:

Core:
BIOL 103 Principles of Biology
BIOL 201 Invertebrate Zoology
BIOL 202 Vertebrate Zoology
BIOL 204 Botany
BIOL 300 Cell Biology
BIOL 402 Genetics
BIOL 460 Biology Seminar
BIOL 496 Senior Biology

BIOL 230 Field Studies in Biology
BIOL 304 Ecology
BIOL 307 Introduction to Microbiology
BIOL 309 Marine Biology
BIOL 315 Histology and Microtechnique
BIOL 380 Research Participation
BIOL 391 Laboratory Assistant in Biology
BIOL 401 Comparative Physiology
BIOL 403 Developmental Biology
BIOL 430 Topics in Biology
BIOL 450 Independent Studies in Biology

Plus Physical Science I Concentration:
CHEM 111, 111L Chemistry Principles I & Lab
CHEM 112, 112L Chemistry Principles II & Lab
CHEM 303, 303L Organic Chemistry I & Lab
CHEM 304, 304L Organic Chemistry II & Lab
PHYS 101 General Physics
PHYS 102 General Physics
MATH 121 Calculus I

Choose one:

MATH 122 Calculus II
MATH 206 Statistics

REQUIREMENTS FOR THE B.A. DEGREE WITH A MAJOR IN ENVIRONMENTAL BIOLOGY ARE:

Core:
BIOL 103 Principles of Biology
BIOL 201 Invertebrate Zoology
BIOL 202 Vertebrate Zoology
BIOL 204 Botany
BIOL 300 Cell Biology
BIOL 304 Ecology
BIOL 307 Microbiology
BIOL 402 Genetics
BIOL 460 Biology Seminar
BIOL 496 Senior Biology

Choose at least two hours from the following:
ENVR 101 Introduction to Environmental Science
BIOL 230 Field Studies in Biology
BIOL 309 Marine Biology
BIOL 380 Research Participation
BIOL 430 Topics in Biology*
BIOL 450 Independent Studies
(*as approved by Chairman of Biology Department)

Plus Environmental Chemistry Concentration:
CHEM 111, 111L Chemistry Principles I & Lab
ENVR 201 Physical Geography
POLS 340 Environmental Politics
CHEM 112, 112L Chemistry Principles I & Lab
CHEM 305, 305L Quantitative Analysis & Lab

Highly recommended:
MATH 121 Calculus I
CHEM 307, 307L Instrumental Analysis & Lab

Note: Language proficiency through intermediate level as demonstrated by the completion of a language 201 or 202 course or by testing is highly recommended.

Natural science requirement The Natural Science requirement is met with Biology 103. Students receiving advanced placement may satisfy the Natural Science requirement with a laboratory course at the 200 level or above.

Prerequisite Biology 103 is prerequisite to all courses numbered 200 or above.

Course Descriptions

BIOL 103 Principles of Biology
An introduction to the principles underlying the activities of living organisms; origin of life; molecular biology; cell structure and function; and heredity. Laboratory emphasizes the scientific method. Three hours laboratory a week. Lab fee $50. Prerequisite: High school chemistry or CHEM 101 or 111. 4 Hrs.

BIOL 111 Human Anatomy

A study of the structure of the human body. Three hours laboratory per week. Lab fee $50. May not count toward a major except in Music Therapy and Nursing. No prerequisite. 3 Hrs.

BIOL 111L Human Anatomy Laboratory
Study of human osteology; dissection of the cat and other mammalian organs. Three hours laboratory a week. Lab fee $50. May not be counted toward a major except for students in Music Therapy and Nursing. 1 Hr.

BIOL 112 Human Physiology
A study of the functions of the human body. Laboratory study designed to demonstrate basic physiological principles. Three hours lecture and three hours laboratory a week. May not count toward a major except in Nursing. Prerequisite: CHEM 101; BIOL 111 is strongly recommended. Lab fee $50. 4 Hrs.

BIOL 120 Introduction to Medical Microbiology
Principles of microbiology with emphasis on the pathogenic bacteria, viruses, rickettsiae and fungi. Laboratory includes methods for cultivation, isolation and identification of the above. Three hours lecture and three hours laboratory a week. Lab fee $50. May not be counted toward a major except in Nursing. 4 Hrs.

BIOL 201 Invertebrate Zoology
Study of the invertebrate phyla; comparative anatomy and physiology; natural history; systematics; and evolution. Laboratory includes physiological experiments and emphasizes structure and taxonomy. Three hours lecture and three hours laboratory a week. Lab fee $50. Prerequisite: BIOL 103. 4 Hrs.

BIOL 202 Vertebrate Zoology
A survey of vertebrate phyla with comparative study of structures and their development and evolution. Laboratory includes dissection of vertebrates and microscopic study of embryological structures. Three hours lecture and three hours laboratory per week. Lab fee $50. Prerequisite: BIOL 103. 4 Hrs.

BIOL 204 Botany
Morphological survey of algae, fungi and plants, emphasizing evolutionary adaptation and identification of local flora. Three hours of lecture and three hours of laboratory a week. Lab fee $50. Prerequisite: BIOL 103, CORE 210. 4 Hrs.

BIOL 230 Field Studies in Biology
Includes studies in selected habitats or of particular groups of animals or plants, or travel-study to unusual habitats or ecosystems. Topics are announced in advance. May be repeated with different topics. Prerequisite: BIOL 103 or permission of the instructor. 4 Hrs.

BIOL 300 Cell Biology
Study of cell structure and physiology. Laboratory emphasizes research methods, including instruments and techniques used in studying cells. Three hours lecture and three hours laboratory a week. Lab fee $50. This course fulfills the writing-intensive course requirement. Prerequisite: BIOL103, 201, 202, at least one year of college chemistry (BIOL 204 recommended). 4 Hrs.

BIOL 304 Ecology

Relationship of organisms to their environment; populations and communities; aquatic and terrestrial habitats; statistical methods. Laboratory includes both experimental and field studies. Three hours lecture and three hours laboratory a week. Lab fee $50. This course fulfills the writing-intensive course requirement. Prerequisite: Biology 103. Also recommended BIOL 201, 202 and 204. 4 Hrs.

BIOL 307 Introduction to Microbiology
General survey of microorganisms with emphasis on morphology, metabolism, ecology and identification of bacteria. Laboratory emphasizes basic skills and sterile techniques. Three hours lecture and three hours laboratory a week. Lab fee $50. Prerequisite: BIOL 103, CHEM 111. 4 Hrs.

BIOL 309 Marine Biology
Introduction to oceanography and marine biology emphasizing the ecology, distribution and classification of marine organisms. Three hours lecture and three hours laboratory a week; including one weekend field trip. Lab Fee $50. Prerequisite/co-requisite: BIOL 103, 201. 4 Hrs.

BIOL 315 Histology and Microtechnique
The study of animal cells, tissues and organs. Laboratory emphasizes practical experience in preparation of microscope slides. Three hours lecture and three hours laboratory per week. Lab fee $50. Prerequisite: BIOL 103, 202. 4 Hrs.

BIOL 380 Research Participation
An introduction to biological research by participation in research with faculty. Students will conduct individual investigations and present the results of their work at the end of the term. Prerequisite: BIOL 103 and permission of the instructor. 3 Hrs.

BIOL 390, 391 Laboratory Assistant in Biology
Practical experience as a laboratory assistant in the department. May be repeated once for credit. Grading is P/NR. Prerequisite: 12 hours of biology with a grade of B or better and permission of the department. 0 Hrs., 1 Hr.

BIOL 401 Comparative Physiology
Study of the function of vertebrate systems. Comparisons made to invertebrate systems where appropriate. Includes lecture and laboratory experimentation. Three hours lecture and three hours laboratory a week. Lab fee $50. Prerequisite: BIOL 103 and 202, CHEM 112. 4 Hrs.

BIOL 402 Genetics
Principles of heredity and variation in plants and animals. Three hours lecture and three hours laboratory a week. Lab fee $50. Prerequisite: BIOL 103; MATH 121 or permission of the instructor. 4 Hrs.

BIOL 403 Developmental Biology
A study of the development of animals set within the framework of classical embryology and current molecular biology. Emphasis will be placed on the molecular events which govern the processes of fertilization, cleavage, gastrulation, organogenesis and pattern formation. The laboratory will highlight experimental approaches to studying development. Lab fee $50. This course fulfills the writing-intensive course requirement. Three hours lecture

and three hours laboratory per week. Prerequisites: BIOL 103, 201, 202 and CHEM 112. A co-requisite of CHEM 303 is recommended. 4 Hrs.

BIOL 430 Topics in Biology
This course provides the opportunity for a faculty member and a group of interested students to study a subject that is not offered on a regular basis in the curriculum. Topics are announced annually. May be repeated for credit under different subtitles. Lecture and laboratory hours vary with the credit hours and the course taught. Lab fee $50. Prerequisites: BIOL 103 and permission of the instructor; may vary with topic. 1, 2, 3 or 4 Hrs.

BIOL 450 Independent Studies in Biology
Research projects in the area of the student's interest; written report and/or oral examination may be required. May be taken more than once, but total credits may not exceed six hours. Prerequisite: BIOL 103 and permission of the instructor. 1, 2, 3 or 4 Hrs.

BIOL 460 Biology Seminar
Invited guests, faculty and students present oral reports on topics of their specific interest and experience in biology and related fields. One hour per week lecture or discussion. May be repeated for credit. Prerequisite: 8 hours of biology above the 100 level or permission of the instructor. 1 Hr.

BIOL 496 Senior Biology-Independent Review
A capstone review and synthesis of basic principles of structure and function in plants, animals and microorganisms; review of principles of population genetics, evolution and ecology. This course is designed to help students prepare for senior and professional examinations. Prerequisite: 24 hours in biology courses and permission of the instructor. Graded P/F. 2 Hrs.

BUSINESS ADMINISTRATION

The McColl Graduate School of Business offers undergraduate courses in the College of Arts & Sciences that emphasize the concepts and skills for understanding business practices, organizations and managerial responsibilities.

Majors The school offers a major in business administration, with a specialty area in marketing leading to the Bachelor of Arts degree. Additionally, business administration students may apply to the Professional Golf Management program and complete work toward the PGA Class 1 certificate. For more information about the Professional Golf Management Program, contact the Admissions Office.

Careers A major in business administration prepares the student for understanding the functional areas of business, human relations in organizations and strategic policy-making issues. There are technical, human relations and conceptual skills related to entering supervisory, managerial or professional careers in business, government or non-profit organizations. The major also prepares students for graduate-level study in accounting, finance, marketing, management and related fields.

Admission to the Major Acceptance to the major requires at least a cumulative grade point average of 2.0 and a prerequisite course grade point average of 2.5 with at least a C- in all prerequisite courses. All candidates must make formal application to the Business major during or follow-

ing the term in which all required prerequisite courses are complete.

Application requirements include:

1. Prerequisite checklist with supporting transcripts.
2. Application form.

The McColl School Undergraduate Student Admissions Committee reviews applications and notifies students of admission to the major.

REQUIREMENTS FOR THE B.A. DEGREE WITH A MAJOR IN BUSINESS ADMINISTRATION ARE:

Prerequisites to the major:
Computer Competency*
BUSN 115 Introduction to Business
MATH 105 Finite Math OR **
MATH 110 Quantitative Business Methods
MATH 206 Statistical Methods
BUSN 207 Financial Accounting
BUSN 208 Managerial Accounting
ECON 203 Macroeconomics
ECON 204 Microeconomics

*Computer competency – Students must demonstrate computer competency through successful completion of:

(a) an introductory computer skills course, such as, ISYS 110 Fundamentals of Microcomputers, with a grade of C- or better OR
(b) the competency exam given through the ISYS department.

***Students placing out of MATH 105 are required to take MATH 110.*

Core Requirements:
BUSN 305 Legal Environment of Business
BUSN 333 Principles of Management
BUSN 340 Marketing
BUSN 360 Corporate Finance
BUSN 420 International Business
BUSN 460 Business Systems
BUSN 485 Strategic Management

Plus choose one area of specialization:

SELF-DESIGNED SPECIALIZATION

12 Hours of electives at the 300 or 400 level in BUSN or ECON.

MARKETING SPECIALIZATION

BUSN 452 Marketing Management
BUSN 453 Marketing Research

Choose two courses:
BUSN 351 Consumer Behavior
BUSN 455 Personal Selling
BUSN 451 Interactive and Direct Marketing
BUSN 353 Promotion Management
COMM 341 Advertising

12 Hours

*Note: Students may, with approval, also take courses in Communication, Organizational Communications, Topics course offerings, or other appropriate areas to meet the requirements of this specialization.

BUSN 115 Introduction to Business
An introduction to each of the principal areas of the business curriculum: accounting, finance, management and marketing, as well as the role of business in American society and the nature of the private enterprise system. 3 Hrs.

BUSN 207 Financial Accounting
This course introduces financial accounting principles. Topics to be covered include recording of transactions, preparation of various journals, posting of ledgers and preparation of income statements and balance sheets. 3 Hrs.

BUSN 208 Managerial Accounting
A study of the analysis and use of accounting data to manage enterprises. Topics include cost-volume-profit relationships, decision analysis, budgeting, standard costing, segment reporting, and basic product costing methods. Prerequisite: BUSN 207. 3 Hrs.

BUSN 305 Legal Environment of Business
This introduction to law emphasizes the legal and ethical rights and duties of the individual engaged in business. Topics to be covered include the constitution, torts, crimes, agency, partnership, corporations and ethics. Prerequisite: Sophomore standing. 3 Hrs.

BUSN 306 Accounting Theory & Financial Reporting
This is a study of financial accounting theory and generally accepted accounting principles as they apply to financial reporting. The interrelationship of accounting standards with information needs of creditors and investors provides a central theme. The role that cash flow analysis plays in gathering and presenting financial information is also a key component in the course. Prerequisite: BUSN 207. 3 Hrs.

BUSN 309 Advanced Managerial Accounting
This course is a continuation of the study of analysis that uses accounting data to manage enterprises. Topics include Activity Based Costing/ Management/Budgeting, the theory of constraints and throughput accounting, standard and Kaizen costing, benchmarking, and the "Balanced Scorecard." Prerequisite: BUSN 208. 3 Hrs.

BUSN 315 Business Law
This is a study of law as it affects the individual engaged in business. Topics include contracts, sales, and negotiable instruments. 3 Hrs.

BUSN 318 Financial Statement Analysis
This is a study of the analysis of financial statements by creditors and investors. Factors that impact the presentation of financial statement information are covered, as are the behavioral responses that result from financial analysis. Topics include the study of cutting edge technology that captures and retrieves financial data, the role of regulators in influencing presentation of data to the public, and the dangers of misrepresented financial information. Prerequisite: BUSN 207. 3 Hrs.

BUSN 331 Human Resource Management
A study of the personnel function in the organization. Topics covered include job design, staffing, performance appraisal, training and development, compensation and collective bargaining. Current topics in the law

(OSHA, Fair Employment Regulations, etc.) which affect the personnel function are considered. 3 Hrs.

BUSN 333 Principles of Management
A basic survey of management theory with emphasis on the functional and task requirements of management and behavioral considerations. Specific topics include the planning, organizing and controlling functions of management; contemporary models of organizational design; motivation and performance; and group behavior and influence processes. 3 Hrs.

BUSN 340 Marketing
A study of the interrelationship between marketing functions and the other primary functions of firms or organizations. An analytical survey is made of the problems of product planning, pricing, promotion, channels of distribution and legislation affecting marketing activities as related to the satisfaction of individual consumer and societal wants and needs. 3 Hrs.

BUSN 341 Advertising
This course encompasses a full review of the development and execution of advertising campaigns. Aspects of consumer research, market analysis, media planning, creative strategy formulation, federal trade regulation and final production will be examined. Exploration of advertising agency operations and the client/agency relationship will be included. In-class projects and case analysis will provide practical experience in advertising strategy development and evaluation. May be taken as COMM 341. Prerequisite: BUSN 340. 3 Hrs.

BUSN 351 Consumer Behavior
An overall view of some of the basic perspectives of consumer behavior. An interdisciplinary approach will be stressed including the fields of economics, psychology, sociology and anthropology as related to marketing. Emphasis is placed on the fundamental processes of motivation, perception and learning, as well as analysis of individual and group influences as related to the marketing of goods and services. Prerequisite: BUSN 340. 3 Hrs.

BUSN 353 Promotion Management
A study of the promotion activities of personal selling, advertising, public relations/publicity and sales promotion as part of overall marketing strategies and budgets. Prerequisite: BUSN 340. 3 Hrs.

BUSN 360 Corporate Finance
Introduction to basic concepts, principles and analytical techniques of financial management. Emphasis on planning and managing assets. Topics include formulating financial objectives, short-term financial analysis, financial forecasting and planning, current asset management, elementary capital budgeting and cost of capital, the nature of long-term sources of funds, analysis of risks in financial decisions involving alternative investment options, mergers and acquisitions, problems in valuation, dividend policy, financial leverage and determination of optimal capital structure. Prerequisites: BUSN 208; ECON 203 and 204; and MATH 206. 3 Hrs.

BUSN 372 Personal Financial Management
A study of the management of personal and family affairs. Includes income and expenditure planning, credit and borrowing, personal savings, taxes, insurance, social security, investing, and retirement and estate planning. 3 Hrs.

BUSN 413 Auditing

A study of auditing standards as they relate to internal, external and public-sector auditing. Topics to be covered include auditing theory and ethics, responsibilities and legal liability, audit evidence, audit method and the audit report. Prerequisite: BUSN 306. 3 Hrs.

BUSN 415 Principles of Taxation
This is a comprehensive study of the concepts underlying the federal tax system. The roles that major tax issues play in directing business and financial decision-making are a focal point in this study. Primary emphasis is placed on tax issues facing corporations and partnerships. Personal income taxes are covered only in the context of how sole proprietors and partners would be affected by tax decisions. Prerequisites: BUSN 207 and 208. 3 Hrs.

BUSN 420 International Business
Survey and analysis of similarities and differences in management and business practices in selected countries in diverse parts of the world. Evaluation of socio-economic, political, legal, educational and cultural factors on managerial decision-making and business practices in specific environments. Some use of case analysis. Prerequisites: ECON 203 and 204; BUSN 340. 3 Hrs.

BUSN 421 Organizational Behavior
An examination of the behavioral aspects of organizations within our society. Specific topics include the interrelationships between the individual, informal and formal groups; group formation, cohesiveness, conformity and norms; interpersonal communications; conflict; authority, power and influence; leadership, motivation and performance. Students may elect this course as PSYC 421. 3 Hrs.

BUSN 432 The Entrepreneurial Enterprise
A study of the entrepreneur and the skills required for successful entrepreneurship. Case studies and guidance from successful local entrepreneurs will assist the students as they develop their own business plan. Prerequisites: BUSN 207, 208, or permission of the instructor. 3 Hrs.

BUSN 451 Interactive and Direct Marketing
An examination of the technology, processes, and marketing principles critical to the success of interactive, e-commerce, and direct marketing companies, products, and projects. Extends the students understanding of the principles of marketing to the fastest growing and most dynamic sector of the world economy. Combines recitation, case study, and applied experimental learning. Prerequisite: BUSN 340. 3 Hrs.

BUSN 452 Marketing Management
A study of the marketing strategies used by management under a variety of circumstances and within a variety of business and organizational settings. The case analysis method is utilized. Prerequisite: BUSN 340. 3 Hrs.

BUSN 453 Marketing Research
An introduction to the research and methods used in the marketing process. Areas given emphasis include sources of market data, sampling surveys, interpretation of data and the relationship of market research to the policies and functions of a business. Prerequisite: BUSN 340 and MATH 206. 3 Hrs.

BUSN 454 International Trade

This course includes topics on international payments, international economic theory, contemporary economic nationalism, interanional investment and currency problems and the commercial policies of foreign countries. Prerequisites: ECON 203 and 204. 3 Hrs.

BUSN 455 Personal Selling
This course focuses on the fundamentals of personal selling with an emphasis on the development of professional, consultative selling skills. Since selling is an essential key to sucess in the marketing process, understanding selling is essential for all marketers. The course combines recitation, case study, and applied experiential learning. Prerequisite: BUSN 340. 3 Hrs.

BUSN 460 Business Systems
Using the operations rubric of a supply chain and/or the marketing rubric of the consumer value chain, the course approaches business from a systems perspective. The objective is to focus on basic concepts in systems thinking. This course bridges the gap between the functional nature of the core curriculum and the integrative nature of the capstone course in Strategic Management. In addition, the couse introduces, re-enforces and enhances concepts of operations mangaement and the use of information systems in the management of the enterprise. Prerequisite: BUSN 333 and BUSN 340. 3Hrs.

BUSN 470 Principles of Investment
A study of the economic and investment environment as it relates to security investment decisions. Introduction to the concepts and techniques relevant to the formulation of investment objectives, strategies and policies for individual and institutional investors. An elementary treatment of portfolio theory and the capital asset pricing model. Prerequisite: BUSN 360. 3 Hrs.

BUSN 472 Seminar in Financial Management
In-depth treatment of advanced problems in managerial finance. Topics include working-capital management, capital budgeting, cost of capital, valuation, dividend policy and long-term financial management. Extensive use of cases. Prerequisite: BUSN 360. 3 Hrs.

BUSN 485 Strategic Management
Designed to develop analytical skills in strategy formulation and implementation and an integrated view of business operations. Provides a basic grasp of policy problems in a variety of business and governmental settings through the use of case studies. Prerequisites: ECON 203 and 204; BUSN 207, 208, 305, 333, 340, 360, and 420; or permission of the instructor. 3 Hrs.

BUSN 492 Current Topics in Business
Course designed to investigate and evaluate current topics or specialized areas of business. Course topic is to be announced the semester preceding the offering. Prerequisite: To be designated for each specific course offered. 3 Hrs.

BUSN 495 Independent Research/Study
This course provides an opportunity for an individually designed program of directed readings or a research project. Each study or project requires approval of the supervising professor and the division chairman. open to senior business majors with a 3.000 grade point average in the major. 1, 2, or 3 Hrs.

CHEMISTRY

The chemistry program is designed to provide an educational experience with considerable depth in science and mathematics. Students are prepared by this program to go into industry or to pursue careers in chemistry and medicine requiring graduate study or formal professional training in medical school. Small class size ensures each upper-level student access to lab instruments.

Careers Students planning to pursue careers in science and medically related fields should take courses in chemistry. These careers include chemistry, biochemistry, biology, forensic science, medicine, nursing, laboratory technology, medical technology, dental technology, physical therapy and veterinary medicine.

Natural science requirement The Natural Science Requirement is met with Chemistry 101 or 111.

Writing-intensive course requirement The writing-intensive course requirement is met with one course chosen from Chemistry 403 or 404.

REQUIREMENTS FOR THE B.S. DEGREE WITH A MAJOR IN BIOCHEMISTRY ARE:

Core:
CHEM 111, 111L Chemistry Principles I & Lab
CHEM 112, 112L Chemistry Principles II & Lab
CHEM 303, 303L Organic Chemistry I & Lab

Laboratories: The department requires a student to register for a laboratory with each class course below Chemistry 405.

Course Descriptions

CHEM 101 General Chemistry I
This course includes the structure of the atom; the structure of the nucleus and nuclear chemistry; the Periodic Table; chemical bonding; solids, liquids and gases; stoichiometric relationships; the properties of solutions; colloidal systems; chemical equilibria; and hydrocarbons. Three hours lecture per week. Designed primarily for non-science majors. Lab fee $50. 3 Hrs.

CHEM 102 General Chemistry II
This course is an introduction to organic chemistry and biochemistry, including functional groups, reactions and synthesis. Three hours lecture per week. Primarily for non-science majors. Prerequisite: CHEM 101 or successful completion of a high school chemistry course. Lab fee $50. 3 Hrs.

CHEM 111 Chemistry Principles I
The study of atomic and molecular structures, electronegativity, the relationships of Periodic Table, covalent, ionic and metallic bonding, molecular orbitals, enthalpy and entropy. Three hours lecture per week. Designed primarily for science majors. Lab fee $50. 3 Hrs.

CHEM 112 Chemistry Principles II
The study of chemical equilibria, reaction rates, free energy, electro-chemistry, acids, bases and pH and an introduction to carbon chemistry. Three hours lecture a week. Designed primarily for science majors. Prerequisite: CHEM 111 or its equivalent. Lab fee $50. 3 Hrs.

CHEM 303 Organic Chemistry I
Introductory course including an integrated survey of the more important compounds of the aliphatic and aromatic series; emphasis on problems in organic synthesis. Three hours lecture a week. Prerequisite: CHEM 112 or permission of the instructor. Lab fee $50. 3 Hrs.

CHEM 304 Organic Chemistry II
Theoretical course treating the mechanisms of organic reactions in terms of modern structural theories. Three hours lecture a week. Prerequisite: CHEM 303 or permission of the instructor. Lab fee $50. 3 Hrs.

CHEM 305 Quantitative Analysis
Introduction to the theory and practice of quantitative analytical chemistry. Topics include volumetric analysis, spectroscopy, electrochemistry and chromatography. Three hours lecture per week. Prerequisite: CHEM 112. Lab fee $50. 3 Hrs.

CHEM 307 Instrumental Analysis
A second course in analytical chemistry, treating the theory and operation of electronic instrumentation. Three hours lecture per week. Prerequisite: CHEM 305 or permission. 3 Hrs.

CHEM 308 Physical Chemistry
Study of the structure of gases, the physical properties of matter, the laws of thermodynamics and the principles of equilibria. Three hours lecture a week. Offered alternate years. Prerequisites: CHEM 112, PHYS 101, MATH 121, 122 or permission of the instructor. Lab fee $50. 3 Hrs.

CHEM 390, 391 Laboratory Assistant in Chemistry
Practical experience as a laboratory assistant in the department. Chemistry 391 may be repeated once for credit. Grading is P/NR. Prerequisites: 12 hours of chemistry with a grade of B or better and permission of the department. 0, 1 Hr.

CHEM 403 Biochemistry I
Study of protein conformation and function; mechanisms and regulation of enzyme action; generation and storage of metabolic energy. Three hours lecture a week. This course fulfills the writing-intensive course requirement. Prerequisite: CHEM 304. Lab fee $50. 3 Hrs.

CHEM 404 Biochemistry II
Study of the metabolism of biomolecules: biosynthesis of macromolecules; storage, transmission and expression of genetic information. This course fulfills the writing-intensive course requirement. Prerequisite: CHEM 403, BIOL 300 or permission of the instructor. 3 Hrs.

CHEM 430 Topics in Chemistry
This course provides the opportunity for a faculty member and a group of interested students to study a subject that is not offered on a regular basis in the curriculum. Topics are announced annually. May be repeated for credit under different subtitles. Prerequisite: One year of college chemistry. May vary with topic. 1, 2, 3 or 4 Hrs.

CHEM 450 Directed Individual Studies
Individual research conducted by the student. Three, six or nine hours of consultation and laboratory work a week. Prerequisite: Open to advanced students by permission of the instructor. 2, 3 or 4 Hrs.

Chemistry Laboratories

CHEM 101L General Chemistry I Laboratory
This laboratory introduces the student to elementary glass-working, general laboratory equipment and techniques, the principles of quantitative operations and qualitative analysis. Three hours laboratory a week. Lab fee $50. 1 Hr.

CHEM 102L General Chemistry II Laboratory
The student in this laboratory is introduced to semi-micro techniques, chromatography and elementary organic and biochemical techniques. Three hours laboratory a week. Lab fee $50. Prerequisite: high school chemistry, CHEM 101L or permission of the department. 1 Hr.

CHEM 111L Chemistry Principles I Laboratory
This laboratory introduces students to general laboratory equipment and techniques and the principles of gravimetric analysis. Lab fee $50. 1 Hr.

CHEM 112L Chemistry Principles II Laboratory
This laboratory introduces buffers, colligative properties, semi-micro techniques and volumetric and qualitative analysis. Lab fee $50. 1 Hr.

CHEM 303L Organic Chemistry I Laboratory
This course introduces the student to the basic experimental techniques of chemical synthesis of organic compounds. Three hours laboratory a week. Lab fee $50. Prerequisite: CHEM 112L. 1 Hr.

CHEM 304L Organic Chemistry II Laboratory
A continuation of Laboratory 303L and the introduction of the student to organic qualitative analysis. Three hours laboratory a week. Lab fee $50. Prerequisite: CHEM 303L. 1 Hr.

CHEM 305L Quantitative Analysis Laboratory
This laboratory introduces the student to the techniques of making accurate and precise measurements in the laboratory, with an emphasis on volumetric, gravimetric and electrochemical analysis methods. Three hours of laboratory per week. Lab Fee $50. 1 Hr.

CHEM 307L Instrumental Analysis Laboratory
This laboratory introduces the student to design, construction and operation of chemical instruments, as well as the proper selection of analytical techniques for solving chemical problems. Three hours of laboratory a week. Lab Fee $50. Prerequisite: CHEM 305. 1 Hr.

CHEM 308L Physical Chemistry Laboratory
Introduction to basic devices for precise physical and chemical measurements. Three hours laboratory a week. Lab fee $50. Prerequisite: CHEM 307L or permission of the instructor. 1 Hr.

CHEM 403L Biochemistry I Laboratory
Basic principles and techniques of biochemistry laboratory investigation introduced; work is quantitative in nature. Three hours laboratory a week. Lab fee $50. Prerequisite: CHEM 304L or permission of the instructor. 1 Hr.

CHEM 404L Biochemistry II Laboratory
This course is a continuation of Laboratory 403L with special emphasis given to advanced biochemical methodology and to quantitative measurement. Three hours laboratory a week. Lab fee $50. Prerequisite: CHEM 403L. 1 Hr.

COMMUNICATION

The Bachelor of Arts Degree in Communication provides students with a solid liberal arts education, enabling them to become better consumers, critics, and creators of communication in a variety of settings. The program is designed to improve students' ability to analyze and understand audiences, situations, and sources, and to develop appropriate messages in a variety of contexts. Critical thinking and situational analysis based on a foundation of strong speaking and writing enhance the students' ability to communicate. Majors in Communication elect one of three tracks: Journalism, Corporate Communication, or Communication Studies. Students interested in how news and features are developed for the media elect Journalism; students interested in how communication occurs both within organizations and between organizations and their publics elect Corporate Communication; and students interested in the interrelationships of interpersonal, public, and mass communication elect Communication Studies. Many students also choose to double-major, with popular choices including Psychology, History, English, Art, Sociology, Political Science, Philosophy and Religion, and Business. Concentrations in Communication Studies, Corporate Communication, and Journalism are also available.

Careers The broad liberal arts education provided by a major in Communication constitutes an excellent basis for a variety of careers as well as further study. Alumni thrive in such areas as law, newspaper and television journalism, advertising, public relations, human resources, the ministry, social work, government, and education.

Writing-intensive course requirement The writing-intensive course requirement for the B.A. degree is met with either COMM 204: News Writing and Editing or COMM 207: Nonfiction Writing.

REQUIREMENTS FOR THE B.A. DEGREE WITH A MAJOR IN COMMUNICATION ARE:

Core:
COMM 101 Introduction to Communication Studies
COMM 200 Public Speaking

COMM 204 Introduction to News Writing and Editing
or
COMM 207 Nonfiction Writing
COMM 475 Communication Theory and Research
Plus complete journalism, corporate, or communication studies track:

Course Descriptions

COMM 101 Introduction to Communication Studies
This course provides a survey of the nature and process of communication, exploring interpersonal, public, and mass mediated dimensions of communication. The course includes such topics as perception and listening, the development of relationships, intercultural and family communication, group interactions, public persuasion, the roles of the mass media, and developments in journalism. 3 Hrs.

COMM 103 The Sounds of Standard American English
An introduction to the pronunciation of vowels, diphthongs and consonants of standard American English. The International Phonetic Alphabet and audio tapes will be primary tools. Students may elect this course as DRAM 103. 3 Hrs.

COMM 200 Public Speaking
This course will develop students' ability to prepare and deliver an effective speech in a variety of formats. Rhetoric, logic, diction, body language and other necessities of speaking in public will be addressed. 3 Hrs.

COMM 204 Introduction to News Writing and Editing
Studies of newspaper methods and the techniques of news writing, with emphasis on basic editing. This course fulfills the writing-intensive requirement. Prerequisites: COMM 101 and ENGL 110 and 120 or permission of the instructor. 3 Hrs.

COMM 207 Nonfiction Writing
Expository writing based upon assigned topics and readings. The student will be expected to write knowledgeable expository prose based upon thought, reading and research. This course fulfills the writing-intensive course requirement. Prerequisites: ENGL 110 and 120 or permission of the department. Students may elect this course as ENGL 207. 3 Hrs.

COMM 213 Practicum in Communication: *Queens Chronicle*
Practical work in producing the student newspaper, *Queens Chronicle*, which includes regular journalism workshops with instructor and editors. Prerequisite: COMM 204 or permission of instructor. 2 Hrs.

COMM 231 Film History and Criticism
Introduction and historical analysis of the development of cinema from the silent era to the contemporary avant garde: includes survey of technological developments, evolution of popular genres and the achievements of significant directors and their landmark films. Students may elect this course as DRAM 231. 3 Hrs.

COMM 233 Television History and Criticism
A survey of the medium's 50-year history, including broadcast milestones, the entertainment and educational potential and the imprint on American society. Students will examine American mass culture through the window of television programming, explore the economic dimensions of the medium, and investigate new technologies. Students may elect this course as DRAM 233. 3 Hrs.

COMM 304 Advanced News Writing: Print
Advanced study of the techniques of writing for the media, with emphasis on the development of specialized skills and research techniques. Prerequisites: COMM 204 and 207. 3 Hrs.

COMM 305 Organizational Communication
This course is designed to explore the broad theories and applications of organizational and managerial communication, and to develop critical skills to improve communication in business settings, including: communication in management; interpersonal relationships in the workplace; communication in small group contexts such as meetings and team building; conflict management; networking; nonverbals and office politics. 3 Hrs.

COMM 310 Advanced News Writing: Broadcast
This course explores the broadcast journalism industry, examining the history of the industry, the structure of the contemporary newsroom and career opportunities in the field. Further, it gives students experience in writing and announcing radio and television news scripts. Prerequisites: COMM 110 and 204. 3 Hrs.

COMM 312 Nonverbal Communication
This course examines the various theories, research and applications of nonverbal communication in both personal and professional contexts. Areas to be studied include: body movement and gestures; clothing and personal artifacts; facial expression and eye behavior; use of space and territory; touching behavior; paralanguage and voice characteristics; and deception detection. The above areas will be applied to the contexts of interpersonal relationships, the workplace, and cultural differences. 3 Hrs.

COMM 315 Layout and Design
This course will instruct students in the editing of copy, the sizing and cropping of photographs, writing headlines, understanding typography, creating effective page designs, and mastering the necessary software for such activities. 3 Hrs.

COMM 317 Gender and Communication
This course examines the theories and applications of gender studies in various communication contexts. Areas to be considered may include basic gender theories; roles and stereotypes; gender differences in verbal and nonverbal communication; processes of socialization; images of gender in the media; and mixed group vs. same sex group interactions. Prerequisite: COMM 101 or permission of instructor. 3 Hrs.

COMM 322 Interpersonal Communication
The study of communication as it affects the individual's interaction with other people in relationships. The course includes consideration of such concepts as self-concept analysis, perception, self-disclosure, gender roles in communication, nonverbal communication, listening behavior, dyadic interaction, interpersonal conflict, and intercultural communication. Prerequisite: COMM 101 or permission of instructor. 3 Hrs.

COMM 327 Intercultural Communication
The examination of the relationship between communication and culture. The course considers models and approaches designed to explain the cultural differences in communication, including dimensions of symbolization, acculturation, prejudice, stereotyping, and ideology. Cultural variants include race, ethnicity, gender, physical disability, sexuality, socio-economic class, and geographic location. Prerequisite: COMM 101 or permission of instructor. 3 Hrs.

COMM 335 Persuasion
The study of theoretical and applied persuasive communication as it is used in focused large-scale campaigns to exert social and political influence. Students will analyze both classic and current political and social campaigns as well as prepare and present their own campaign for a given organization, candidate or issue. 3 Hrs.

COMM 341 Advertising
An introduction to the concepts, methods and materials of advertising, this course will explore the techniques of preparing a finished campaign from the research stage through market analysis to lay out, design and final presentation to a prospective client. The course will employ a case approach. A final project is required. Prerequisite: COMM 101 or permission of the instructor. 3 Hrs.

COMM 342 Public Relations
An introduction to public relations strategies for businesses and other organizations who must communicate with the public. The course will explore the media, methods and ethics of how an institution interacts with a variety of audiences. Prerequisite: COMM 101 or permission of the instructor. 3 Hrs.

COMM 343 Mass Communication
A critical analysis of the forms, messages, social impact and economic structures of the mass media. Analysis includes such topics as the structure and design of media content; major genres of mediated messages; the symbolic functions of language and images in the media; the role of media in reinforcing and/or altering public perceptions of ideas, events, and people; and the global role of American media. Prerequisite: COMM 101 or permission of instructor. 3 Hrs.

COMM 344 Small Group Communication
This course analyzes the processes of small group communication, particularly in the context of task-oriented and decision-making bodies. Areas to be considered include how individuals are forged into a group consciousness, the stages of group development, the dynamics of group interaction, productivity and satisfaction, team building techniques, leadership and other roles, the management of conflict, and decision-making. Prerequisite: COMM 101 or permission of instructor. 3 Hrs.

COMM 350 Independent Study in Communication
This course involves an independent investigation of a period in the history of mass communication or of the influence of mass media on contemporary culture or of a topic related to other particular facets of the study of mass communication: for example, journalism, television, radio, magazines, advertising or some aspect of American popular culture. Open to junior and senior majors with a 3.000 average in communication. Prerequisites: COMM 101, 204 and permission of the department. 3 Hrs.

COMM 351 Film Studies
This course focuses on the art of film and will explore such topics as film criticism, film genres (such as science fiction, film noir, the musical, etc.), foreign films, film and society, the works of selected directors (such as John Ford, Alfred Hitchcock, Frank Capra, Steven Spielberg, etc.) or studios. 3 Hrs.

COMM 352 History of American Journalism
This course explores the history of journalism in America from the colonial period to the present. Though it will focus especially on print journalism, it will consider as well the revolutionary significance of electronic journalism. This course will trace the continuities and changes in the ways in which news is defined, gathered, produced, and critiqued in American life and politics; and it will investigate in detail the lives and times of some of America's more intriguing journalists, from Peter Zenger to William Lloyd Garrison; from Ida Tarbell and the "Muckrakers" to H.L. Mencken; from early radio to TV news to the World Wide Web. Prerequisite: HIST 203 or HIST 204 or permission of the instructor. 3 Hrs.

COMM 360 Topics in Communication
Intensive consideration of a single topic in communication. The topics for the course will vary from term to term and may range from a consideration of the work of a single individual to a study of the general movement. Open to majors and to others with the permission of the department. May be taken twice with different subtitles. 3 Hrs.

COMM 364 Media Law and Ethics
This course analyzes media policies and practices with respect to their social impact, including such topics as government regulation of the media, the influence of pressure groups, field studies of media influence, laws concerning libel and privacy, and ethical issues confronting media practitioners. Prerequisite: COMM 101 and 204 or permission of instructor. 3 Hrs.

COMM 475 Communication Theory and Research
The study of a variety of theories of communication as they frame questions and enable the discovery of answers. Theories range from basic conceptions of the communication process through interpersonal, public, and mass communication. These theories then provide the basis for the investigation of key questions concerning processes of communication. Prerequisites: senior standing and at least 27 hours in the major. 3 Hrs.

COMPUTER SCIENCE

Course Descriptions

CSCI 131 Computer Science I
Problem-solving processes, algorithmic design, structured programming in a procedural language, debugging and testing techniques; Pascal is the current implementation language used. Prerequisite: Placement into category A or B on the Mathematics Proficiency Test or permission of the instructor. 3 Hrs.

CSCI 132 Computer Science II
A continuation of CSCI 131. Rigorous development of algorithms and computer programs; elementary data structures like stacks, queues and linked lists; recursive procedures plus elementary searching and sorting techniques. Prerequisite: CSCI 131. 3 Hrs.

CSCI 231 Data Structure and Algorithm Analysis
Theory of and advanced techniques for representation of information; review of stacks, queues and linked lists; trees and graphs; analysis of algorithms; hashing techniques; and advanced techniques for searching and sorting. Prerequisite: CSCI 132. 3 Hrs.

CSCI 325 Computer Organization & Assembly Language
Organization of a computer, its basic components and addressing techniques; assembly language programming; assembling, linking, running and debugging programs; and macros. Prerequisite: CSCI 132. 3 Hrs.

CORE PROGRAM IN THE LIBERAL ARTS

Queens' Core Program is a required, three-year, interdisciplinary, and interactive common experience organized developmentally and devoted to helping students examine the nature and direction of their lives. It relies especially on the opportunities for experiential learning afforded by Queens' location in a large city.

The program's goals and content derive directly from the undisputed core of meaning in the term "Liberal Arts." Traditionally, those arts are persuasive writing and speaking, sound argument, incisive reading, and thoughtful judgement. They are all forms of know-how that we become good at with practice.

Traditionally, too, the word "liberal" in "liberal arts" refers to "freedom" in several respects: In their pre-modern context the liberal arts free us from banal pursuits so that we might act as responsible citizens; in a religious context they free us from mundane preoccupations so that we might focus on spiritual concerns; and in the modern context they free us from inherited prejudices through the development of a more critical intellect. The kernel of these various meanings is that any arts deemed "liberal" free us from what is less significant and hence, less worth caring for in the long run, by helping us sort out what ultimately is more significant, more worth caring for, over a lifetime, so that we might better deliberate on how we ought to live.

Below are listed, semester by semester, the Defining Questions young men and women who wish to be "free" must ponder.

Further information concerning Core Program requirements and regulations may be found in the "Academic Program" section, page 47, and the "Academic Regulations" sections, page 50.

Course Descriptions

CORE 110 Ancients
Today's students will live well into the 21st century and through as much social change as any generation in history. Yet, the spiritual and ethical resources for coping with such change come largely from a pre-modern past. This course's Defining Questions: What were the Hebrew-Christian and Greco-Roman notions of fineness in a person or in a life? What notions of a good or just society did each of these traditions bequeath to us? Core Program fee, $55. 4 Hrs.

CORE 120 Moderns
This course continues the inquiry begun in 110. Its Defining Questions: How have scientific, technological and market forces altered our lives and beliefs in the modern era? How do these forces currently affect students' lives? What prior responses to the impact of these forces should students be mindful of? To what extent and in what respects do the older notions of a good person, good life and good society studied in CORE 110 still help us "moderns" assess and respond to the continuing transformation wrought by science, technology and the market? Core Program fee $55. 4 Hrs.

CORE 210 American Issues
The first year of the Core Program sought to develop powers of ethical and social judgement as well as an awareness of large-scale social change over time and its present impact on students' lives. The second is devoted to applying those powers and that awareness to the issues students confront as citizens. This first course in the second year focuses on what American citizenship entails with regard to issues at home; the second, with regard to issues abroad. CORE 210's Defining Questions: What makes us Americans? What rights and responsibilities have we as American citizens? How can we participate more effectively and responsibly in American Democracy? Core Program fee, $55. 4 Hrs.

CORE 220 Global Issues
This course's Defining Questions: How can we as Americans better understand cultures other than our own? What are the most pressing problems worldwide? What solutions would we offer? How can the United Nations find solutions to pressing global problems? Core Program fee, $55. 4 Hrs.

Note: *There are no Core Program courses in the third year. Yet, the CORE 110, 120, and 220 courses described above are intended in part to prepare students for a three and a half week trip abroad that over 90% of them take at the end of their junior year. And the final Core Program course (described below) capitalizes on the work experience gained by Queens students in their prior internships.*

CORE 410 Ethics
This case-based ethics course refines and applies the powers of ethical and social judgement developed in earlier Core Program courses. Its Defining Questions: What ought I to do in this or that situation? What kind of person do I want to be? What do I regard as the best possible life? What do I regard as a good or just community?
Core Program fee, $30. 3 Hrs.

DRAMATIC ART AND SPEECH

Major in English/Drama Students may major in English/Drama. Such a major provides the opportunity for concentrated work in dramatic literature and theatrical production. Electives may be chosen from the related fields of literature, dance and music. This major will introduce the student to all phases of theatrical and dramatic theory and practice.

Writing-intensive course requirement The writing-intensive course requirement is met with Drama 250.

REQUIREMENTS FOR THE B.A. DEGREE WITH A MAJOR IN ENGLISH/DRAMA ARE:

ENGL 200	Introduction to World Literature
ENGL 313	Shakespeare
DRAM 303	Major Figures in World Drama: Ancient Greece to the Renaissance
DRAM 304	Major Figures in World Drama: Renaissance to Modern
DRAM 250	Beginning Acting
DRAM 315	Theatrical Production Technique
DRAM 352	Directing for the Theater
DRAM 451	Senior Project
DRAM 317	Practicum in Play Production (minimum 2 hrs.)
DRAM 231	Film History and Criticism
or	
DRAM 233	Television History and Criticism
DRAM 103	The Sounds of Standard American English
or	
DRAM 350	Advanced Acting
DRAM 336	Tragedy
or	
DRAM 337	Comedy
DRAM 327	Modern Drama
or	
DRAM 355	Topics in Dramatic Literature

Course Descriptions

DRAM 103 The Sounds of Standard American English
An introduction to the pronunciation of vowels, diphthongs and consonants of standard American English. The International Phonetic Alphabet and audio tapes will be primary tools. Students may elect this course as COMM 103. 3 Hrs.

DRAM 231 Film History and Criticism
Introduction and historical analysis of the development of cinema from the silent era to the contemporary avant garde; includes survey of technological developments, the evolution of popular genres and the achievements of significant directors and their landmark films. Students may elect this course as COMM 231. 3 Hrs.

DRAM 233 Television History and Criticism
A survey of the 50-year history of the medium, including its broadcast milestones, the entertainment and educational potential and the imprint on American society. Students will examine American mass culture through the window of television programming, explore the economic dimensions of the medium, and investigate new technologies. Students may elect this course as COMM 233. 3 Hrs.

DRAM 250 Beginning Acting
Introduction to basic principles of acting theory and accompanying illustrative exercises; relaxation, observation, concentration, imagination, alignment, improvisation, etc. This course fulfills the writing intensive course requirement for the drama major. 3 Hrs.

DRAM 303 Major Figures in World Drama: Ancient Greece to the Renaissance
Survey of dramatic literature from ancient Greece to the Renaissance, with emphasis on the relationship of the plays to the physical circumstances of theatrical production and to the historical and cultural milieu of the period. Students may elect this course as ENGL 303. 3 Hrs.

DRAM 304 Major Figures in World Drama: Renaissance to Modern

Current topics such as movements of the Federal Reserve System with respect to interest rates will be considered from both election and non-election year standpoints. While focus will be on the United States economy, international monetary and financial topics will also be discussed. This course gives an overview of the events that shape the world. 3 Hrs.

EDUCATION

Obtaining a North Carolina Class "A" initial teacher license is possible through programs in elementary (K-6); special subjects (grades K-12) in French and Spanish; and secondary subject areas (grades 9-12) in English, mathematics, biology, history, and social studies. All programs are approved by the North Carolina Department of Public Instruction and the National Council for Accreditation of Teacher Education (NCATE), allowing licensure reciprocity with other states. Teacher licensure may be obtained as part of the student's four-year program. Students pursuing licensure in elementary education (K-6) should major in elementary education. Students pursuing (K-12) foreign language licensure should major in foreign language-French or foreign language-Spanish. Students pursuing secondary subject licensure (9-12) complete the appropriate major and gain licensure through a concentration in secondary education. At Queens University of Charlotte, the education of teachers is the joint responsibility of academic departments and the education department.

Division objectives state that the education of teachers is threefold: they receive liberal education, they pursue in depth their teaching specialties and they acquire the necessary professional knowledge and the skills needed in teaching. Objectives for each area of licensure are listed in the Teacher Education Handbook, available in the Education Division.

Admission to the teacher licensure program Students apply to the Education Division for admission to the teacher licensure program during spring term of their sophomore year. To be accepted, a students must have:

- positive recommendations by three Queens faculty members
- an overall grade point average of 2.500 after four semesters of course work

- satisfactory scores on the mathematics, reading and writing components of the Pre-Professional Skills (PPST) Praxis I Test
- approval of the Teacher Education Committee

Students may not take more than 50 percent of their professional education courses before being officially admitted to the Teacher Education Program.

Retention in the program Retention in the program is based on the expectation that students demonstrate the characteristics of and conduct themselves as members of the teaching profession. Students may be removed from the program upon showing professional incompetence. A deficiency in one or more of the following areas is evidence of professional incompetence:

- knowledge of the subject
- ability to impart that knowledge
- the manner and efficacy of discipline in the classroom
- rapport with students, as well as parents, faculty, administration and staff
- physical and mental ability to perform the essential functions of a teacher

Professional incompetence may be grounds for dismissal from the program and failure to recommend students for licensure.

Admission to student teaching Students must apply for student teaching in the term preceding their planned student teaching semester. All professional course work must be completed before the student teaching semester. Minimum criteria for admission to student teaching are:

- a cumulative grade point average of 2.500
- a major grade point average of 2.75
- recommendation by the major department
- approval of the Education Division and Teacher Education Committee

North Carolina testing requirements In addition to completing all program requirements, in order to be licensed in North Carolina, students must successfully pass any tests mandated by the state at that time. Currently students are required to take the Praxis II specialty area tests. Information on current testing and application forms for the Praxis I and II may be obtained from the Education Division. Persons interested in teacher licensure who have already earned a bachelor's degree are admitted as post-baccalaureate students. They should contact the Hayworth College Admissions Office regarding admission and are expected to complete a minimum of 12 credit hours successfully at Queens University of Charlotte prior to student teaching.

Writing-intensive course requirement The writing-intensive course requirement is met with EDUC 221.

Competencies Licensure requires the achievement of competencies in areas designated by state and national accrediting agencies in general education, professional education, and teaching specialty.

Course Descriptions

EDUC 221 Introduction to Teaching
Sociological, historical and philosophical background, purposes and concepts basic to the development of public education in the United States. Primarily for sophomore level students; required of all students in teacher education. A field experience is required. 3 Hrs.

EDUC 225 Curriculum and Instruction for Elementary Schools
Curricular planning and development skills with emphasis on designing and implementing integrated activities, developing individualized materials and classroom organization and management. A field experience is required. Prerequisite for other methods and materials courses. 3 Hrs.

EDUC 270 Computers in Education
Students will gain an understanding of the basic concepts of hardware and software and the uses of the computer in instructional programs by identifying, evaluating and selecting effective course ware, identifying and/or developing teaching strategies necessary to integrate course ware into the ongoing instructional program and using the computer for Computer Assisted Instruction and Computer Managed Instruction. This course fulfills the writing-intensive course requirement. 3 Hrs.

EDUC 299 Exploratory Internship in Education
This internship is to provide students with the opportunity to explore career options through on-site experiences in educational settings. This internship does not count toward the major. 1, 2 or 3 Hrs.

EDUC 305 Literature for Children
Book selection and the integration of knowledge of children and books; includes evaluating types of literature and planning ways of using books with children. This course is designed primarily for education majors. 3 Hrs.

EDUC 310 Educational Psychology
Study of those principles and theories of psychology that have direct application to the classroom. Emphasis will be on development, learning, motivation, classroom management and assessment. Students will participate in six field placements in which they will observe contemporary research in authentic classroom situations. Pre- or Co-requisite: PSYC 201. 3 Hrs.

EDUC 345 Content Area Reading
The importance of reading development in the content fields for the improvement of learning is emphasized. Topics include study skills; selection of appropriate reading materials, both functional and recreational; classroom strategies for facilitating reading comprehension; and vocabulary-building methodologies. Required for secondary teacher certification in all areas. 3 Hrs.

EDUC 352 Topics in Education
Intensive consideration of a problem in education that is not offered on a regular basis in the curriculum. The topics for the course will vary from term to term. Prerequisite: Sophomore status or above. 3 Hrs.

EDUC 401 Language Arts Education
Curriculum and teaching strategies in the language arts with emphasis on the inter-relatedness of all language processes including reading, writing, listening, speaking, viewing, and visually representing. Includes an overview of basic reading skills and methods for teaching reading and the writing process. Integration of the language arts in all curricular areas is studied. A field experience is required. 3 hrs.

EDUC 402 Diagnostic and Corrective Techniques in Reading
Teaches students how to identify, interpret, and prescribe strategies to meet the needs of those experiencing difficulty in reading. Formal and informal diagnostic measures are studied. A school experience of working with students who have reading difficulties is required. Prerequisite: EDUC 401. 3 hrs.

EDUC 404 Mathematics Methods & Materials in the Elementary School
Provides a comprehensive overview of developmentally appropriate teaching methods, materials, resources and strategies related to effectively teaching mathematics concepts in elementary schools. Emphasis will be placed on reasoning, problem solving and the integration of mathematics in other areas of the elementary school curriculum. An integrated field experience is required. Co-requisites: EDUC 402, 411, 412. 3 Hrs.

EDUC 411 Social Studies Methods & Materials in the Elementary School
Examines methods, current trends and content of effective social studies teaching with emphasis on relationships among social science discipline areas in a multicultural society. Emphasis will be placed on developing thinking skills and problem solving and on the relationship of the social studies to other areas of the elementary school curriculum. An integrated field experience is required. Co-requisites: EDUC 402, 404, 412. 3 Hrs.

EDUC 412 Science Methods and Materials in the Elementary School
Examines developmentally appropriate teaching methods, materials, resources and strategies related to designing effective science learning experiences in elementary schools. Emphasis will be on connectedness of science to other areas of the elementary school curriculum. An integrated field experience is required. Co-requisites: EDUC 402, 404, 411. 3 Hrs.

EDUC 436 Secondary Methods and Materials
Study of teaching methods, resources, materials and strategies as related to general secondary school teaching and specific content area teaching. Prerequisite to student teaching; normally to be taken in fall term of senior year. A field experience is required. 3 Hrs.

EDUC 449 Practicum in Student Teaching
Course is designed for those students with extensive experience or certification in teaching in one area who now desire certification in area of experience or second area certification. Will include directed observation and student teaching in selected schools. Offered on demand. Grading is P/F. Student Teaching Fee: $25. Prerequisite: Permission of the Instructor. 3, 4, 5, 6 Hrs.

EDUC 450 Individual Studies in Education
Programs of study for experienced classroom teachers, following their interests and needs, are planned with the help of the instructor. Persons interested in enrolling in Education 450 must confer with the instructor in person or by letter prior to the beginning of the course so that individual study plans may be formulated. Offered on demand. Prerequisite: Classroom teaching experience and permission of the instructor. 1, 2 or 3 Hrs.

EDUC 452 Post-Practicum Seminar in Secondary Education
This seminar course, which follows student teaching and is part of the professional block, is designed to provide the final integration of the theoretical and practical aspects of the education profession. Through seminar topics and individual study, students will assess and strengthen the understandings and competencies required of teachers in secondary education. Grading is P/F. 2 Hrs.

EDUC 499A Professional Internship: Elementary
Directed observation and student teaching in selected schools, grades K-6; seminars are scheduled throughout this period. Grading is P/F. Student Teaching Fee: $50. 12 Hrs.

EDUC 499C Professional Internship: Secondary
Directed observation and student teaching in selected schools, grades 9-12. Seminars are scheduled throughout this period. Grading is P/F. Student Teaching Fee: $50. 12 Hrs.

EDUC 499D Professional Internship: Foreign Language
Directed observation and student teaching in selected schools, grades K-12. Seminars are scheduled throughout this period. Grading is P/F. Student Teaching Fee: $50. 12 Hrs.

ENGLISH

Courses in the department include composition, literature, film, and dramatic arts. Students are encouraged to take courses in all these areas, but courses in film and dramatic arts (unless specified) do not count towards a regular major in English. Initial courses train the student to perceive and evaluate the form, structure and inner dynamics of any literary work. Advanced courses focus on specialized areas of relevance and are designed to give the student an awareness of ways in which other disciplines can contribute to a fuller understanding of literature.

Careers Study of literature and composition affords preparation for professional schools in law and teaching. In addition, students majoring in this department find their training applicable to editing, newspaper and television journalism, and copywriting for publishers and advertising agencies. When combined with study in communication, economics and business, careers may be planned for public relations and personnel work. Career opportunities also exist in films, theater and many phases of creative writing. Students may also obtain teaching certificates through elective courses. Students interested in drama and theater may want to consider the program outlined in the section on dramatic art.

Teacher licensure Students majoring in English may earn licensure to teach on the secondary level (grades 9-12). Refer to the Education Division section of the Catalog for specific requirements.

Writing-intensive course requirement The writing-intensive course requirement is met with ENGL 460.

ENVIRONMENTAL SCIENCE

Natural science requirement The Natural Science Requirement is met with ENVR 101.

Course Descriptions

ENVR 101 Environmental Science
A study of some of the environmental issues confronting our modern society. Selected scientific principles are considered for a basic understanding of environmental problems, and some attention is given to the role of science and technology in the development and possible solutions of the problems. Specific topics include natural ecosystems, human population, food production, energy, transportation, water pollution and air pollution. Three hours lecture, two hours laboratory a week. Lab fee $50. 4 Hrs.

ENVR 201 Physical Geography
The simple ingredients of water, soil, rocks, and gravity combine to produce wonderfully complex landscapes on earth. In order to learn how the earth "works," this course examines how earth's physical processes (e.g., hydrology, geology, geomorphology, climatology) create and modify those landscapes. The design and execution of field research techniques in physical geography (field notes, sketching, soil and water sampling, and mapping) will be emphasized through team and individual research projects. Briefly considered is how landscapes affect other natural phenomena such as vegetation and wildlife. Prerequisite: ENVR 101 or BIOL 103 or CHEM 111 or permission of instructor. 4 Hrs.

ENVR 202 Conservation Biology
The course focuses on the protection and management of biodiversity. Topics include species conservation, causes and consequences of declines in global biodiversity, habitat fragmentation, management approaches, biological reserve design, restoration of ecosystems, sustainable use of biological resources, and the role of conservation biologists in policy making. Prerequisites: ENVR 101, BIOL 103, or permission of instructor. 3 Hrs.

ENVR 204 Tropical Island Systems
Tropical islands, often surrounded by thousands of square miles of ocean, have developed from a careful balance of geologic, climatic, and biologic processes. Human activities, too, have evolved as a part of these tightly connected ecological systems. However, isolation leaves these systems and the people that depend on them vulnerable. This course is intended to provide an overview of the social and ecological processes operating on tropical islands. Specifically, we will examine how islands are formed, how mangrove forest and coral reef ecosystems function, how sustainable development of islands might work, and how island cultural norms affect natural resource management. Special consideration will be given to the islands of Micronesia. No prerequisite. 3 Hrs.

ENVR 250 Topics in Environmental Science
This course provides an opportunity for students and faculty to pursue a subject that is not offered on a regular basis in the curriculum. May be repeated for credit under different subtitles. Lecture and laboratory hours may vary. 1, 2, 3 or 4 Hrs.

ENVR 301 Geographic Information Systems
Geographic Information Systems (GIS) is a powerful computer tool used not only for making maps, but also for managing and analyzing information shown on the map. Understanding the location and the status of any landscape feature (and how that status might have changed over time) greatly improves our knowledge of how the landscape works. This course aims to provide students a combination of mapping theory and practical knowledge of ArcGIS software. 3 Hrs.

ENVR 450 Independent Studies in Environmental Science
This course allows students to pursue independent research projects in areas of the student's interest. Written reports and/or oral examinations will be required. This course may be taken more than once for credit, but total credits may not exceed six hours. Prerequisite: Permission from instructor. 1, 2, 3, or 4 Hrs.

ENVR 460 Environmental Science Seminar
Invited guests, faculty and students present oral reports on topics of their specific interest and experience in environmental science and related fields. One hour per week lecture or discussion. May be repeated for credit. Prerequisite: BIOL 103, CHEM 101, ENVR 101 or permission of instructor. 1Hr.

FOREIGN LANGUAGE

A foreign language major with an option to choose one language or two languages is offered. Students may choose between French and Spanish. For specific course descriptions, see course listings under the appropriate language.

REQUIREMENTS FOR A B.A. DEGREE WITH A MAJOR IN ONE LANGUAGE ARE:

Thirty credit hours of courses in the language above the 100-level as approved by the major advisor. The University-wide requirement of an internship should be in an environment related to the language of choice and may contribute up to six credits toward the major.

Fulfillment of the internship requirement may be achieved either in a foreign placement or in an approved local placement. It is strongly recommended that at least six hours of credit be earned in foreign residency through participation in an international experience immersion program, foreign internship, or other approved foreign study program.

REQUIREMENTS FOR A B.A. DEGREE WITH A MAJOR IN TWO LANGUAGES ARE:

Eighteen credit hours above the 100-level in each of two languages as approved by the major advisor. Six hours must be taken in either three hours of internship in each language, or a foreign study experience, or by additional course work (at another institution if necessary).

Teacher Licensure Students majoring in foreign language-French or foreign language-Spanish may earn licensure to teach K-12. Refer to the Education Division section of the Catalog for specific requirements.

Writing-intensive course requirement Courses which meet the writing-intensive course requirement are listed with course offerings.

FRENCH

A foreign language major with an option to choose one language or two languages is offered. Students may choose between French and Spanish. Foreign Language major requirements are listed above.

Writing-intensive course requirement The writing-intensive course requirement is met with one course chosen from FREN 310 and 320.

GERM 370 Topics in German Studies
Course designed to address a specific topic or area of German studies. Topic will be announced the semester preceding the offering. Prerequisite: To be designated for each specific course offered. May be repeated with different topics. 3 Hrs.

HISTORY

History, drawing upon nearly all fields of knowledge, helps provide a deeper understanding and perspective of the forces which influence individuals and the world around them. It trains one in the skills of research, analysis and written interpretation.

Careers A concentration in history is an excellent general foundation for many occupations, professional careers and graduate study. It provides opportunities for careers in teaching, policy research in government and business, archives and records management, law and politics, and foreign service. Queens University of Charlotte is a member of the Institute of Applied History.

Teacher licensure Students majoring in history may earn licensure to teach history or social studies on the secondary level (grades 9-12). Refer to the Education Division section of the Catalog for specific requirements.

Writing-intensive course requirement The writing-intensive course requirement is met with HIST 300.

Course Descriptions

HIST 200 Hands on History
Did you know that a series of important Revolutionary War battles were fought in and around the Charlotte area? Did you know that one of the most important and violent labor strikes in American history took place right here in the 1930's or that the sit-in strategy of the modern civil rights movement was born in nearby Greensboro? This course introduces students to the study of history by engaging them with the rich and varied history of Charlotte and the Carolina Piedmont. In-class preparation will be followed by several excursions to local and regional sites of historical importance, visits to museums, and trips to area events and lectures. A time commitment outside of the normal class schedule is therefore required. Every effort will be made to schedule these excursions as conveniently and flexibly as possible. This course is required for history majors. With department approval, this course may be repeated once. Pass/Fail. 1 Hr.

HIST 201 The Emergence of the West
A survey of the history of civilization from the ancient world to the European crises of the seventeenth century, with emphasis upon the political, social and intellectual development of Western civilization. 3 Hrs.

HIST 202 The West in the World
A survey of the history of civilization from the end of the religious wars and the emergence of the great European powers to the crises of the twentieth century and nuclear age, with emphasis generally upon the political, social and intellectual development of Western civilization. 3 Hrs.

HIST 203 American History to 1877
This course offers a survey of American history, beginning with an exploration of early Native American cultures and ending with a study of the American Civil War and Reconstruction. The class will focus its attention on the important social, political, and economic issues at play that created the unique tapestry of American cultural life in the colonial, revolutionary, and early national periods of American history. An effort will be made to connect developments in early American history to contemporary events shaping our lives. Students will be introduced to a range of primary source evidence from the American past, including diaries, speeches, laws, fiction, photographs, paintings, statistics, and the like. 3 Hrs.

HIST 204 American History since 1877
This course offers a survey of the meaningful events in America's recent past that have shaped who we are as a people and a nation today. Special attention will be paid to the themes of race and the reformulation of national

identity, the rise of the modern nation-state, presidential leadership, and the connection between capitalism and the rise of a consumer-based popular culture. Assignments include grading the best and worst twentieth century presidents, debating whether the 1920s flapper was a feminist, and advising international leaders on the direction of their foreign policy during the cold war. An effort will be made to connect each topic we examine to current events as they unfold in contemporary American life. 3 Hrs.

HIST 299 Introduction to Research Techniques & Argumentive Writing

This course will serve as an introduction to the research techniques and argumentative writing employed by historians and lawyers. Emphasis will be placed on introducing students to a wide range of primary source analysis, including standard legal materials, and exploring in depth how to craft an argumentative research paper. Students will be required to produce a substantial and originally researched paper at the end of the semester. This course fulfills the writing-intensive course requirement. 3 Hrs.

HIST 301 History Conversations

History Conversations is a companion course to HIST 300, the practicum in historical research. It is a required course for history majors History Conversations will be team-taught by members of the history faculty. The instructors will select several current issues, texts, and problems of current interest and study them in seminar fashion with students. Topics and materials will vary semester by semester. Class meetings will be both on and off campus. This course is designed for students mid-way through their history major. Prerequisites: HIST 201, 202, 203, 204, 300 or permission of the instructors. 3 Hrs.

HIST 303 Ancient Greece

An examination of Greek history from the Mycenaeans in the second millennium B.C.E. through the Hellenistic era, with special emphasis on Classical Greece (500-323 B.C.E.). Prerequisite: HIST 201 or permission of the instructor. 3 Hrs.

HIST 304 Ancient Rome

A study of the history of Rome, from its founding to the disintegration of the Roman Empire in the fourth and fifth centuries C.E. Prerequisite: History 201 or permission of the instructor. 3 Hrs.

HIST 305 Medieval History

An investigation of the thousand years known as the Middle Ages: the world of castles, cathedrals and universities; ladies and knights; peasants and burghers; dragons and unicorns. Prerequisite: HIST 201 or permission of the instructor. 3 Hrs.

HIST 306 Early Modern Europe

A survey of the history of Europe from the Renaissance to 1789. Topics include the 16th century rupture in Christendom, the growth of seaborne empires and national states, the scientific revolution, and the Enlightenment. Prerequisite: HIST 201 or permission of the instructor. 3 Hrs.

HIST 307 History of Latin America

A survey of the forces and events which have shaped Latin America experiences from the sixteenth century to the present. 3 Hrs.

HIST 309 Contemporary Europe
An investigation of today's Europe, from the First World War to the present. Topics include the world wars, the holocaust, the rise and fall of the Soviet Union, the Cold War and the rise of the European Union. Prerequisites: HIST 202 or permission of the instructor. 3 Hrs.

HIST 310 Ideas & Imagination in Europe: 1789 to Present
This course explores European intellectual and cultural history from the eighteenth century to the present. Though the course focuses on intellectuals and ideas, it places both in a wider cultural context. While the course focuses especially on written texts, it will include materials from music, the visual arts, and cinema. Movements to be considered range from the Enlightenment and Romanticism, to Realism and Surrealism, to Modernism and Post-Modernism. Prerequisite: HIST 202 or permission of instructor. 3 Hrs.

HIST 315 Oral History
Examination of ways in which cultures were preserved in the past (folklore, folklife, handicrafts, etc.) and the study of and practice in the methodology of gathering and preserving historical information in oral form. 3 Hrs.

HIST 330 British History
An investigation of the British historical experience through the study of the key moments and personalities which have shaped British history from William the Conqueror through the Tudors and Stuarts, to the Victorians and the present. Prerequisite: HIST 202 or permission of the instructor. 3 Hrs.

HIST 331 Russian History
An investigation of the Russian experience through the study of the key moments and personalities which have shaped Russian history from Kievian Russia to the present. Prerequisite: HIST 202 or permission of the instructor. 3 Hrs.

HIST 332 German History
An examination of the experience of the German-speaking peoples from the devastation of the seventeenth century Thirty Years War, through eighteenth century Enlightenment, to the emergence of Germany as a major power in the nineteenth and twentieth centuries. Prerequisite: HIST 202 or permission of the instructor. 3 Hrs.

HIST 340 African American History
This course concentrates on the history of African Americans from the colonial period to the present. It introduces students to the historical literature concerning the course of slavery in the United States, its abolition and aftermath, as well as the experience of free blacks in the North and South. It focuses on the institutionalization of segregation and African American efforts to achieve equality in an unequal system, culminating in the civil rights movement of the recent period. Cultural history art, literature and music are integral to the course, as is the experience of African American women. 3 Hrs.

HIST 341 The Civil Rights Movement in America
In 1903, W.E.B. Dubois argued that "the problem of the twentieth century is the problem of the color line." This course explores the unraveling of the color line in postwar America. Central to the task will be an analysis of the strategies and tactics grass roots activists employed in their assault on

segregation. The class will also assess the tensions which emerged between a civil rights movement based on the principle of integration and a black liberation movement which emphasized self-separation. At the same time, the course will examine the creation of an African-American "movement culture" that found expression in music, literature, and the arts. Prerequisite: HIST 204, POLS 201, or permission of the instructor. 3 Hrs.

HIST 345 Religion in America
This course will provide students with a survey of the most important movements, people and events in American religious history from the settlement of the colonies to the present. The course will examine Protestant, Roman Catholic and Jewish traditions, as well as important cults and religious alternatives outside the traditional mainstream. Prerequisite: HIST 203 and 204 or permission of instructor. Students may elect this course as RELG 345. 3 Hrs.

HIST 346 North Carolina History
A careful study of the events and personalities which have shaped North Carolina. This course permits students to become actively engaged in historical analysis by focusing on local history, and in some cases, by visiting historic sites. Prerequisite: HIST 203 or 204 or permission of the instructor. 3 Hrs.

HIST 348 Recent History of the American South
Scholars and amateur historians have long probed the question: What is the South? This simple question has proved difficult to answer. Is there something truly distinctive about the South or are the differences between the South and the rest of the nation imagined? This course explores such questions, placing an analysis of contemporary southern life, politics, and culture in their proper and rich historical context. Our examination of recent southern history will trace events back to their late nineteenth century origins. Throughout the course we will pay close attention to changing politics of race and probe the unique expressions of southern culture -- all in order to unlock the answer to the question of southern distinctiveness. Prerequisites: HIST 204 or permission of instructor. 3 Hrs.

HIST 349 The Era of the Civil War and Reconstruction
The Civil War and Reconstruction were the defining events of the nineteenth century if not the defining events in our nation's short history. Undertaking exactly how the nation arrived at the brink of war, divided, and finally, after horrible and bloody conflict, came back together again, will be the central task of this course. The course will be divided into three sections. In the first, students will explore the origins of the sectional conflict. Next students will examine the war itself, asking questions about the inevitability of the Union's victory and the role of the African Americans in the process of emancipation. In the last section of the course the class will study attempts to reconstruct the relationships between whites and blacks, northerners and southerners in the wake of the Confederacy's defeat. Attention will also be paid to popular, current interpretations of the causes and meanings of the Civil War in popular culture. Prerequisite: HIST 203 or permission of the instructor. 3 Hrs.

HIST 350 Pop Culture and the Consumer Ethic in America
In the 1920s, flappers and families dominated American comic strips. In the 1930s, these strips were replaced by Buck Rogers, Dick Tracy, and Batman. Why the change? What does the change tell us about America's transition from the Roaring Twenties to the Great Depression? In this course students will examine such questions, exploring the varied meanings

behind expressions of popular culture and what such cultural forms tell us about the period in which they were created. This course will also explore the historical underpinnings behind the rise of mass media, paying specific attention to the interplay between industrialization and mass production and a culture based on the principle of consumption. Students may elect this course as AMST 350. 3 Hrs.

HIST 351 History and Film
This course considers film as historical documents and the filmmaker as a historian. The purpose is to explore major historical events and thematic topics in history as they are reflected in film and as they affect the making of film. The course will focus on the inter-relation between historical record and film record. The course will be structured both around specific historical events such as the Great Depression and the Vietnam War, and selected topics such as women's history and film, the South on film, etc. 3 Hrs.

HIST 352 History of American Journalism
This course explores the history of journalism in America from the colonial period to the present. Though it will focus especially on print journalism, it will consider as well the revolutionary significance of electronic journalism. This course will trace the continuities and changes in the ways in which news is defined, gathered, produced, and critiqued in American life and politics; and it will investigate in detail the lives and times of some of America's more intriguing journalists, from Peter Zenger to William Lloyd Garrison; from Ida Tarbell and the "Muckrakers" to H.L. Mencken; from early radio to TV news to the World Wide Web. Prerequisite: HIST 203 or HIST 204 or permission of the instructor. 3 Hrs.

HIST 353 "We Interrupt this Broadcast!" America's Top News Stories since 1945
This course in the history of American journalism examines the intersection of historical event and journalistic report and traces the complex ways in which journalism and history intersect, interact, compliment, and contradict each other. This course focuses specifically on the news stories that were part of the American experience since World War II. The Bomb, the Cold War, McCarthyism, the Kennedy Assassination, the Civil Rights Movement, Vietnam & Watergate, the fall of the Berlin Wall, the Clinton impeachment, the Iraq Wars and 9/11 - are some of the political stories from the past generation. But not all the top stories were political: the birth of Rock and Roll; the Women's Rights Movement; generational rebellion in the Sixties; the birth of the Internet - these too were some of the big stories since 1945. In the process of investigating these stories, this course will explore the effect of the media on the American experience, and the impact of the American experience on the structure, practice, and values of the American media. Prerequisite: History 204 or permission of the instructor. 3 Hrs.

HIST 361 Ideas and Values in Conflict in History
A study of decisive intellectual and moral conflicts involving individualism, humanism, obscurantism, fundamentalism, racism, nationalism, totalitarianism, socialism, Nazism, Communism, materialism and fanaticism. Seminar format. 3 Hrs.

HIST 362 Contemporary Ideas & Values
Like its companion seminar, History 361, this seminar investigates those ideas and values which shape human events and perspectives. This course focuses on contemporary ideas and values, that is, those issues which

shape today and will shape tomorrow. While HIST 361 is an excellent preparation for this course, it is not a prerequisite. Prerequisite: HIST 201 or 202 or permission of the instructor. 3 Hrs.

HIST 363 The History of Our Time
This seminar is an exercise in the historical imagination. It considers those events and persons which dominate today's headlines, and considers them from an historical perspective. Specific themes will vary from semester to semester, but may include, for examples, investigations of world conflicts, political controversies, social and economic developments, and cultural debates. Prerequisite: HIST 201 or 202 or permission of the instructor. 3 Hrs.

HIST 385 Law and Society in America
The crime of witchcraft was not unusual throughout the early American colonies. By the Revolutionary War, however, it had virtually disappeared from the criminal dockets. Why? This course will explore the answer to this and like questions by examining America's legal system through the lens of social history. Particular attention will be paid to criminal justice studies and society's concepts of crime, deviance, and social mores. Prerequisite: HIST 203 or HIST 204, or POLS 313, or permission of the instructor. 3 Hrs.

HIST 386 American Capitalism
This course in business and history investigates the origins, dynamics, structures, and trajectories of American capitalism from its birth during the Industrial Revolution of the 1700s until today. While this course focuses on American capitalism as an economic and social system, it also studies the ways in which American capitalism shapes, and is shaped by, the wider American experience. Prerequisite: History 204 or permission of the instructor. 3 Hrs.

HIST 389 Topics in United States History
Topics are announced annually. Prerequisite: HIST 203 or 204 or permission of the instructor. 3 Hrs.

HIST 391 Topics in World History
Topics are announced annually. Prerequisite: HIST 201 or 202 or permission of the instructor. 3 Hrs.

HIST 392 American Women
Derived from primary sources of women themselves, this study examines the central role of women in U.S. history. The study focuses on the period 1830 to the present, with particular attention given to race, region and class. 3 Hrs.

HIST 449 Directed Readings in History
Independent investigation of a topic through a program of directed readings. There will be an interpretive paper and oral examination conducted by department members. Open to majors with a B average in history after departmental approval of the topic. 1, 2, or 3 Hrs.

HIST 450 Independent Study in History
Independent investigation of a topic through the writing of a research paper; oral examination conducted by department members. Open to majors with a B average in history after departmental approval of the topic or project. 1, 2, or 3 Hrs.

HIST 495 Masterworks
Masterworks is the History Department's "capstone" course and is required of all history majors. It is required of senior history majors who will complete their study of history by creating a serious work of historical scholarship. Each student will complete this work under the personal guidance of a member of the Queens history faculty and present this work both to the faculty and to other history students. Prerequisite: Senior history major standing, HIST 300, and permission of the department. 3 Hrs.

HONORS PROGRAM

The Queens University of Charlotte Honors Program provides a high degree of freedom and individual challenge for academically talented and motivated students. To participate in the Honors Program, a student must be enrolled for a minimum of 12 hours and maintain a cumulative grade point average of 3.25 or higher. If a student drops below the required cumulative 3.25 GPA after the registration period, the Registrar will drop the student from the course at the beginning of the term. Students with grades of Incomplete and transfer students in their first semester at Queens are ineligible unless granted special permission from their advisor and the Honors Director.

Honors Courses Students wishing to do independent honors work as a directed reading or study (Honors 250, 350) must submit a written proposal with bibliography to the Honors Director for approval. These proposals are due during the registration period for the term in which they are to be undertaken.

REQUIREMENTS FOR THE COMPLETION OF THE HONORS PROGRAM AND GRADUATION WITH HONORS THESIS ARE:

HONR 110 Freshman Honors Seminar
HONR 210 Sophomore Honors Seminar I
HONR 220 Sophomore Honors Seminar II
HONR 250 Directed Readings (at least 1 hour)
HONR 350 Directed Studies (at least 2 hours)
HONR 400, 491 Honors Thesis

Course Descriptions

HONR 110 Freshman Honors Seminar (Spring)
Team-taught, interdisciplinary seminar introducing students to significant ideas and methods of inquiry in the Arts and Sciences. Specific topics vary from year to year. Topics to be announced the term prior to offering. Material will be suitable for freshmen students. Significant levels of reading and writing will be required. Where possible, seminar will incorporate cultural events in the Charlotte community. Prerequisite: 3.25 grade point average. Graded. 3 Hrs.

HONR 210 Sophomore Honors Seminar I (Fall)
Team-taught, interdisciplinary seminar examining significant ideas and methods of inquiry in the Arts and Sciences. Specific topics vary from year to year. Topics to be announced the term prior to offering. Material will be suitable for sophomore students. Significant levels of reading and writing will be required. Where possible, seminar will incorporate cultural events in the Charlotte community. Prerequisite: 3.25 grade point average and successful completion of HONR 110 or substitute approved by the Honors Director. Graded. 3 Hrs.

HONR 220 Sophomore Honors Seminar II (Spring)
Team-taught, interdisciplinary seminar examining significant ideas and methods of inquiry in the Arts and Sciences. Specific topics vary from year to year. Topics to be announced the term prior to offering. Material will be suitable for sophomore students. Significant levels of reading and writing will be required. Where possible, seminar will incorporate cultural events in the Charlotte community. Prerequisite: 3.25 grade point average and successful completion of HONR 110, HONR 210 or substitute approved by the Honors Director. Graded. 3 Hrs.

HONR 250 Directed Readings
Open to students who have completed at least one semester of work at Queens. Honors 250 provides an opportunity to explore, under supervision of a faculty member, related writings in a field of special interest. No paper is required. An oral examination will be conducted by faculty members selected by the Honors Director. The grade is determined by the faculty examination committee and the supervisor. HONR 250 may be repeated for additional credit. 1, 2, or 3 Hrs.

HONR 350 Directed Study
Open to juniors and seniors. Honors 350 is a detailed study of a topic of special interest, resulting in a final project (usually a paper). The work is completed under the direction of a faculty member with the joint supervision and evaluation of other faculty appointed by the Honors Director. The final project must be submitted to the study supervisor and the evaluation committee, who will then conduct an oral examination of the student. The grade is determined by the evaluation committee and the faculty supervisor. HONR 350 may be repeated for additional credit. 1, 2, or 3 Hrs.

HONR 490, 491 Honors Thesis
These courses are open to seniors who have completed all of the requirements above (HONR 110, 210, 220, 250, 350) or substitutes approved by the Honors Director. This is an opportunity for extended research in a field of special interest, resulting in an extended paper or final project and an oral defense before an examining committee appointed by the Honors Director in consultation with the student and the thesis advisor. A detailed proposal for research must be submitted to the Honors Director no later than April 15 of the student's junior year. The student will appear before the Director shortly after submitting this proposal to discuss the project and receive approval. A grade of K will be assigned for HONR 490 until HONR 491 has been completed. The thesis must be submitted to the examination committee one week before the end of the spring term. The grade is determined by the thesis committee, the thesis advisor, and the chairperson of the department in which the work is completed. The phrase "With Honors Thesis" is printed on the diploma of a student who successfully completes these two courses. Satisfactory completion of HONR 350 (Directed Study) may be submitted for HONR 490 upon the approval of the Director. Such approval is usually contingent upon the existence of a clear connection between the prior research and the Honors Thesis. 1, 2, or 3 Hrs.

INFORMATION SYSTEMS

A major in Information Systems provides the student with a broad liberal education to design and develop information systems for organizations in both the private and public sectors of the economy. The program provides students with both the skills needed for entry-level positions in the information technology (IT) industry as well as a broad perspective on the role and nature of information systems necessary for career advancement in positions of management and leadership.

The Information Systems major allows students to select an area of specialization through the choice of a concentration. Examples include, but are not limited to the following: a student interested in the business applications of Information Systems can choose the Business concentration; a student interested in the graphical design aspects of Information Systems can choose a concentration in Art; a student interested in writing system specifications and user documentation can choose a concentration in English; a student interested in quantitative applications of Information Systems can choose a concentration in Mathematics; a student interested in human-machine interfaces and technology adoption can choose a concentration in Psychology.

REQUIREMENTS FOR THE B.A. DEGREE WITH A MAJOR IN INFORMATION SYSTEMS ARE:

Core:

ISYS 270	Introduction to Information Systems
ISYS 310	Applications Programming I
ISYS 330	Applications Programming II
ISYS 350	Systems Analysis, Design and Implementation
ISYS 370	Database Management Systems
ISYS 410	Networking and Telecommunications
ISYS 450	Project Management and Practice
ISYS 470	Senior System Project
ISYS 490	Current Issues in Computer Information Systems
MATH 105	Finite Math
PHIL 204	Introductory Logic
PSYC 205	Applied Psychology (Human Factors)

Plus two additional information systems electives.

Please note that some information systems courses are offered only at night.

Course Descriptions

ISYS 110 Fundamentals of Microcomputers
This course introduces the fundamentals of the personal computer (PC) with emphasis on the use of the PC to improve personal productivity. Application topics include word processing, spreadsheet, database, presentation graphics and communication software. 3 Hrs.

ISYS 120 Advanced Concepts in Microcomputers
This course provides advanced instruction in personal productivity applications using word processing, spreadsheet, database and presentation graphics software. Prerequisite: ISYS 110 or permission of the department. 3 Hrs.

ISYS 230 Introduction to the Internet
An overview of the Internet from an end-user perspective. Topics include the structure and uses of the Internet, use of web browser software and creating personal web pages. Prerequisite: ISYS 110 and sophomore standing or permission of the department. 3 Hrs.

ISYS 270 Introduction to Information Systems
An overview of the nature and uses of information systems in today's society. Topics range from hardware and software technologies to issues of privacy and ethics. Intended for both IS and non-IS majors. 3 Hrs.

ISYS 310 Applications Programming I
An introduction to software engineering methodologies and the development of software applications using RAD tools. Topics include interface design, structured programming and file input/output. Programming concepts are applied using a current software development environment. Prerequisites: MATH 105 with a minimum grade of C, PHIL 204. 3 Hrs.

ISYS 330 Applications Programming II
Extension of the concepts and skills presented in ISYS 310. Topics include object oriented programming, database connectivity, client-server software development and an overview of software development systems. Programming concepts are applied using a current software development environment. Prerequisite: ISYS 310. 3 Hrs.

ISYS 350 Systems Analysis, Design and Implementation
Concepts, principles tools and techniques of information systems analysis and design. Topics include the role and responsibilities of modern systems analysts. Students will complete a significant systems analysis and design project. Prerequisite: ISYS 310. 3 Hrs.

ISYS 370 Database Management Systems
Design and development of database management systems. Topics include file systems, the relational database model, structured query language and normalization and database design. Students will complete the detailed physical design and implementation of a database system. Prerequisite: ISYS 350. 3 Hrs.

ISYS 410 Networking and Telecommunications
In-depth coverage of telecommunications fundamentals, including voice-video-data for LAN, MAN, and WAN network systems. Topics include data communication and telecommunication concepts, models and standards. Installation, configuration, systems integration and management of the technologies will be practiced. Prerequisite: ISYS 350. 3 Hrs.

ISYS 450 Project Management and Practice
Factors necessary for successful management of major projects. Topics include both the technical and behavioral aspects of project management and the project management body of knowledge (PMBOK). Intended for both Business and IS majors. Prerequisite: ISYS 350 or permission of the department. 3 Hrs.

ISYS 470 Senior System Project
Advanced IS majors engage in and complete the design and implementation of a significant information system. Project management, management of the IS function and systems integration are components of the project experience. Prerequisite: ISYS 350. 3 Hrs.

ISYS 490 Current Issues in Computer Information Systems
An advanced readings course dealing with relevant issues in the IT industry. Topics include current and evolving standards, current and emerging technologies, government regulation, e-commerce, IT workforce management, security, ethics and privacy. Prerequisite: Junior Standing. 3 Hrs.

ISYS 492 Topics in Information Systems
An investigation of specialized areas of computer information systems not covered by other courses. Course topic is announced the semester preceding the offering. Prerequisite: to be determined for each specific course offered. May be repeated for credit with different subtitles. 3 Hrs.

ISYS 495 Directed Reading/Independent Study
A program of directed readings or a research project. Requires approval of the supervising professor and the Dean of the College. Open to senior majors in Information Systems with a GPA of 3.0 in the major. 1-3 Hrs.

INTERDISCIPLINARY STUDIES COURSES

Course Descriptions

IDST 200 Interdisciplinary Studies
An interdisciplinary course examining a major contemporary issue, offered in response to student and faculty interest. Credit as elective only. 3 Hrs.

IDST 300 Interdisciplinary Studies
An interdisciplinary course examining a major contemporary issue, offered in response to student and faculty interest. Credit as elective only. 3 Hrs.

IDST 450 Interdisciplinary Senior Thesis
Designed primarily for students who are engaged in interdisciplinary study at the advanced level. Supervised and evaluated by the student's major advisor and at least one person from another department. Open only to seniors. Students pursuing an honors degree should plan to take Honors 490 instead of Interdisciplinary Thesis 450. 3 Hrs.

INTERDISCIPLINARY MAJORS

American Studies

American Studies is an interdisciplinary major that combines literature, history, political science, art and many other disciplines in an examination of the distinctive character and achievements of American culture. American Studies attempts to trace the historical and cultural threads that link together such figures as Thomas Jefferson and Martin Luther King, Mark Twain and Elvis Presley, or Georgia O'Keefe and the cartoonist Art Spiegelman. American Studies fosters broad-ranging analytical skills and an understanding of the forces that have shaped our society today. It offers broad preparation for a range of different careers, for law school, or for graduate work in literature, history or in American Studies itself.

REQUIREMENTS FOR THE B.A. DEGREE WITH A MAJOR IN AMERICAN STUDIES ARE:

Core:

AMST 201	Introduction to American Studies
HIST 203	American History to 1877
HIST 204	American History since 1877
ENGL 230	Survey of American Literature

Humanities Requirement:
Students must take two 300 or 400 level courses in American history, American literature, or Communication, or Philosophy/Religion courses with an American theme or topic.

Social Science Requirement:
Students must take two social science courses in an American related topic.

Fine Arts Requirement:
Students must take two fine arts courses in an American related topic.
American Studies Requirement:
Students must take American Studies 300: Topics in American Studies at least once.

Capstone Requirement:
Students must take the following sequence of courses:
AMST 496 Senior Thesis Preparation
AMST 497 Senior Thesis

Course Descriptions

AMST 201 Introduction to American Studies
The heart of both our national and individual identities resides in the complex creation of a distinctive American culture: in the television shows we watch, the music we listen to, and the movies we attend. This course serves as an introduction to the American Studies Program by examining the cultural construction of identities, of what it means to be an American today and throughout America's past. Our studies will focus on exposing students to various disciplinary and theoretical frameworks for analyzing cultural expressions and cultural norms, as well as offer an examination of a wide array of cultural mediums, including but not limited to movies, music, television, works of pop and pulp fiction, and other varied cultural ephemera. 3 Hrs.

AMST 300 Topics in American Studies
This course focuses on a variety of different topics within the field of American Studies. Topics and instructors change from year to year. This course may be repeated once, with different topics by American Studies majors.

AMST 350 Pop Culture and the Consumer Ethic in America
In the 1920s, flappers and families dominated American comic strips. In the 1930s, these strips were replaced by Buck Rogers, Dick Tracy, and Batman. Why the change? What does the change tell us about America's transition from the Roaring Twenties to the Great Depression? In this course students will examine such questions, exploring the varied meanings behind expressions of popular culture and what such cultural forms tell us about the period in which they were created. This course will also explore the historical underpinnings behind the rise of mass media, paying specific attention to the interplay between industrialization and mass production and a culture based on the principle of consumption. Students may elect this course as HIST 350. 3 Hrs.

AMST 496, 497 Senior Thesis Preparation, Senior Thesis
During the senior year, a major in American Studies will choose a thesis advisor from among the faculty teaching courses listed in the American Studies major. This advisor will direct the student in an independent study over the course of two semesters, leading to the completion of an interdisciplinary thesis in American Studies in the second semester. At the end of the second semester, the thesis will be evaluated by a committee of three faculty members, including the thesis advisor. This evaluation may include an oral presentation by the student. A grade of K will be assigned for AMST 496 until AMST 497 has been completed. Prerequisite: Senior American Studies major. 1 Hr., 2 Hrs.

Comparative Arts

The comparative arts interdisciplinary major focuses upon interactions among the various arts: visual arts, music, theatre/drama and literature within their cultural contexts. It is directed toward the more academically inclined student, with critical examination of the art forms in relation to religious, philosophical, social and economic conditions.

REQUIREMENTS FOR THE B.A. DEGREE WITH A MAJOR IN COMPARATIVE ARTS ARE:

Introductory courses:
ART 101 Introduction to Art
MUSC 100 Introduction to Music
ENGL 200 Introduction to World Literature
9 Hours

History/Criticism courses: Choose three courses from two areas of visual arts, comparative music, literature, drama/theatre. See approved list of courses below. Courses chosen must be from outside the specialty area. 9 Hours

Cognate courses: Four courses from non-arts areas. See approved list of courses below. 16 Hours

Senior Research:
CART 498 Senior Research. 3 Hours
Plus complete the comparative arts specialty area.
Specialty Area: Student will choose a specialty area from visual arts, music, literature or drama/theatre.

Requirements for the area of specialization:
Four history/criticism courses (at least two courses must be at or above the 300-level) and two studio courses.

Courses for the specialty area will be determined by the Comparative Arts advisor in consultation with appropriate department heads.

HISTORY / CRITICISM COURSES FOR COMPARATIVE ARTS MAJORS

AREA: Art
ART 215 Ancient to Early Renaissance Art
ART 216 High Renaissance Art to the Present Time
ART 307 Art in the United States
ART 315 Art of the Modern Era, 1870 to Present
ART 345 Art and Religion in the West
ART 415 Art Since 1945
ART 407 Topics in Art History

AREA: Music

ENGL 324 Nineteenth Century American Literature
ENGL 326 Modern British Literature
ENGL 327 Modern Drama
ENGL 328 Modern American Literature
ENGL 332 African American Literature
ENGL 333 Southern Literature
ENGL 336 Tragedy
ENGL 337 Comedy
ENGL 350 Contemporary Literature
ENGL 355 Special Studies in Literature: Drama, Fiction, Poetry

COGNATE COURSES FOR COMPARATIVE ARTS MAJORS:

HISTORY

HIST 201 The Emergence of the West
HIST 202 The West in the World
HIST 203 American History to 1877
HIST 204 American History since 1877

PHILOSOPHY / RELIGION

PHIL 203 Introduction to Philosophy
RELG 205 The Old Testament
RELG 206 The New Testament
RELG 210 Introduction to World Religions

These courses have been chosen from the core offerings of the two departments. There are, however, numerous other offerings that students might select, with the approval of the Comparative Arts major advisor, depending upon that student's special interests. An interest in religious art,

for example, would profit from such courses as PHIL 220, Philosophy of Religion, and HIST or RELG 345, Religion in America; an interest in medieval art suggests RELG 230, Ancient and Medieval Western Philosophy, and HIST 305, Medieval History; and for those with geographic orientations, such courses as HIST 332, German History. Those who view the arts within their intellectual frameworks would surely choose HIST 361, Ideas and Values in Conflict. And, indeed, we might discover courses outside the humanities areas, cultural anthropology, sociology, political science, etc., that in special cases would enhance the student's understanding of the arts. The ruling principle in the selection of courses is that flexibility, which enables the student to explore productive avenues, be balanced by control and the assurance, provided by careful advising, that those selections are coherent.

Course Description

CART 498 Senior Research
This course is a critical examination of an inter-arts subject, to be chosen by the student in conjunction with his/her advisor. Prerequisite: Senior standing. 3 Hrs.

INTERNATIONAL STUDIES

**See Political Science*

PHILOSOPHY / RELIGION

Requirements are listed in the Philosophy section.

JOHN BELK INTERNATIONAL PROGRAM STUDIES

Course Descriptions

JBIP 210 Belk International Program Study Tour Preparation
Study of the culture, history, politics, geography, economy, society and language of the area upon which the study tour focuses. Students must make not lower than a C– (an average of 70) in this course in order to be eligible to participate in the JBIP study tour. Open only to students enrolled in the appropriate study tour. Prerequisite to participation in the study tour. Prerequisite: Junior standing and a 2.000 cumulative grade point average. 2 Hrs.

JBIP 220 Belk International Program Study Tour
The opportunity for the student to study and experience a foreign culture through a study tour program arranged by the Belk Program Office and led by Queens faculty. Grading is pass/fail. Prerequisite: JBIP 210. 1, 2, 3 or 4 Hrs.

JBIP 250 Belk International Program Academic Study Tour
The opportunity for the student both to study and to experience a foreign culture through a course which combines a study tour with relevant study of a specific topic or region (its culture, history, politics, geography, economy, society and language). The study tours are arranged by the Belk Program Office and led by Queens faculty.
NOTE: This course is graded. Prerequisites: Junior standing and a 2.000 cumulative grade point average. 3 or 4 Hrs.

JBIP 498 Belk International Program Internship Preparation
Prepares student for professional work experience and cultural experience in a foreign internship site. Study of culture, history, geography, economics, etc., of the area in which the internship will take place. Open only to students selected for the International Internship Program. Prerequisite: Junior standing and a 3.500 cumulative grade point average. Grading is Pass/Fail. 0-3 Hrs.

JBIP 499 International Internship
The opportunity for the student to gain professional and cultural experience while working and living in a foreign country. Internships are arranged by the Belk Program Office and students are required to keep a journal; prepare a report on work duties; do other assignments appropriate to the internship; and interview with the Belk Program Director and faculty upon completion of the internship. Prerequisite: JBIP 498. Grading is Pass/Fail. 6 Hrs.

INTERNSHIPS

To fulfill the internship graduation requirement, a student must complete INTE 297, and INTE 498 and 499. INTE 297, "The World of Work," is a 2 credit hour course which provides the student with a competencies-based approach to understanding the professional world of work. Students also receive help with career assessments, resume writing, interviewing tips, and job search techniques. INTE 498 and 499, Professional Internship I and II, available to juniors and seniors, offer 2 hours of academic credit each. INTE 498 and 499 may be repeated. A student may take up to 12 semester hours of internship, practicum and field experience courses to count toward the 122 hours required for graduation. Students majoring in nursing, education, and music therapy will fulfill the internship requirement (INTE 297, 498 & 499) through practicum experiences in their major.

Course Descriptions

INTE 297 The World of Work
The course begins the career development process through directed professional readings, projects, and discussions. To provide a framework for practical preparation of internships, the course also facilitates self-assessment, acquisition of presentation skills, writing of resumes and cover letters and interviewing practice. This course should normally be taken during the sophomore year. INTE 297 is a prerequisite to the professional internship courses at Queens. 2 Hrs.

INTE 498 Professional Internship I
This course enables students to make a strong connection between theory and practice, study and work. To enroll in INTE 498, students complete and sign a learning contract with a chosen internship site. Requirements include the completion of 86 work hours, reflective papers, and class meetings. This course should normally be taken in the fall semester of the junior year. Grading is Pass/Fail. 2 Hrs.

INTE 499 Professional Internship II
For most students, INTE 499 is a follow up course to INTE 498, completed at the same internship site. Requirements include completion of 86 additional work hours, reflective papers, class meetings, and an oral presentation at the end of the semester. This course should normally be taken at the end of the junior year. Grading is Pass/Fail. 2 Hrs.

LANGUAGE

Course Descriptions

LANG 101, 102 Elementary Foreign Language I & II
Fundamentals of grammar and phonetics, reading, writing and conversation. This course will be offered on a rotating topics basis as demand and faculty with sufficient credentials dictate. Languages that may be offered include Latin, Greek, Hebrew, Japanese, Chinese, Portuguese, Arabic, etc. 3 Hrs., 3 Hrs.

LANG 201, 202 Intermediate Foreign Language I & II
Review and more advanced study of a language with emphasis placed on structure and written and oral use. Introduction to the country's culture. 3 Hrs., 3 Hrs.

MATHEMATICS

It is the nature of mathematics to examine concepts from nearly all areas of thought using a uniquely abstract and deductive approach. Although mathematical investigation often involves the use of expressions which represent numbers, many of the discoveries of the discipline extend beyond the quantitative.

Mathematics competency Upon entry into the College of Arts and Sciences, all students will be required to take a mathematics placement test. On the basis of the placement test results and their previous academic record, students will be placed in one of the following three categories:

Category one: Not required to take mathematics courses as a general university requirement; if student does take a mathematics course, placement is MATH 121 or above.

Category two: Required successful completion of MATH 104 or above.

Category three: Required to successfully complete MATH 104 or above. Completion of MATH 099 is suggested before enrolling in another mathematics course.

Careers The Department of Mathematics offers courses which reflect the general nature of mathematics. The student majoring in mathematics can choose a program which provides preparation for teaching at the secondary school level, continuing the study of mathematics in graduate school or pursuing the many opportunities in interdisciplinary areas such as sociology, psychology and biology. In addition, a rigorous training in mathematics or applied mathematics is excellent intellectual training for a wide variety of careers.

Teacher licensure Students majoring in mathematics may earn licensure to teach on the secondary level (grades 9-12). Refer to the Education Division section of the Catalog for specific requirements.

Writing-intensive course requirement The writing-intensive course requirement is met with MATH 401.

THE REQUIREMENTS FOR THE B.A. DEGREE WITH A MATHEMATICS MAJOR ARE:

Core:

MATH 121 Calculus I
MATH 122 Calculus II
MATH 221 Calculus III
MATH 303 Linear Algebra
MATH 401 Modern Algebra
MATH 405 Probability and Statistics
MATH 415 Real Variables
MATH 496 Senior Seminar Preparation
MATH 497 Senior Seminar

Plus two courses chosen from:

MATH 206 Statistical Method
MATH 209 Discrete Mathematics
MATH 304 Geometry
MATH 311 Differential Equations
MATH 343 Number Theory
MATH 409 Numerical Analysis
MATH 417 Complex Analysis
MATH 430 Topics in Mathematics

Course Descriptions

MATH 099 Basic Mathematics
This is a developmental mathematics course including topics generally found in high school algebra II. Credit for this course may not be used toward graduation. 3 Hrs.

MATH 104 Mathematical Ideas
The course will explore topics selected from number theory, probability theory, topology and set theory. In addition, such areas as logic, modern geometries, chaos theory and fractals may be addressed. Throughout, unifying concepts of investigation, conjecture, counter examples and applications will be stressed. Prerequisite: MATH 099 or satisfactory performance on the mathematics placement test. 3 Hrs.

MATH 105 Finite Mathematics
Systems of equations, matrices, coordinate systems and graphs, and an introduction to linear programming, stochastic matrices, the mathematics of finance, difference equations and mathematical models. Topics are applied to illustrate the uses of finite mathematics in other disciplines. Prerequisite: MATH 099 or satisfactory performance on the mathematics placement test. MATH 105 and MATH 110 may not both be counted towards graduation credit. 3 Hrs.

MATH 110 Quantitative Business Methods
A study of several key topics in mathematics that are applicable to other fields of study. Topics include linear and nonlinear functions, rates of change, mathematical systems, and finding maxima and minima. Emphasis will be placed on critical thinking and problem solving through the study of hypothetical cases and real-world problems. Math 110 and Math 105 may not both be counted toward graduation credit. Prerequisite: Math 099 or satisfactory performance on the mathematics placement exam. 3 Hrs.

MATH 111 Precalculus
Topics will include functions and their graphs, exponential and logarithmic functions, trigonometric functions and equations, the theory of polynomials, systems of equations, sequences and analytic geometry. Prerequisite: MATH 099 or satisfactory performance on the mathematics placement test. 3 Hrs.

MATH 121 Calculus I
An integrated treatment of analytic geometry and limits, continuity of functions, differentiation of algebraic and trigonometric functions, applications of derivatives to extreme values and curve sketching, the fundamental theorems of integral calculus, common integration techniques and applications. Prerequisite: MATH 111 or consent of the mathematics department. 4 Hrs.

MATH 122 Calculus II
The calculus of transcendental functions, indeterminate forms and l'Hopital's rule, improper integrals, infinite sequences and series, further techniques and applications of integration, inverse trigonometric functions, polar coordinates and plane curves. Students will be required to have access to a TI-83 or TI-83 Plus calculator for this course. Prerequisite: MATH 121. 4 Hrs.

MATH 206 Statistical Methods
An introduction to data analysis and statistical concepts. Interpretation and calculations for description of single variables and simple regression, basic probability, random variables, confidence intervals and tests of hypotheses. Students will be required to have access to a TI-83 or TI-83 Plus calculator for this course. 3 Hrs.

MATH 209 Discrete Mathematics
A rigorous treatment of relations, functions, set theory, Boolean algebra, logic and methods of proof, the binomial theorem, combinatorics, elements of number theory and recursion. Pre- or co-requisite: MATH 122. 3 Hrs.

MATH 221 Calculus III
Vector-valued functions, multi-variable functions and their derivatives, multiple integral, alternate coordinate systems, and the theorems of Green and Stokes. Students will be required to have access to a TI-83 or a TI-83 Plus calculator for this course. Prerequisite: MATH 122. 3 Hrs.

MATH 303 Linear Algebra
Coordinate geometry, vectors and three-dimensional geometry, matrices and determinants, linear transformations. Prerequisites: MATH 209, 221. 3 Hrs.

MATH 304 Geometry
Modern approach to the study of Euclidean and non-Euclidean geometries, including incidence and affine geometries; designed especially for students preparing to teach. Prerequisites: MATH 209, 221. 3 Hrs.

MATH 311 Differential Equations
This course is designed to introduce the student to differential equations and their applications. In addition to studying the theoretical aspects of differential equations, students will also examine numerical methods and solutions with the use of the existing computer facilities and software. Prerequisite: MATH 221. 3 Hrs.

MATH 343 Number Theory
The structure of the integers and rational numbers and integer solutions of various types of equations; algorithms and theorems relating to the properties of division, the factorization of integers into primes and the rational approximation of irrational numbers. Prerequisites: MATH 209, 221. 3 Hrs.

MATH 401 Modern Algebra
Introduction to abstract algebra. Topics include basic properties of integers, permutation groups, subgroups, quotient groups, group isomorphisms and homomorphism, rings and ideals. This course fulfills the writing-intensive course requirement. Prerequisite: MATH 303. 4 Hrs.

MATH 405 Introduction to Probability & Mathematical Statistics
Introductory study of probability as a mathematical system. Topics include set theory and probability, conditional probability, random variables and distributions, expectation, and special discrete and continuous probability distributions. Prerequisites: MATH 209, 221. 3 Hrs.

MATH 409 Numerical Analysis
Roots of algebraic and transcendental equations, the numerical solution of differential equations, initial value problems for ordinary differential equations and approximation theory. Prerequisite: MATH 311. 3 Hrs.

MATH 415 Introduction to Real Variable Theory
Careful axiomatic development of the real number system, limits of functions and real sequences, continuity, theory of differentiation and integration. Prerequisite: MATH 209, 221. 3 Hrs.

MATH 417 Introduction to Complex Analysis
Development of the theory of complex numbers and functions, power series, Cauchy's theorem and applications, harmonic functions and conformal mapping. Prerequisite: MATH 415. 3 Hrs.

MATH 430 Topics in Mathematics
This course provides the opportunity for a faculty member and a group of interested students to study a subject that is not offered on a regular basis in the curriculum. Topics are announced annually. May be repeated for credit under different subtitles. May vary with topic. Lecture hours vary with the hours credit and the course taught. Prerequisite: One year of college mathematics. 1, 2, 3 or 4 Hrs.

MATH 450 Independent Studies in Mathematics
Research projects in the area of the student's interest; written report will be required. May be repeated for credit. Prerequisite: Open to advanced students with permission of the instructor. 1, 2 or 3 Hrs.

MATH 496 Senior Seminar Preparation
Each senior will be assigned an advisor from the mathematics faculty, with whose guidance the senior will read in a mathematical area and select the topic for a paper to be written in the spring semester. A grade of K will be assigned for MATH 496 until MATH 497 has been completed. Prerequisite: Senior standing. Fall semester only. 1 Hr.

MATH 497 Senior Seminar
Each senior will complete the paper for which preparatory work was done during the fall semester. The paper will be presented in the senior seminar and a written version of the paper may be housed in the library.
Prerequisite: MATH 496. Spring semester only. 2 Hrs.

MUSIC

The Music Department seeks to provide superior training for students interested in pursuing a professional music career, including preparation for such positions as performer, music therapist or research scholar. It also aims to provide opportunities for persons minoring in music or majoring in other fields to develop special musical abilities in an atmosphere that focuses upon the individual student's abilities, needs and interests. The Music Department feels that it is most important to ensure that all students have the opportunity to become more musically literate and to foster in them a lifelong appreciation for music. The department endeavors to approach all musical learning within the context of the totality of all knowledge, integrating the musical experience with outside learning and knowledge. As a part of its outreach program, it provides private instruction and music therapy sessions to individuals in the community ranging from pre-school to adults in the Queens Music Academy. The Music Department seeks to provide opportunities to hear a variety of live musical performances of superior quality by the entire community involving performances by campus ensembles and individuals as well as groups from the community and professional performing world. Through its contacts with local professional groups, arrangements can be made for students to study any standard orchestral instrument, including those not listed specifically in this section.

Admissions criteria All students must demonstrate suitable proficiency on a primary instrument through a live audition prior to beginning a degree program in music in order that the faculty may consider the potential success of this academic track. Faculty approval for a change in major to music performance after the entering year will be granted/denied through an audition for the degree program.

Transfer Students Transfer students at the junior or senior level will be asked to complete the Sophomore Qualifying Exam. This includes testing in the areas of music history, music theory, sight-singing and applied performance. As a result, the music faculty will notify the student both of any need to refresh their skills in any tested area and will acknowledge sufficient preparation in their musical abilities.

Writing-intensive course requirement The writing-intensive course requirement for the B.A. degree with a major in music or the B.M. degree with an instrumental performance or voice major is met with MUSC 455. The writing-intensive course requirement for the Bachelor of Music degree in applied music is met with MUSC 455. The writing-intensive course requirement for the B.M. degree with a major in music therapy is met with either MUSC 409 or 410.

Sophomore Qualifying Exam After completing four semesters of course work, all majors will be required to demonstrate suitable proficiency and progress in their major. This will include a review of academic progress, a jury exam which will include an oral examination as well as performance, and an assessment of theory and other music skill development. Students must pass this exam in order to remain in good standing in their degree program. In order to enter into the junior level as a music major, students must declare a major instrument.

Major Field Exam During the spring of the senior year, all music majors will be required to take a major field exam in music history and music theory. This exam is for assessment purposes only.

Recitals All students preparing recitals must be approved to present their recital as a result of a pre-recital hearing no less than one month prior to the

scheduled recital date. The jury for this pre-recital hearing must include the applied instructor, the department chair, and one other music faculty member.

Proficiency Requirement All candidates for music degrees should be able to demonstrate basic piano proficiency to include scales, chords, prepared pieces, and if appropriate, accompaniment patterns and sight reading. Upon entering the degree program, those students unable to demonstrate such skills will be expected to fulfill specific piano requirements for their degree program as listed in the Catalog.

Music therapy degree candidates must pass proficiencies in piano, voice, and guitar. All students must enroll in class studies or applied lessons in the appropriate area(s) until proficiency has been achieved.

Instrumental performance and voice major candidates must enroll in class piano or private lessons until proficiency is achieved. All students must be enrolled in at least one ensemble per semester in principal instrument field.

Ensemble Requirement Students are required to be enrolled in one ensemble every semester, and may elect to be enrolled in more than one ensemble per semester. Large ensembles are Chorale (MUSC 187,188), Orchestra (MUSC 179,180) and Band (MUSC 177,178); small ensembles are Chamber Singers (MUSC197,198) and Small Ensemble (MUSC 185,186) for instruments and vocalists (including Wind, Guitar, Piano, Flute, Voice and others). Ensemble requirements for each of the degree programs are listed below. Regardless of when the requirements are met, students must continue to be enrolled in one ensemble each semester. Exception: Music Therapy majors are expected to be enrolled in at least one ensemble for six semesters.

NURSING

The Vail Program of Nursing is accredited by the Commission on Collegiate Nursing Education. Accreditation is an indication of public approbation, attesting to the quality of the educational program and the continued commitment of the sponsoring institution to support the program. For further information about the accreditation of the program, please contact the Commission on Collegiate Nursing Education at the following address: Commission on Collegiate Nursing Education One Dupont Circle, NW, Suite 530, Washington, DC 20036-1120, (202) 887-6791.

This four-year baccalaureate degree program provides opportunities for the development of the professional nurse through courses in the Core Program in the Liberal Arts; social, behavioral and natural sciences; fine arts; and nursing.

High priority is given to academic excellence and clinical experience. Major emphasis is placed on clinical nursing practice in combination with classroom and laboratory instruction. Selected clinical experiences begin in the second year and progress throughout the program.

Students with a variety of backgrounds may be accommodated within the program. Students pursuing nursing for the first time, those with some nursing background and those already licensed to practice nursing (RNs) may all enter the Bachelor of Science in Nursing program.

The program provides an atmosphere in which the individual can develop a personal and professional value system. Pre-licensure graduates are eligible to apply to take the National Council Licensure Examination for Registered Nursing (NCLEX-RN). All graduates are prepared to practice professional nursing in a variety of settings and specialties. The curriculum prepares students for graduate studies in nursing.

Clinical course enrollment The faculty of the Vail Program of Nursing have an academic, legal and ethical responsibility to protect the public and the health care community from unsafe and/or unprofessional nursing practice. It is within this context that prior to beginning each clinical experience, the student must meet clinical course prerequisites as outlined in the Nursing Student Handbook.

Admission to the major Admission to Queens University of Charlotte does not guarantee admission the nursing major. Acceptance to the nursing major is competitive and selective. Acceptance is based on a Queens cumulative grade point average and a prerequisite course grade point average of 2.500 and at least a C- in the theory and lab components of all prerequisite courses. When the number of qualified student applicants exceeds the number that can be admitted, the amount of coursework taken at Queens will take on increased significance.

Application to the major All students must make formal application to the nursing program during the Fall semester in which a minimum of 21 of the 25 prerequisite hours are completed. Application requirements include:

- Non-refundable application fee
- Prerequisite check-list with supporting transcripts

Students can receive specific information about clinical course requirements, admission, and application from their nursing advisor. The Nursing Student Qualifications Committee (NSQC) reviews applications at specified times during the year and notifies students of committee decisions in a timely manner. Application packets are available in the Nursing Office (704 337-2276) and are due on or before October 7.

Degree requirements Candidates for the Bachelor of Science in Nursing degree are required to fulfill all College of Arts and Sciences graduation requirements as well as the requirements for the nursing major. Any request for exceptions to the outlined nursing major requirements are to be sent in writing to the chair of the NSQC. In order to graduate with a degree in nursing, a student must earn at least a C- in all the required courses listed on the next page.

REQUIREMENTS FOR THE NURSING MAJOR FOR PRE-LICENSURE STUDENTS ARE:

Prerequisite courses to the major:
PSYC 201 General Psychology

Information for registered nurses The nursing major at Queens offers a curriculum designed to accommodate the career advancement and the diverse learning needs of RNs. The length of the program will depend upon prior academic preparation and individual scheduling. As with pre-licensure students, all RNs must make formal application to the nursing major after being accepted into Queens University of Charlotte. In addition to meeting the same admission and degree requirements of pre-licensure students, RN requirements include:

1. Copy of current, unrestricted license to practice as an RN in North Carolina.
2. Evidence of current work experience or successful completion of validation examinations.

Specific guidelines for the application process are available through the Vail Program of Nursing.

ECON203 Principles of Macroeconomics

Language requirement:
Six credit hours in a foreign language. For European languages, these six credit hours need to be at the 300 level or above. For East Asian languages, they need to be at the 200 level or above. This requirement may be fulfilled by taking courses at another university approved by Queens University of Charlotte or by the foreign residency.

Area study:
Every student should select a track of study consistent with his/her language study and interests, and take a minimum of 15 credit hours selected from the course offerings. Note that certain courses are required and some courses have prerequisites. Portions may be fulfilled by the foreign residency. European and Developing Countries Tracks are listed on the next page.

Residency:
A student majoring in International Studies fulfills a residency requirement in a location appropriate to the chosen area of concentration. This residency should consist of a summer or semester abroad as approved by the International Studies Advisory Committee (ISAC). The ISAC assists majors in planning for the residency and must approve all proposed residency programs. The ISAC will consult with the student during the residency and, in consultation with the Registrar, will determine the academic credit to be transferred or awarded for the residency when the student returns. Academic credit earned in a foreign residency program may be used to satisfy other requirements in the major. A student may fulfill the residency requirement by participating in one of the following:

1. Any extended language immersion program offered by Queens through the John Belk International Program Office. Current programs are four weeks in duration and offer intermediate and advanced courses in either Spanish or French.
   Students may elect to have additional weeks of language study for an additional supplement. The John Belk International Program Office can help students find immersion programs for other languages subject to the approval of the ISAC.
2. An international internship of not less than nine weeks.
3. A semester or year abroad at Hong Kong Baptist University.

4. A semester or year abroad at a university of the Irish-American Scholar Program in Northern Ireland.
5. A program like those offered by the Council on International Educational Exchange.
6. A program consistent with the student's area and language studies offered by a foreign educational institution.

Course Descriptions

INTS 220 Models of International Studies

This course introduces students to methodologies for studying global issues. It requires a project that utilizes a framework in the student's area of interest and draws on materials introduced in CORE 220. Students are encouraged to take INTS 220 concurrently with CORE 220 (or concurrently with its substitution). Students who have already taken CORE 220 or its equivalent may also register for this course. 3 Hrs.

INTS 303 Topics in International Studies
A rotating topics course that would permit more in-depth studies of a topic, issue or area within international studies. Prerequisite: CORE 220 or permission of instructor. 3 Hrs.

PSYCHOLOGY

The department emphasizes the development of an understanding of factors important in determining behavior. Introductory courses present basic psychological principles; upper-level courses provide opportunities for further work in areas of special interest. Independent study allows the student to design and carry out original research. Internships in community settings enable the student to make practical application of psychological principles.

Careers A major in psychology provides a basis for graduate study in areas of psychology, education, social sciences, social work and law as well as a foundation for careers in personnel, social work, mental health and similar areas.

Writing-intensive course requirement The writing-intensive course requirement is met with PSYC 306.

Concentrations/Pre-Professional Programs

CONCENTRATIONS

Requirements for concentrations are listed on the following pages. In general, a concentration from a different area than the major must be completed. There are a few majors, however, which have a required concentration. Concentrations must be approved by the faculty advisor for the student's major. Only one course may be used to complete both a concentration requirement and another graduation requirement.

A student, in consultation with the faculty advisor and other faculty members, may design his or her own concentration. Forms for this purpose are available in the Office of the Registrar. For approval of a self-designed concentration, a student must submit the completed form which has been signed by the faculty advisor and the heads of all departments with courses involved to the Registrar, who will obtain final approval from the Curriculum Committee and will then notify the student.

PRE-PROFESSIONAL PROGRAMS

The courses listed on page 185 are recommended for students in any major who wish to pursue professional studies after graduation. Students who plan to apply to professional programs should check the admissions requirements for each school to which they might apply.

Master of Fine Arts Program

The Master of Fine Arts degree is the terminal degree for students of creative writing. Though the MFA degree provides students with the necessary academic credentials for careers teaching creative writing at the college level, it should not be regarded solely as a pre-professional degree. Generally, students choose to pursue an MFA first and foremost in order to develop their skills as publishable writers. They are drawn to such programs out of a commitment to their art, a desire for self-enrichment, and the prestige of achieving the degree itself. MFA programs provide students with an opportunity for immersion in a community of writers as they hone their craft through a curriculum of writing workshops in their respective genres (generally fiction, poetry, and creative non-fiction) and academic seminars on the form and theory of those genres. After completing all required classes, an MFA student will submit a creative thesis, a book-length manuscript that is the culmination of the work the student has done over his or her course of study.

The low-residency MFA program at Queens involves four semesters of coursework. Each semester begins with a seven-day on-campus residency, which includes daily workshops, seminars on the craft and profession of writing, and readings. Following the completion of the residency, the students continue their work for the semester through distance learning, which is conducted in online workshops that are limited to no more than four students and a faculty mentor. In the online workshops, each student must complete four required submissions of new work that are circulated to the other students in the workshop and to the instructor; each student is also required to compose formal comments on the work submitted by his or her fellow students.

As a requirement for graduation, under the direction of a thesis advisor, the student will prepare and submit a collection of prose pieces, a collection of poetry, or a novel or nonfiction book for evaluation by the thesis advisor and two other faculty in the candidate's field of writing. The student will offer a public reading excerpted from the thesis during a fifth graduating residency.

Under the direction of a craft advisor, the graduating student must also prepare and submit a proposal for a thirty-minute craft seminar, also to be offered during the graduating residency period. The proposal must include a 2 to 3 page precis of the objectives and procedures of the seminar, an attached bibliography, and required reading list. The student will teach one craft seminar during the graduating residency.

ADMISSION REQUIREMENTS

In order to be considered for admission to the MFA program in creative writing, an applicant must meet the following criteria:

1. Hold a bachelor's degree from an accredited college or university or have equivalent experience practicing creative writing as that experience is reflected in the quality of the prospective student's application portfolio.
2. Submit a completed graduate application form, including a non-refundable $45 application fee.
3. Submit official transcripts from the college or university from which their highest degree was awarded.

4. Submit three copies of a portfolio of creative writing, consisting of approximately 25 pages of fiction or creative nonfiction or 10 pages of poetry.
5. Submit two copies of a one-page, typed, single-spaced essay on the prospective student's reasons for applying to the MFA program and expectations for the program.
6. Provide one letter of academic or professional reference.

FINANCIAL AID APPLICATION

To be considered for need-based financial assistance, a student must meet the following requirements:

- Be admitted to Queens as a degree candidate
- Submit the Free Application for Federal Student Aid (FAFSA). This form is available from the Queens University of Charlotte Office of Student Financial Services or on the Internet at www.fafsa.ed.gov.
- Federal Law requires that financial aid recipients have official tran scripts on file. Therefore, Applicants must submit official transcripts from the college or university from which their highest degree was awarded. Applicants without a Bachelor's or Associate's Degree must submit an official high school transcript.

A copy of the student's (and family's if applicable) federal income tax return, as well as other documentation, may be required for verification purposes. Applications for financial aid should be submitted by students as soon as possible prior to their first term of enrollment. For additional Financial Aid Policies, refer to page 35 of this catalog.

TUITION AND FEES

While the Board of Trustees reserves the right to adjust the fee schedule at Queens at any time, the following basic fees have been established for 2005-2006.

Tuition for January and May 2006	$5,243
3rd and 4th Term Payment for Graduating	$500
Fees (non-refundable)	
Deposit	$250
MFA Application Fee (non-refundable)	$45
MFA Thesis	$25
Late Payment Fee (accrued monthly)	$30
Transcript fee (expedited service only)	$15

PAYMENT INFORMATION

Upon signing the registration form, the student accepts as binding all fees and regulations set forth in the Catalog.

1. Tuition and fees, less financial aid awarded, are due and payable by January 20th and May 20th.
2. Payments are accepted via check, cash, MasterCard or Visa.
3. Credits for most scholarships and financial assistance are divided equally between the fall and spring terms.
4. Overpayments created by financial assistance will only be refunded to the student and/or parent after charges have been payed in full.
5. Students who do not wish to pay in full at the beginning of each term may be interested in the following programs offered by Queens.

a) **Installment Plan** Payment for the January term may be made in three equal installments, with the first due January 20th and then by February 20th and March 20th. Payment for the May term may be made in three equal installments with the first payment payable May 20th, and then by June 20th and July 20th. A late payment penalty is incurred if an installment is not paid by the due date. The University reserves the right to deny participation in this plan to students on the basis of their payment history with the University. Credit card payments may be made by either calling the University Cashier each month or submitting a credit card authorization form monthly. Credit cards will not be automatically processed monthly.

b) **Unsecured Educational Loans** There are a variety of student loans available. For information, visit our website at www.queens.edu/preferredlenders. For students who have applied for a student loan, but the loan has not been approved (guaranteed) by the lender, Queens University of Charlotte requires a payment equaling 1/3 of their tuition and fees, less any other financial assistance, payable by the due date of that term. Credit balances created by loan funds being posted to the student's account will be issued (via check) to the student no later than 14 days after the University receives the money from the lender.

6. Students that submit payments to Queens, for tuition and other related expenses, that are returned by the bank for insufficient funds, stop-payment or closed account, will be assessed a $30 returned check fee.
7. Students are not permitted to attend class until satisfactory arrangements have been made to meet all financial obligations. Continued class attendance is contingent upon maintaining good financial standing with the University throughout the term.
8. Participation in graduation activities and receipt of diplomas, certificates, and transcripts are permitted only when the student's account has been paid in full.
9. Failure to pay by the due date and/or failure to adhere to the terms of the University's payment plans will result in the monthly late fee of $30 per month until the balance has been paid in full. If a delinquent account is referred to a collection agency or attorney, the student agrees that the student will be liable for all attorney fees, court cost and collection fees as allowed by law. The student is responsible for all charges assessed against the student regardless of any arrangements or agreements made with other parties.

WITHDRAWAL AND FINANCIAL OBLIGATIONS

Withdrawal - Academic Ineligibility A student determined by the Student Qualifications Committee to be academically ineligible to return will received a refund if the student has made payments or has a credit balance toward the next term's tuition and fees. Such decisions are made at the end of each term.

Withdrawal - Illness Students who withdraw from all classes during the term as a result of illness will have tuition prorated as of the date of withdrawal, provided the physician recommends withdrawal in a letter to the Registrar's Office.

Withdrawal - Other Reasons Students who withdraw from the University within the first 60% of the term, effectively leaving the University, will have tuition prorated. Withdrawals after this period will not have tuition adjusted.

Withdrawal Involving Financial Assistance If the University determines that a student who is a recipient of financial assistance is due a refund of tuition, all or a portion of a student's assistance will be reversed or returned to the originating source (i.e. a Federal program or loan provider, the state of North Carolina, or an outside scholarship from a school or organization).

The amount to be returned will be determined according to the formula established by federal law. In accordance with federal regulations, Queens will reverse financial assistance on a student's account.

A detailed worksheet of the refund, available in the Office of Student Financial Services, is provided to students upon request.

Financial Assistance As a private institution that places the quality of the educational experience above other considerations, Queens realizes that the cost of attending the university is a matter of overriding importance for many families. Applicants should not hesitate to apply for financial assistance. Queens will attempt to meet the financial need of applicants and welcomes the opportunity to work with students. Although most awards are based on financial need, some aid is based on the academic and leadership abilities of applicants, whether or not they have demonstrated need.

CURRICULUM AND INSTRUCTION

In order to complete the degree, students in the low-residency MFA program will be required to attend five on-campus residencies, complete four semesters of course work, and complete a Master's Thesis comprised of a collection of works written and revised over the course of the program. Residencies are 7 days in length, and mark the outset of each semester. Each student must participate in four such residencies, and then return for a graduating residency, in which the student leads a craft seminar, submits a final thesis draft, and offers a public reading. The specific components of the curriculum are described in more detail below.

MFA students may combine their fourth residency with a graduating residency, but it should be noted that this configuration is especially arduous, and that all fees apply. Students must submit in writing to the Program Director and the On-Campus Director, within one week after the third residency, an email letter stating their preference and justification for this option in order to be considered for this combined fourth residency/graduating residency. An altered thesis submission schedule will be followed in such a configuration.

Residencies Students will attend one writing workshop daily during the on-campus residency, led by a variety of instructors. Each workshop will typically offer students the opportunity to work closely with an established writer and to receive constructive feedback from a group of peers over the course of an intensive week dedicated to creative work. Most workshops are revision-based, and are designed to help students improve their existing work. Faculty will lead in-class discussions of student work and suggest suitable exercises and additional reading to help further advance the students' creative development. Students must make two submissions per residency for critical response by workshop, and be on hand to respond critically to all other student work submitted by the 9 other candidates in their respective field.

Students will attend one craft seminar daily during the on-campus residency, offered by a variety of instructors. In addition, students must file one-page response papers on each of the texts with the seminar instructor prior to attending the residency.

During each residency, all students in a particular graduating cycle will take one gateway seminar offered on alternate days throughout the course of the week. The topics of these gateway seminars, in order of the first through fourth residencies, will be as follows:

- The Art of Reading as a Writer
- The Art of Literary Reviewing
- The Art of Shaping a Book
- The Art of Teaching Creative Writing

On each of the other days of the residency, the students will attend single-day seminars on a variety of topics. Sample topics for these seminars might include the following:

- Thinking the Novel
- Prosody
- Postmodern American Fiction: Craft and Theory
- The Nonfiction Novel
- Memoir and Personal Essay: Distinctions and Commonalities
- Embracing the Difficult: Writing Beyond What Is Comfortable

OnLine Workshops In the interim periods between the on-campus residencies, students will be required to produce four submissions per semester, to be made via electronic mail or regular post, at stipulated dates to both the instructor and the other 2 to 3 students in the online workshop. In poetry, the submissions should be 5 to 10 pages; in prose, the submissions should be 8 to 25 pages (double-spaced).

The other students in the online workshop will also be required to compose formal responses, via electronic mail, to all work submitted by the other students and to send those responses to all members of the distance learning group by a stipulated deadline.

Graduating Residency Under the direction of a thesis advisor, the candidate for graduation will prepare and submit a collection of prose pieces, a collection of poetry, or a novel or nonfiction book for evaluation by the thesis advisor and two other faculty in the candidate's field of writing. The candidate will offer a public reading excerpted from the thesis during the graduating residency.

Under the direction of a craft advisor, the candidate must also prepare and submit a proposal for a thirty-minute craft seminar, to be offered during the graduating residency period. The proposal must include a 2-3 page precis of the objectives and procedures of the seminar, an attached bibliography, and required reading list. Candidate will teach one craft seminar during the graduating residency.

Completion of Requirements and Deferrals Candidates are strongly encouraged to complete the requirements for graduation from the prgram in five consecutive residencies. If the candidate is unable to complete these requirements, a deferral or leave of absence may be granted, and is subject to approval of both the Program Director and the On-Campus Director. All

requests for deferral must be submitted no later than four weeks proir to that semester. While the first such deferral is gratis, any addition deferrals are subject to a deferral fee of $250 per semester deferred. Credit hours expire after four years. The candidate's intent to complete a graduating residency must be declared within 16 weeks of the graduating residency date.

In addition, candidates may combine their fourth residency with a graduating residency, but it should be noted that this configuration is especially arduous, and that all fees apply. Candidates must submit in writing to the Program Director and the On-Campus Director, within one week after the third residency, an email letter stating their preference and justification for this option in order to be considered for this combined fourth residency/graduating residency. An altered thesis submission schedule will be followed in such a configuration.

Postgraduate Options Because a writer's development is always ongoing and always subject to change, the program offers several options beyond the four semester and graduating residency scenario.

First, any MFA candidate in good standing may prolong their study one full semester prior to embarking on preparation for the graduating residency. In this semester, the MFA candidate can choose which gateway and craft seminars to take, and the candidate will respond to them as other candidates and will also participate accordingly in writing workshops.

Second, any MFA degree recipient in good standing may enroll in a postgraduate semester in the same genre, or can apply for admission and be admitted to a postgraduate semester in another genre.

In addition, any MFA degree recipient in good standing may apply for admission and be admitted to a postgraduate program of two or more semesters in another, in order to earn a postgraduate certificate of study. In two or more semesters, the candidate will be required to enroll at Queens and participate in all relevant gateway and craft seminars and writing workshops, and then will embark on preparation for a graduating residency. Upon completion of the thesis in the new genre and the presentation of a craft seminar related to the genre, the MFA degree recipient will earn a postgraduate certificate of study in that genre.

The fees for post-graduate work, both per-semester and for the graduating residency, will be the same as the fees for all MFA students.

GRADING

Because of the inherent difficulty and inevitable subjectivity involved in the evaluation of creative work, all work for the MFA program will be graded on a pass-fail basis.

Any student who does not satisfactorily complete the required number of submissions and formal critiques during a workshop or the required number of response papers during a seminar will receive a failing grade for that part of the program.

GRADUATION REQUIREMENTS

In order to successfully meet the requirements for graduation, students must complete 48 hours of course work. These requirements are broken down as follows:

1) Four workshops in the student's chosen literary genre, worth three credit hours each, with one taken each semester.
2) Four gateway seminars, worth three credit hours each, with one taken during the on-campus residency at the onset of each semester.

3) Twelve craft seminars, worth one credit hour each, with three taken during the on-campus residency at the onset of each semester.
4) Six hours of thesis hours, earned during the third and fourth semesters of the program and awarded upon the completion of the thesis.
5) Six hours of craft seminar preparation, earned during the third and fourth semesters of the program and awarded upon the completion of all degree requirements.

These course requirements are supplemented by the following other graduation requirements:

1) The successful completion of a Master's thesis, comprised of work written and revised over the course of the program.
2) A public reading of work from the thesis.
3) Developing and then successfully teaching a craft seminar for other students in the program.

In keeping with Queens University of Charlotte liberal arts focus, undergraduate elementary education majors complete two planned teaching specialty areas among the following: Language Arts, Science, Social Studies, Mathematics, and Psychology. Undergraduate students pursuing secondary license fulfill the requirements for an academic major in Biology, English, History, Mathematics, Social Studies, French or Spanish. They complete the required education coursework as a concentration. All undergraduate students seeking licensure student teach during the last semester of their senior year.

In addition to the undergraduate program, Queens University of Charlotte offers a Masters of Arts in Teaching (MAT) and secondary licensure in selected academic areas. Please see the Undergraduate catalog or the Hayworth Catalog for additional information.

On both the undergraduate and graduate level, students and professors have close professional relationships. Classes are small; assignments are authentic; technology integration is part of every methods course. All education programs at Queens University of Charlotte require early and frequent field experience in a variety of classrooms in Charlotte Mecklenburg Schools (CMS). Because of the excellence of Queens' reputation, all licensed teachers are currently offered contracts in CMS.
